Cumulative Confirmed Cases per 10,000 in Oregon,
by Race/Ethnicity, as of July 26th, 2020

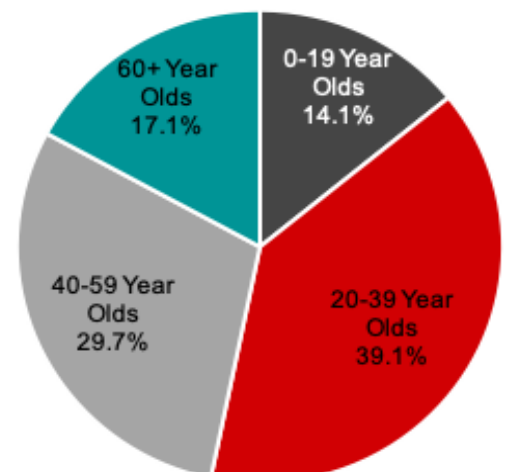

Headlines: Oregon

- **As of July 24th:** Children age 5 and up are required to wear a mask, face shield or face covering. [Face coverings](#) are now required when exercising indoors, plus outdoors when you can't physically distance.

- **July 23rd:** The Oregon Health Authority (OHA) announced that \$9.4 million in CARES Act funds will be provided more than [170 Oregon Community Based Organizations](#), including the WOU Foundation, to help respond to COVID-19.

- **[Testing Locator](#):** OHA has partnered with Google to help individuals find local information about where testing is available. By entering an address, ZIP code, or city, a list of available nearby testing locations is automatically populated. This location system is offered in both English and Spanish and provides information regarding symptoms, costs, and interpreting test results.
