Paper Presenter Instructions

Congratulations! Reading a scholarly paper before a group of your peers is a big step in your career. It marks an important juncture on the road taking you from being a history student to being a professional historian. Members of Phi Alpha Theta pride themselves in providing a professional yet friendly venue for you to present your historical scholarship. Please read and follow these tips for student paper presenters:

All papers should be 10 pages in length to insure a 20 minute reading time @ 2 minutes per page.

All paper panels will take place at the Benson Hotel in downtown Portland. Check the conference program for the time and location of your panel. Please arrive 15 minutes early and locate your panel Chair and Commentator and fellow presenters to become acquainted with one another. Then sit in the front row or at your panel table with your fellow readers until you are introduced to read your paper. You will read in the order your name appears in the printed program.

Practice reading your paper prior to the conference. Remember to project your voice, enunciate your words, and use eye contact to establish rapport with your audience. If you do go over time, your Chair will ask you to stop. When you are finished, please be seated and await the next paper presenter or your Commentator.

Your Commentator will be a professional historian holding a Ph.D. degree and possessing general expertise in your area of study. She or he will review all of the papers in your session, offering friendly advice, criticisms, and praise re your: (1) topic of research; (2) primary and secondary sources; (3) prose and analysis; and (4) oral presentation skills. You will have the opportunity to respond to the Commentator's remarks if you so wish. Additionally, the audience will join in with their own questions about your research. Then the Chair will adjourn your panel.

Following the panel, relax! You have now entered the ranks of professional historians! Congratulations on having read a paper at the Phi Alpha Theta Northwest Regional Conference!
