US WANTS VOLUNTEERS WHO WRITE JAPANESE

The following story has been released by the Military Intelligence Service language school, Savage, Minnesota. It is printed verbatim and is not to be re-published nor quoted in any newspaper or other publication outside of relocation centers.—Ed.

In an effort towards amelioration of its rulings under the Selective Service whereby enlistment of nisei personnel has been suspended since the outbreak of the war, and in response to urgent requests from nisei circles pleading that nisei men of draft age be granted the opportunity to prove their loyalty by enlisting in the armed services of the United States, the War department has now inaugurated a plan whereby such an opportunity is now presented to this qualified nisei personnel.

This opportunity is being extended to nisei who meet the following qualifications, and is open to both single and married men alike:

1. Applicant should have at least a high school education in this country, and must have a fluent command of the English language.

2. He must have an adequate command of the Japanese language, both oral and written. He should have facile use of "Hiragana", "Kata-kana" and a good number of "Kanji", normally used in written Japanese.

3. He must be physically fit for field service.

Men meeting the above qualifications will be given the opportunity of volunteering for enlistment in the United States Army. Recruiting officers will be visiting this center in the immediate future, and further detailed information may be had from them.

Applicants, after passing the regular army physical examinations, will be indoctrated and sent to the Army language school for a further intensive training of six months, and upon completion will be stationed in the area.

FORM 74 REQUIRED

Evacuees who are contemplating on leaving this center for private employment must file application form 74 at the employment office, whether or not they have a specific job in mind, advised Clarence Moore, chief of employment and housing.

The application must be cleared in Washington before an indefinite leave can be issued. Such an advance clearance will prevent unnecessary delay when the evacuee has an immediate prospect of a job.

Said Moore, "Due to the large number of Japanese already in Denver, evacuees should consider jobs in eastern cities."

SANTA ANITA PAY CHECKS

Santa Anita checks covering a period from Aug. 15 to Sept. 15 are now available at the building across the street opposite the fire department according to Delbert E. Love, fiscal accountant.
WOMEN HEAR LINDLEY

Other speakers included Paul J. Terry, superintendent of schools, who in turn introduced Dr. Enoch Dansa, principal of the elementary division; Herbert K. Walker, junior high principal; and Mrs. Lottie E. More, home-making department supervisor. Also present at the meeting was W. Ray Johnson, head of community service.

Heading the Santa Anita aggregation will be Ted Makahata, Woody Osanaka, Dave Matsuzima and Hiroshi Ito. Sebastopol will rely on the famed backfield quartet of Pete Masuoka, Johnny Hikooa, Sam Miyano and Tom Shimasu.

This afternoon, gridiron from Livingston and Modesto will take to the field at 100 playground to settle the 5-6 deadlock of two weeks ago. Modesto is a slight favorite.

Adult Protestant church services will be held at the 100 recreation hall as well as at the 78 recreation hall tomorrow at 10 a.m.

MORE ON VOLUNTARY ARMY ENLISTMENT OF NISEI

(continued from page 1) pletion of the course will be sent out into the field with combat troops. The duties definitely will not be of "cape-pongo" nor "secret agent" type of work. A limited number of students who show special aptitude and temperament for teaching will be retained at school as enlisted instructors with rating of sergeants or better.

Prospective applicants and those interested should try to settle personal affairs so as to be ready to leave this center with their recruiting officers.

The response to this plan for nisei to enlist in the Army will be looked upon as the acid test of whether or not the requests for opportunity to enlist being made through various nisei publics are made in real sincerity backed up with action.

It is the first step in re-appraising the status of nisei under the Selective Service, and the standing and treatment to be accorded to nisei under future changes in the Selective Service, as well as their post-war status, will depend to a great degree on the nisei reaction to this plan which Army officers sympathetic to the nisei have worked out with no small amount of deliberation and trouble expounding the nisei side of the picture with the Selective Service system.

MANAGERS TO PLAN TOUCH GRID LEAGUE

Teams wishing to enter a nine-man touch football league are to send their managers to the 78 recreation hall, announced Koe Yoshida of the recreation staff.

A and B leagues are planned and the managers are to discuss rules and regulations and draw schedules.

INTRAMURAL FOOTBALL

Meanwhile, the girls under the direction of instructors Fumie Machida and Mayme Kishi, are well underway in volleyball at the playground.

MASUOKA IS SPORTS HEAD

Pete Masuoka, former Santa Rosa junior college star athlete, has been named successor to Hilton E. Starr as center high school recreation leader, the education department announced this week.

A traveler, historian, and athlete is Rev. Lester E. Suzuki, chairman of the English division of the Granada Christian church. For six years preceding the evacuation order, Rev. Suzuki was a member of the Los Angeles Japanese Methodist church and helped to construct the first Nisei chapel in the United States.

Rev. Suzuki spent his early childhood in Hawaii and later moved to the mainland. He graduated from San Jose high school in 1927 and was the first Nisei to receive a degree from San Jose State college when he graduated in 1931. During his college years he was a varsity track star.

A year of study at the Iliff School of Theology in Denver and further post graduate work at the Drew Theological seminary in New Jersey followed, and in 1934 and 1935 he received degrees of bachelor of divinity and master of arts from the seminary. His first experience as a full-fledged minister came at Watapo, Wash., in 1935.

In the following year, Rev. Suzuki made a extensive tour throughout the Far East and visited Shanghai, Hongkong, Manila, and many Japanese cities.

Rev. Suzuki has had personal contacts with such renowned men as Bishop Abe, organizer of the Japanese Church of Christ, and Father Divine, idol of millions of negroes.—Suyeo Seko

SUB-OTAGE?

SAN FRANCISCO, Nov. 6—The Japanese "suicide submarine" of Pearl Harbor made its first trip yesterday. The two-man submarine captured, after the attack on Pearl Harbor collided with a Greyhound bus as it was being towed on a truck to the civic center to be placed on exhibition.

At a downtown corner it swung wide and the propeller hit a garbage truck behind a bus window. One woman received minor cuts, according to a recent A.P. story.

MORE MILK MAYBE

The possibility of obtaining larger quantities of bottled pasteurized milk than are now being received daily was reported by Dr. G. A. Duffy, chief medical officer, this week.

However, due to the uncertainty of the plan, a requisition for a larger supply of S.M.A., powdered milk and evaporated milk has been made to supply the babies under a year and a half.

LONG-LOST COUSINS REUNITED

Long-lost cousins are traditional joke characters, but in this case, Meada, 6H-3D, really found his as an indirect result of relocation to Colorado.

It all happened when Kantaro Meada, La Junta hotel proprietor, recently met Masaki Hiriatsuka, a resident of the center, who was on a business trip in that city. Meada asked Hiriatsuka to contact him for any former residents of Otake-machi, Sakii-gun, Hiroshima, Japan, who now live at Amache.

Hiriatsuka's search led him to the apartment of Otsuki Meada. After checking names and dates, Meada discovered that the La Junta hotel man was a cousin from whom he had not heard for the past 30 years.

After an exchange of letters, the cousins are planning a meeting here next week.

At the present time, the work is limited to extractions and fillings, but on completion of the laboratory, all types of dentistry will be possible. We like to go places and see things, but can't; so the next best is to hear about them. Ace is 22, five feet, three inches, and would like to correspond with boys and girls between the ages of 16 to 22. Rusty is 13 and five feet, two inches, and would also like to correspond with boys and girls between the ages of 16 to 18.

Will exchange snaps with everyone who writes, so come on, sling some ink our way. We'll be waiting.
