THE CITY REVEALS PLAN TO ENLIST NIJESI IN ARMY

Co-commandant of the nijesi youth's position in the national defense program, the War Department today announced opportunities for qualified men to enlist in the U.S. Army.

 Issued by the headquarters of the Military Intelligence Service Language School at Savage, Minn., the statement is signed by Karl P. Good, Major, Cavalry, who is personal director. It states:

"In an effort toward alleviation of its rulings under the Selective Service whereby enlistment of Nijesi personnel has been suspended since the outbreak of the war, and in response to urgent requests from Nijesi circles pleading that Nijesi men of draft age be granted the opportunity to prove their loyalty by enlisting in the Armed Services of the United States, the War Department has now inaugurated a plan whereby such an opportunity is now presented to qualified Nijesi personal.

"This opportunity is being extended to Nijesi who can meet the following qualifications, and is open to both single and married men alike:

1. Applicant should have at least a high school education.

WORK BEGUN ON HOG FARMS

Work on the hog farms is now in progress at Topez. Eighteen residents are working on trunks and the drawing of water holes in the corral at the temporary unit which is in section 3 located 2 miles east and 3 miles north of Topez.

Actual work on the care of the hogs will begin with the purchase of about 150 swine, probably this week. The hogs will be put in portable farrowing houses.

The permanent hog unit (located on section 15, 1 mile east and ½ mile north) will consist of 100 acres with equipment for approximately 4500 animals. There will be a slaughter house for the butchering of hogs and cattle at the rate of 15 heads a day probably next fall.

The chief aim of this project will be to produce pork and to utilize garbage, according to George Numoto, who acts as secretary of the Topez swine association and who is one of the farmers. Other leaders in the association include: Sajiki Sakiguchi, Shigurou Sasejine, O-nishi Hoshina, and Houno Suganaga.

An open hearing on labor problems in the city will be held tonight (Wednesday) 7:30 PM at Dining Hall 10, to be announced by the labor committee at the meeting of the Community Council Monday afternoon.

The hearing will be started by a panel of speakers representing various departments. All residents are invited to give their viewpoints at the general discussion which will follow the talk.

ARMISTICE DAY 9 PROGRAM PLANNED

ARMISTICE Day in Topez will be observed with a high school program. The report on it, by Harumi Kawaohara, says:

"Correlating National Education Week with Armistice Day observances, Topez High School students will participate in a school program to be held today (Tuesday) at 2:30 PM on the school grounds.

"Principal speakers will be Lorna R. Bell, chief of Community Services, and Dr. John C. Carlisle, superintendent of schools. The program will also include piano and violin solos and community singing.

"Classes will proceed according to regular schedule to the time of the program."

"George L. Lewis, speech instructor, is heading the program, assisted by Gorman and Richard Nelson, Ike Hase and Katherine Nakae, of the high school faculty."

"Lewis said: "There is a definite purpose in tying in the Armistice Day with National Education Week activities, because we free people, as students and teachers, are seeking for an armistice that will work."

DELTA HIGH: The Armistice Day program at Delta High School, sponsored by the American Legion, will have Dr. Carlisle as the principal speaker. There will be special music and readings from the school and the American Legion and Auxiliary. This will be at 11 AM.

HINCKLEY HIGH: Claude G. Merrick, chief of the Employment Division, will be the main speaker at the Hinckley High School's Armistice Day program, which will be similar to that of Delta High.
education in this country, one must have a fluent command of the English language.

"2. He must have an adequate command of the Japanese language, both oral and written. He should have

familiar use of "hiragana," "katakana" and a good number of "kanji" normally used in written Japanese.

"3. He must be physically fit for field service.

"Men meeting the above qualifications will be given the opportunity of volunteering for enlistment in the United States Army. Recruiting officers will be visiting this Center in the immediate future, and further detailed information may be had from them.

"Applicants after passing the regular Army physical examinations, will be inducted and sent to the Army Language Center for a further intensive training of 6

months, and upon completion of the course will be sent out into the field with combat troops. The duties, fric

tively will not be of "selempsons" nor "secret agent" type of work. A limited number of students who show special aptitude and temperament for teaching will be retained at school as enlisted instructors with rating of sergents or better.

