In Dedication

Dr. Rice                Oscar Christensen                Governor Mark Hatfield
We dedicate this Annual to

Mr. Oscar Christensen

The 1963-64 Grove Staff wishes to dedicate this yearbook to Mr. Christensen for his outstanding service to the students of Oregon College of Education and to the College itself. Mr. Christensen is a tribute to our College staff.
The 1963-64 student body will be remembered for weathering the effects of the October 12, 1962, storm, the storm which forced upon us so many inconveniences. When new buildings and other plans for the institution are completed, we shall remember this student body for facing a greater test of character than it faced in dramatic 1962-63. We shall remember it as the student body which looked upon itself and found both the patience and imagination to get us through our lean year. We shall credit the student body for finding within itself not self pity and despair but good humor, toughness, and reason for self confidence and loyalty.

Leonard W. Rice
President
The vitality and genuine friendship of the students of Oregon College of Education are some never-to-be-forgotten assets of this academic community.

M. Champion
Dean of Women

Working closely with the OCE students has been very rewarding to me. Your enthusiasm is unsurpassed; your spirit of cooperation is excellent; your pride in your Alma Mater has reached an all-time high level. OCE faces a very bright future—this future is due in large part to your attitudes and accomplishments.

Jack D. Morton
Dean of Students

In these short months many experiences and new friends have been a source of genuine enjoyment. Vital memories are made, not by long passage of time but by significant events. I am proud to be a member of the OCE family.

It has been a pleasure to serve the students of O.C.E. as Lamron editor.

The Lamron has worked very closely with student council this past year, a very happy relationship.

In glancing back over the past year I can see a number of areas of accomplishment. Interest in Lamron increased better than one hundred percent. A perpetual file of A.S.O.C.E. information was begun. A file of student travel information and resource material was instituted. A more comprehensive coverage of state and national news coverage was initiated. The organizational structure of the Lamron was up-dated.

The editorship has been one of the great learning experiences of my college career.

I would like to encourage any student who is interested in education, (and you wouldn’t be here if you weren’t), to consider the Lamron a necessary ingredient to a well-rounded educational experience.

Thank you for the opportunity to serve.

Sincerely,

David K. Fields, Editor
