STUDENTS FILL PROJECT POSTS DURING YOUTH WEEK

Learning by actual experience, Butte and Canal High School students, in observance of National Youth Week are taking the places of their elders, testing for one day the places which they will occupy in the future.

Canal High School students elected Richard Inoue to take the place of W.C. Sawyer, acting Deputy Project Director for City Government Day. Heading the Community Service Division is Joseph Kersasaki while Joe Kuri will hold the title of Canal High principal. Other students have been chosen to fulfill various administrative offices for the day. City Government Day has been set aside to emphasize the responsibilities of youth.

Thursday a baby contest will be sponsored by the Canal Elementary P.T.A. in conjunction with the P.T.A. "This contest is held to stress the importance of developing good health and acquaint the public with agencies which are serving this purpose," says Helen Higashi, chairman. In the afternoon, a panel discussion on the different phases of relocation will be held in the Christian Church.

Y.M.C.A. Plans Summer Camp

Rivers boys from the ages of nine to high school inclusive may be given the opportunity to spend ten days at a Y.M.C.A. summer camp situated near Prescott, Arizona, revealed J.V. Root, executive of the Maricopa County Y.M.C.A. Plans are being arranged now, but as yet nothing definite has been decided.

The camp is equipped

FORMER SANTA MARA, including those of 2 1/2 room homes, Arroyo Grande, Shadley, who filled WRA Form 83 and those having property in this area must fill Form 155 or 155a by Friday noon, May 7, at 63-5, Evacuee Property Office, open Wednesday and Thursday evenings, 7:30 to 9:00. 

WADA'S LOST SINCE SAT.

BENNETT CALLS ALL-OUT SEARCH NEIGHBORING TOWNS INFORMED

Searching parties will make another attempt to find Otomotau Wada of 63-14-5, who has been missing since 2:30 p.m., Saturday, May 1.

Roy Bennett, Project Director, has asked that all but the essential operations on the project cease in order that all may join in the search. Carrying out the plans made last night at the Block-Manager meeting, 20 to 30 volunteers from each block set out this morning in search of Wada. Trucks drove the volunteers to specified areas, forming a large circle with a 5 mile radius, parties walking in, closing in the circle. The search will end with the reaching of the boundary of the center, since the territory inside has already been covered thoroughly.

"We are fortunate in having a project director who would close the whole project operations to search for one man."

Two private airplanes have joined the search, taking off from Williams Field.

WADA'S DESCRIPTION

 Authorities in Arizona and Southern California have been notified by radio and telephone to be on the lookout for Wada. He is described as 75 yrs. old, 5'7", 160 lbs., white.

CONCERT: BUTTE AMPHITHEATER JONITE
**Editorial**

**RELOCATION IS YOURS**

The subject of relocation is again being brought to our attention. A list of all the various relocation centers are gradually grasping the chance to resettlement. The chance is now being offered to you. Where does this constant posturing lead to? ---------

No where. We must consider our future, our posterity and our duty! The time that once distorted the privilege of leading a normal life is now opened. The key to our solution is relocation. Camps merely stretch the space between ourselves and the outside world. Relocation unites.

Hardships? Of course, things are not served on silver platters, fortunes do not hang on trees, and social standing cannot be bought. No! Hardships, sweat, and toil are the sources of the sweet victory.

**GENERATIONS TO COME**

To must strive to pave the road not only for us but for generations to come. Let us uphold the reputation that we have built up as farmers, doctors, lawyers, business men and others. We are here for a cause and we must not let down the hopes of our futures. It was tough -yes it was tough when we were placed in these centers, but we must not lay our hands down and give up. Why let one incident mar the dreams and futures which we had? Take it in full stride. Relocation shall help fulfill the dreams of yesterday.

---

**STUDENTS LEARN DEMOCRACY**

Today, the boys and girls of the entire nation are taking their places, confident that they can fulfill their positions as leaders of tomorrow.

Realizing that fact, the Butte and Canal High School students are taking over various positions that govern this cent. The practice of "Ways of Democracy" will be promoted by the students with emphasis on:

1. developing the potentialities of youth.
2. acquainting public with local boys and girls work.
3. emphasizing the importance of the home, church and school.
4. emphasizing the responsibilities of youth citizenship.

**WR CENTER TRADE WINDS**

Tomoe Uchi

"Imagine! No horror whatsoever. Stacks of castles from the hands fattened on the project were to replenish the nearly exhausted supply of beer at the commissary ware house. Tula Lake, California.

To acquaint themselves with the evacuees, several graduates of a nearby city made a visit here. Don't we all wish we were the visitors instead of the evacuees.

Tulare, California

Plains, poppies, and such! The center carnival is to be sponsored by the junior clubs. Some Harry-go-round is out.

Atache, Colorado

See ambitious people with all the resident black in a center-wide clean-up campaign. This camp will be a pride and joy.

Dibson, Arkansas

For all little's who are itching to get back to school, defense training courses including auto mechanics, woodworking, and training for other essential jobs will be offered.

Minidoka, Idaho

Plans for a J. C. L. chapter will probably be abandoned because the membership drive was upset by the recent army recruiting.

**POSTPONED**

Regular S.G.S. council meeting will be postponed to next Tuesday, due to activities of the Boys and Girls Club.

**Ultal Statistics**

**BIRTH**

May 3

To Mr. and Mrs. Masao Kaiskow, 47-4 a boy.

**DEATH**

May 3

Mihara Taketaro 54-4-A
