Open till ten back stage pizza is where it's at

Hang out with your friends and get your food stat

Oh you know you're in college when you call your dorm room home

Sharing a closet sized space and the walls feel like foam

Get involved, mix it up, and join a club or two

MSU, Mecha, ASL, and poetry, just to name a few

Release some tension and relax for a while

Go to the health center, lift or run an extra mile

Rock climbing, yoga, swimming; there are easy ways to stay hearty

Work out with a group, after you party

Meet new people, socialize, and find a friend

Be yourself have fun there's no need to pretend

This is a time of making memories, friends, and getting some knowledge

Don't miss the experience: go to college

Oh college experience at WOU how we love you let us count the ways
We love you when we stay inside, studying on warm sunny days
Even how presentations like these take most our free time we still love
you so much
As we write about our teachers, educational programs and such
College experience allows us to enjoy our youth
Enhance our skills; write on our resumes, depicting some proof
When we decide what event to attend, a new one each day
To learn and experience; watch the athletes as they play

Even enjoying this college experience as we sit still in class
Taking notes repeatedly, study, and pray that we pass
We try our hardest to focus understand and learn
But our adolescent minds tire with every text book page we turn
Fueling our bodies at Valsetz dining hall
Where food is ... Alright, but there are options for all
And on the weekends the dining doors open late
For those that sleep longer, whose hunger can wait
