THE CHURCHES: INTER-FRACTIONAL PLANS TO OPEN LIBRARY

That the library be maintained in the church offices for the use, not only of ministers and priests, but for the general public interested in religious journals, periodicals and books, was counseled and accepted at the Inter-Fractional Ministerial association meeting on Wednesday. The Rev. Tahm and Shimada were assigned to the committee in charge.

Rev. Taro Goto was asked to communicate with Pres. Morris of Minshu to procure the proposal made 6 weeks ago by Elder Lymon, high official of the Mormon Church. Elder Lymon offered to send material for the church library, on the Mormon Church, history of Utah and scientific studies of the state.

The committee on adult education submitted suggestions for the junior college set-up.

FAITH STRESSED FOR NISEI IN MESSAGE

That a consistent fear of the future was the rich potentialities of the American Japanese was stressed by Mary Coxhead in her message to the nisei assembly at the Tonos Protestant morning worship Sunday. Miss Coxhead of the Plymouth Congregational Church in Orem stressed the need to create self-sufficiency, a source to initiative, faith and courage.

Outlining the young people to let their faith in creosote and Christian brothers supersede their fear of the future, Miss Coxhead mentioned the many friends working for the Japanese on the coast.

"We must sustain ourselves by Faith—faith in God, faith in people, and faith in ourselves to carry on through the crisis and the future," she said. "For we ourselves, live for others; that is the lesson of faith."

The Rev. Miss Wakah, who worked on the church board with Miss Coxhead, was chairman.

BIBLE--BEST SELLER
By George S. Aso

When Sir Walter Scott, the great novelist of Scotland, was lying on his deathbed, he called his trusted servant to his side and said, "Read to me from the Book." As he had many books in his library, the servant immediately responded, "Which book?" Scott replied, "There is but one Book--the Bible!

President Theodore Roosevelt said, "To every man who finds life with real desire to do his part, I appeal, for a study of the Bible. No book of any kind ever written has so affected the whole life of people."

Woodrow Wilson said, "A man has derived himself of the heat there is in the world, who has deprived himself of intimate knowledge of the Bible."

In recent months, we Japanese were subjected to violent changes and experiences. But no matter in what condition you are in, regardless of what situation you face, and despite the circumstances whichUnsigned, there is the book of God to bring you the help you need.

TRULY, as Sir Walter ex-claimed, there are many books, but only one Book that gives satisfaction. Is it not time that we in- ventivates our Bibles for the millions that make up this nation?