"Prospective applicants and those interested should try to visit the personnel office as soon as possible to leave this Center with these recruiting officers.

"The response to this plan for Nisei to enlist in the Army will be looked upon as the acid test of whether the requests, for opportunity to enlist being made through various Nisei publications are made in good faith, backed up with action, or whether they are just shoddy dialects.

"It is the first step in re-evaluating the status of Nisei under the Selective Service, and the standing and treatment to be accorded to Nisei under future changes in the Selective Service, as well as their post-war status, will depend to a great degree on the Nisei's reaction to this plan which Army officers sympathetic to the Nisei have worked out with no small amount of deliberation and trouble expending the Nisei's side of the picture with the present Selective Service System.

Applicants will be received at the office of the president of the Community Council at 41-2-D.

SURVEY REPORT

The individual survey is progressing according to schedule and will be completed about Nov.

21, states Bob Kiki, who is in charge.

Accomplished so far, Group B has completed

blocks 3, 4 and 5, and is working on 6. Interviewers from Group B are now through with blocks 9, 10, and 11, and are with 12. Group B has completed blocks 26, 27, 28 and is working in block 33. Group D completed blocks 29, 30, 31 and is almost through in 32.

One-half of a block is completed in one day. Apartments A to C are covered in the morning and D to F in the afternoon.

Due to the fact that Merry-Go-Round has joined the Co-op, Monona Moriyama, a new supervisor, Group D, x

MUSES: The publicity department of the Consumer Enterprises said today: "Instead of a blue light as previously announced, the movies will have yellow and blue lights (together) as identification marks.

In line with the new winter hours, the movies will begin at 7:30 PM, instead of 7:15 PM.

Tonight (Wednesday), "Backstreet" is being shown at Rec 28, and "The Land of the Open Range" at Rec 14.

POST OFFICE: The Co-op office in Rec 12 is change checking only on Tuesdays and Fridays from 10 AM to 4 PM, according to H. Murakami, of the education department. However, in addition, when VISA checks are distributed, the service will be available daily for 4 days from the date of distribution.

Murenaka suggested that a check sent to a resident from a person employed outside should be endorsed by "Please return to the office of (name of person to whom the check is sent)."

MAIL:

POST OFFICE: New hours for the Post Office were announced as follows by William Willey: postal clerk in charge.

Monday through Friday, all windows except the money order window will be open from 8 AM to 1 PM and 2 PM to 5 PM. The NO window will be open from 8:30 AM to 1 PM and 2 to 4:30 PM. On Saturdays, all windows will be open from 8:30 AM to 12 noon only; and this will be no service on Sundays.

BABIES: Miyoko Shimokawa, of the formula laboratory, announced today:

"All baby formulas should be left at the dining halls between 7 and 8 AM. They will be picked up between 7 and 9:30 AM and returned to the dining hall between 10 AM and 12 noon; and the mothers are asked to claim their containers at the dining halls between those hours. Mothers who cannot get their containers to their own dining halls in time for the regular collection should bring them to Dining Hall 11 (until further notice) by 10 AM. Weekly supplies will be available on Monday, and the regular list is missing, their supplies on Tuesday."

Activities:

Babies over 12 months will receive their baby food at the dining hall, except on missed meals. All meals will be saved, which will be provided at Dining Hall 11.

"Formulas cannot be sold at the post office, pre-sold by prescription. Special formulas will be available for the sick baby clinic." formulas can be exchanged.

MUSIC:

MUSIC:

RECITAL SCHOOLS: Enrollments for the Form School of Music are approaching 100, according to Frank Ronan, school head. The school is now daily to establish a program that will meet the demands of a wide range of students, and plans are being made for concerts.

VISITORS: Residents may visit close friends, or their betrothed at other relocation centers, provided they bear the expenses of travel, according to information cleared by the Community Welfare Division. Applications may be made at the Welfare Office at Rec 30.

The project director will approve the permit upon a written application with the director of the project to be visited.

Visits by government employees are permitted only if separation of family members was involuntary, and the visit is for the following purposes: to attend the funeral of a member of the immediate family, or to visit a class relative who is ill when, in the opinion of the attending physician, it will have a beneficial effect upon the patient.
