      1940-      THE GROVE

The spirit of progress, always the animating temper of past generations of students at O. C. E., has been particularly evident throughout the present school year in the inauguration of various projects. Thus it is fitting that this book—the record of the school year, 1939-1940—adopt as its theme PROGRESS.

The Grove

First, a small white church in a barren clearing where Campbell Hall now stands. Then, strong fir saplings were gathered from surrounding hills by unnamed members of the congregation and carefully nurtured until, thriving, they became THE GROVE that watches the pageant history of our college, unfolding.

RECENT plant additions, curriculum extensions, and change of name mean actual progress only as they reflect themselves in campus life through heightened school spirit, increased student activity, and, in a school such as ours, in advanced professional standards. These evidences of progress of the highest type are here in abundant measure. The many elements, long in the making, that have reached their culmination during this year of 1939-40 have made of it distinctly a year of progress; a year that seems destined to open a new epoch in the history of our fine old school.

Forward march! How well we all remember the days when that order came to urge us to orderliness and return to the classroom! "Forward march" again is the order of the day for the Oregon College of Education and significant it is that this splendid yearbook is dedicated to PROGRESS.

HELEN C. ANDERSON
Dean of Women

Miss Trotter

Miss Clara Augusta Trotter, in spite of carrying the responsibility as Director of Training in three training schools, with all the attendant subdivisions of duty, remains sympathetic, stimulating, and helpful. The secret is that teaching is to Miss Trotter one of the fine arts.
Associated Students

Although the Association of Students of Oregon College of Education is only one year old, we have an organization whose foundation is built of tradition and valuable experience passed down to us through years of operation. As the years have gone, new ideas have been formulated and put into use.

This, our first year as a college, has been no exception. We have a new curriculum, a new administration, a new class. Adjustments have been made to integrate these new developments into a smoothly functioning student government. Our only hope is that these adjustments may prove valuable in years to come so that we may feel that we have done our part in the development of a more perfect democracy within our school.

HARVEY WILLIAMS, Student Body President

Student Council

With a new form of government not previously used, the student council has functioned much more effectively this year. The commissioner type of administration was used. Commissioners were: Virginia Craven, Social; Irvin Mead, Clubs; Juunita Harrington, Entertainment; Glenn Anderson, Boys’ Athletics; Edith Svendsen, Girls’ Athletics; Bob Cole, Publications; Betty Doris Kirk, Publicity; Harvey Williams, Jean Appleberry, and Mr. Ellis Stebbins, Finance; Dexter McCarty as president of the student council, and the other council members, Morton J. Howard, Pauline Stein, Ray Williamson, Margery Buck, and Earl Tuthill acted as committee chairmen when needed. Mr. Delmar Dewey, Mr. Alfred Cox, and Mr. Ellis Stebbins were advisors.
Associated Women Students

The library of the Oregon College of Education occupies the north wing of Campbell Hall. It contains more than 25,000 volumes and has a yearly circulation of 113,719 volumes.

The college library gives to the students unusual advantages for investigation in educational, professional, scientific matters, in current events, and in literature. It contains probably the most interesting and valuable collection of posters to be found in any library on the Pacific coast. The Model Library of children's books which is one of the finest in the Northwest, offers special advantages to students organizing material for practice teaching. Supplementary libraries of children's books have been located in the training schools at Monmouth and at Independence and are under the supervision of the college librarian.

Omicron Pi Omega is a social organization for mature women students, most of whom are experienced teachers. The membership is greatly increased during the summer terms because of the large number of students returning to the campus and others registering here for the first time for advanced professional work.

Several social affairs are planned and enjoyed each term of the school year. These are often made more pleasurable through the gracious hospitality of various members of the faculty.

OFFICERS
Editor

JOSEPH HALL
ELMON LENTZ

Each Monday during this year, a news-packed issue of the Lamron has been distributed to student body members of the Oregon College of Education. Responsibility for the publication of this year’s bigger and better Lamron rested upon the shoulders of editor Joe Hall, who succeeded Brad Dodson after the latter’s resignation, and business manager Al Lentz.

Assisting Hall and Lentz was an exceptionally capable business and reportorial staff which featured such writers as J. Byron Adams, only known male society editor in a college where the ratio is three girls to one boy; Jerry Heaton, known for her “Jabberings”; Ad lib pertinence Paul Munsell, whose sage advice was read by 99 44-100% of the student body; and Carl Bond, truth telling Sports editor and columnist.

Other members of the staff who contributed to the Lamron’s success were: Stan Tornbom, Bill West, Laura Hedine, Walt Vincent, Helen Elliott, Sue Richardson, Lynn Leahy, Lenora Jensen, Hope Creighton, Harryette Whitfield, Joe Mahar, Lillian Dahl, Marge McLean, Don Santee, Eleanor Becktel, Helen Sandberg, Marie West, Jeanne Appleberry, Dorothy Huford, Daisy Minton, Ralph Spence, Lorel Bridge, Bob Tedd, Irene Cibart, Mary Wolf, Virginia Craven, Beulah Frantz, Norma Sorseth, Edith Svenson, Evelyn Treacy, Juanita Harrington, Marie Farr, June Felder, Louise Stubblebine, Al Neet, Palmer Ward, Helen Funderburgh, Bernice Wilder, Audrey Matson, and Eleanor Beckley.

Mrs. Faith Kimball Black, Miss Eloise Buck, and Miss Edna Mingus, worked whole-heartedly with the group in an advisory capacity.

Orchestra

To Miss Marie Mitchell goes the credit of having an O. C. E. orchestra that deserves recognition. This orchestra is composed not only of students, but of faculty members, too. The orchestra and choir gave an outstanding concert, winter term, that was enjoyed by many. The orchestra gives those students with musical talent a chance for fame and maybe fortune. Who knows, in the future one of the members of this group may receive great acclaim.

The Nelson Hall girls have been prominent in dramatics, sports, music, and social activities this year.

Each term the house sponsors a formal for the girls and their friends. The fall formal was lovely with an autumn scene as its theme. An imitation Roosevelt Birthday ball made the winter formal an outstanding event.

Open house is held one Sunday each month for faculty and friends.

Chorus

The chorus is composed of thirty-five women students who sing only three-part music. As in the choir, members are chosen after try-outs.

Assisted by the string quartet, the chorus presented special music at Christmas time. At this time they used their new Crimson and Grey robes.

Chorus contributes frequently to assemblies with the aid of their director, Mrs. Florence Hutchinson, and their accompanist, Miss Marjorie Buck.

Choir

The A Capella choir, ably directed by Mrs. Florence Hutchinson, is composed of both men and women students and is limited to a membership of thirty-six. Students joining the choir receive no credit; they join for the value, fun, and love for singing.

The choir sings both sacred and secular music. In the fall term they gave their annual Christmas Vesper Service and during the winter term presented a concert with the assistance of the orchestra.

Our Sports
Varsity "O"

The Varsity "O," the men's letterman club of the campus, whose main aim is to promote the sports of the school, has at the present time, nineteen members. It has as its president, Anthol Riney, with Everett Meeker as vice-president and Richard Cantrell as secretary-treasurer.

Activities of the spring term were an annual dance and a smoker. The money from these was put in a fund for a trophy case for the athletic awards won by the school.

Al Cox's Bit

In our modern world it is important that everyone learn some leisure time activities. Games are particularly satisfying in this respect because they are helpful in maintaining good health for the individual as well as in furnishing enjoyment. O.C.E. offers a good variety of game facilities, and the students enthusiastically make use of them. Memories of many pleasant hours of recreation are recorded in the Grove.

Athletic teams give an opportunity for those with special abilities to compete with others in sports. The teams have had a good year marked by outstanding improvement in skills as the season progressed, a deeper appreciation of the value of teamwork, and the learning of lessons in sportsmanship that will stay with the players throughout their lives.

It has been a pleasure to help in the development of these teams and to further the recreational program of O.C.E.
Football

At the beginning of the 1940 grid season, 40 men answered the first call. But all were green to college competition except for six returning lettermen and several 1939 reserves. The tough problem that confronted Coach Cox was how to pick and weld a winning combination out of this galaxy of green material. Though not so successful at first, the Wolves kept constantly improving until, at the termination of the season, they tipped the highly vaunted Mountaineers from Eastern Oregon College of Education, 20 to 6 in the annual homecoming game.

Cox's small squad was constantly hampered by injuries and inadequate training facilities, but nevertheless the Wolves compiled a marvelous record, and show indication next year of being one of the outstanding eevens in Northwest Teachers' colleges.

Anthol Riney was voted the outstanding and most valuable player by his teammates and was awarded the President's cup at the annual football banquet.

Those receiving football awards this year were: Anthol Riney, Jason Miller, Hilo Hankel, Bill Emigh, Lou Mason, Harry Johnson, Leonard Wiehrdt, Ted Barnes, Don Gigler, Bob Cole, Bill Byers, and Myron Vleck.

Basketball

The 1940 basketball season opened with the problem of building a new team to defend the Oregon Intercollegiate Championship title which was won by the O.C.E. Wolves in 1939. On hand were only big Jake Miller and Claude O'Connell of last year's quintet and a few of 1939 reserves, plus a swarm of newcomers. At first the Wolves started slowly and not always in the win column but when midseason rolled around they began a phenomenal streak of wins coming out victorious in seven of the last nine games of the season.

The Wolves played Multnomah College (Northwest Junior College champions) winning 44 to 39 to enter the Intercollegiate tournament held at the University of Portland. The Wolves won the first game from Albany College but lost to Eastern Oregon College of Education by a small margin in the semi-finals.

Lettermen for the 1940 season were: Claude O'Connell, Jason Miller, Charles Shaw, Myron Vicek, Henry Mascall, Bob Willis, Ruben Selstad.
Baseball

The 1940 baseball season shows indications of being a very successful one. The Wolves have a nine-team game schedule facing them this year, but with all the promising material that is out and the seven returning lettermen, around whom Coach Cox can weld his 1940 nine, the season’s outlook is very encouraging.

Returning lettermen are: Jason Miller, pitcher; Miland Aubin, first base; Anthol Riney, first base; Bud Tuthill, shortstop; Claude O’Connell, third base; Kenneth Horner and Carl Sedlak, outfielders.

Track

Coach Oscar Christensen seems very optimistic about the 1940 track season. He is well justified in this because of the bevy of returning lettermen and flock of new material which is very promising.

Of the returning lettermen, Chet Hogan, veteran high jumper and pole vaulter, is probably the outstanding performer. Also others who have made enviable records in the past are Tom Gerty, high jumper, “Ricky” Cantrell and Sterling Jensen, veteran relay man and distance men; Bill Emigh and Lou Mason, weight men.

Freshman Basketball

In order that more students might participate in athletics, Coach Cox organized freshman basketball. In the two years that it has been on the sports' calendar it has been a highly successful activity.

This year, under the capable guidance of Anthol Riney, the Rooks won fourteen out of seventeen scheduled games. This is the most successful season enjoyed by Rook teams so far. Coach Riney's proteges in winning these seventeen games defeated some of the outstanding high schools in this part of the state.

This sport furnished ample opportunity for all freshmen to learn the game and participate in competitive contests. Out of the 1940 Rooks, aspirants have been developed under the able guidance of Coach Riney, and next year they will be an asset to the varsity.

Members of the Frosh team were: Melrose Maudling, Walter Jaross, Bill Rush, Joe Mahar, John Key, Bill Byers, and Ollie Winfrey.

Intra-Mural

This year under the supervision of Coach Cox, Oregon College of Education has enjoyed a very successful season of intramural sports. This included six-man football, eleven-man football, basketball, tennis, handball, badminton, track, and baseball. Intramural sports are outlined to furnish an opportunity for every student to participate in, understand, and appreciate.

Six-man football, under Claude O'Connell, was a very successful venture and was well accepted by everybody. This game is at its infancy but is the outlet to a sports program in small schools.

Eleven-man football, under the guidance of Ross Graham, turned out some likely varsity material which will probably do honor next year for the Crimson and Grey.

Intramural basketball afforded a highly interesting schedule as six picked teams did battle for the school championship. The final outcome of the schedule was a three-way tie in which no definite winner could be picked out. Anthol Riney was the guiding factor in this sport.

The handball championship was won by Leonard Purvis and Louis Graven.
Girls' Tennis

At present the Wolvettes are preparing for the 1940 tennis season. The 1940 feminine racket wielders look very good and anticipate a very successful season. Co-coaches, Frabricius and Lautenbach, have four letterettes on hand and several promising newcomers. The four letterettes, who will form the nucleus of this year's team are Mildred Thomas, Helen Blanchard, Elsie Houghtaling, and June Russell.

Hiking

Kipling's "Slug, Slug, Slugging over Africa" might have been the walking song of the hiking division of the W.A.A. on one of its five-mile stretches. By hiking fifty miles in either spring or fall term, members of W.A.A. are entitled to fifty points. Anita Davidson, head of hiking, supervised the brisk jaunts which were especially welcome and stimulating after a day's classes.

Betty Siestrum, Elsie Noble, Clara Hatcher, Jean Sandblast, Bernice Wilder, Anita Davidson, Capitola Kroenlein and Dorothy Hufford trekked faithfully to the goal.

Folk Dancing

Folk dancing, a branch of W.A.A., of which Juanita Harrington is head, not only brings the girls together for pleasant hours of fun and frolic, but also serves as a means by which W.A.A. is able to revive and carry on the intricate steps and rhythms of old folk dances and songs of past generations.

Etta Bailey, Juanita Harrington, Anita Davidson, Eva Davidson, Virginia Harris, Laura Morris, Capitola Kroenlein, and Dorothy Hufford successfully performed the dances.

Demonstrating the integrity of its allegiance to the student body organization, the Women's Athletic Association not only entertained the student body royally with frequent "Play Nights," evenings packed with hilarious games and romps in the Physical Education Building, but it also offered a wide range and variety of activities to insure ample opportunity for participation and interest by all women students.

As an aim, the association has set the goal of sportsmanship and leadership in addition to the promotion of skill and interest in athletics for women students.

Order of the "O," honorary degree and branch of W.A.A., is open to all girls who have earned at least 250 points. Upon being chosen for membership in this organization, each girl is awarded a crimson and gray letter. The highest honorary award is a white sweater with a large crimson and gray letter.

Present membership consists of: Elsie Houghtaling, Helen Blanchard, Eva Davidson, Mary Barber, Eileen Barber, June Russel, Juanita Harrington, Mildred Thomas, Teresa McClellan, Elsie Knope, Muriel Nohtiger, Helen Goodknecht, and Dorothy Hufford.

Faculty advisers: Miss Helen Fabricsius and Miss Ruth Lautenbach.
Volley Ball

The women's volleyball championship game resulted in a forty-one to sixteen victory for the Seniors. Although the Juniors started out strong, they were unable to cope with the superior skill and teamwork of the Seniors. The winner of the house tournaments was the Independent 'B' team and the runner-up was the Power House team.

SENIOR TEAM: Mildred Thomas, Elsie Houghtaling, Audrey Coyle, Helen Blanchard, Anita Davidson, Eva Davidson, June Russel, and Dorothy Hufford. Substitutes—Florence Camp and Eileen Barber.

Tumbling

ROOKIE: "Tumble? Sure, I wanna tumble. What have I gotta do?"

SENIOR: "Well, Elsie Houghtaling, head of tumbling says the only requirement is a somersault and W.A.A. membership. But take a tip—a weak mind and strong back will help considerably."

ROOKIE: "What d'ya mean—weak mind and—?"

SENIOR: "A weak mind will perhaps allay the agony of the first few practices until the strong back asserts itself so that you are able to carry on through three fourths of the scheduled practices to the grand finale—participation in a public program."

ROOKIE: (Doubtfully) "Has anybody come out alive?"

SENIOR: "Why sure. Barbara Ruef, Winona Johnson, Alma Penrod, Esther Conner, Virginia Harris, Elsie Houghtaling, and Carrie Hendrickson are old veterans at it now."

The members of the class of 1940 are destined soon to leave these venerable halls and go out into the field of teaching. They are completing the goal of their educational endeavor; and with eight terms of book-lore instilled by worthy instructors, they are going into the world alone.

Members of the senior class have been especially active as individuals this year, admirably functioning as executive officers in the various student organizations on the campus and in student body offices.

As the most influential members of the student body, the seniors have been largely responsible for the smooth functioning of the student government and activities this year. Their outstanding achievement for the year was the fall formal which was acclaimed unusually successful by the large attendance.

With the utmost confidence in their future success this year's senior class bequeaths its responsibilities to the class of 1941.
According to tradition the junior class again sponsored the Homecoming dance during fall term.

During winter term, besides sponsoring the Registration dance, a committee was appointed to draw up the rules and regulations concerning the wearing of the freshmen ribbons and beanies. A kangaroo court, at which Judge Ross Graham ably sentenced those freshmen guilty of disobeying the rules, supplied entertainment for both classes.

Spring term the juniors were co-sponsors for a dance in honor of the freshmen the day their beanies and ribbons are discarded.

Freshmen

The first freshmen class of O.C.E. recorded as the first event of its history the building of the largest homecoming bonfire yet constructed. Piloted under the able direction of Mr. Oscar Christensen and Mrs. Hazel Kirk Blackerby, the frosh continued to uphold this standard when they presented a dance with the theme: “Music Hath Charm.”

The freshmen have many members who promise to be prominent in school activities.

E. Miller
HARVEY WILLIAMS is a popular young man, who heads the Associated Student Body. His value to the campus has been decidedly worthwhile.

The president of the senior class, LEO BLODGETT, has been an inspiration to his fellow classmates. He has made the class outstanding in many ways.

JUANITA HARRINGTON is the dark-haired lass, who edited "The Grove" this year. She has put forth every effort to make it an outstanding success.

ERVIN MEAD has done such a complete piece of work as club commissioner of the Student Council, that there are not enough words to express his success.

A wholesome personality and a friendly smile has helped make JEAN APPLEBERRY a successful student body secretary for this school year of 1939 and 1940.

A campus favorite for fun and frolic best describes ED MILLER, who served as president of the Wolf Knights this year.

LENORA JENSEN, president of Staff and Key, is a familiar person on the campus. Her initiative will be missed next year.

A personality plus, a willing worker, and black wavy hair all account for the fact that "RICKY" CANTRELL is a favorite on the campus.

These eight students were chosen by the student body in an election, to receive credit for their outstanding work on the campus. All their accomplishments are not listed in the short paragraphs about them; for further information concerning their activities, turn to the senior activities section.

Campus Integration Questionaire

This is a scientific personality test that has been carefully compiled and standardized according to light gleaned from the Applied Mental Hygiene and Tests and Measurement classes. Sufficient cogitation should be given each question to insure a reliable answer which is necessary to achieve the coefficient of correlation between yourself and the ideally well-poised, cosmopolitan personality. The key will be found at the end of the questionnaire.

I. If you were walking through the Grove and chanced to see Mr. Stanbrough swinging from a limb and emitting a Tarzan cry, you would:
   A. Run to the nearest fire alarm box.
   B. Wire flowers.

---

KEY

If you have more A's than B's or C's, you have an A type of personality, while if there are more B's checked than A's or C's you are type B. If the majority are C's then you possess the C personality.

A Personality: very well integrated
B Personality: very well integrated
C Personality: very well integrated

The value of this test is that regardless of how you react to each abstract situation, your answer shows you to be a well adjusted person. This serves to prevent deflation of ego and makes you even more fully integrated than you were before taking the test. Nice?

School annuals for many years, both high school and college, have been "going places" with the production services of the Beaver Engraving Company.

Modern, up-to-the-minute layouts, economically planned, along with quality printing plates, go hand in hand as important services of our school annual department. "Go places next year with Beaver production services."

The above illustration was reproduced by the new, patented, Fluorographic highlight halftone process. This process was developed primarily for Esquire magazine and is used in Oregon by the Beaver Engraving Company.
