Hi, NEIGHBOR...LET'S SHARE!!

Hi, neighbor...let's share!! These words make up the friendly greetings of one of the most worthy, if not the worthiest charity organizations in the United States. Nation-wide, this organization brings together great and small and humble and grand, and a mission throughout its many member agencies.

In our own particular corner of the U.S., we find United Fund participating in such organizations as the Boy Scouts of America, Salvation Army, and also through 16 different agencies in what is known as the Oregon Coast. Included in Oregon Coast are Albertine Kerr Homes, Boys and Girls Aid Society, YMCA Youth and Government Programs, Mental Health Association, and an host of other worthy organizations.

In another week, students of Oregon College of Education will be launching a program with fervor and spirit traditional of OCE. The annual All-Campus Drive will begin with a roar with the kick-off assembly, to be followed by a week of activities, and climaxing with the Saturday half-day, En-Fal-Fun. Let's all proceed with this, our goal will be $1,000.00, will go to United Fund, the organization chosen by your Student Council.

If the enthusiastic backing of the Council, the All-Campus Drive committee, and yourself, the drive will go down in history as one of the most successful and worthwhile projects to be held on this campus. We know that your enthusiasm and generosity, the $1,000.00 goal can be exceeded!!!

We need the United Fund and...we need your wholehearted backing. So, let's join in with the rest of the nation, "Hi, neighbor...we're sharing.

SAFETY PATROL IS DOING ITS JOB

The Monmouth Elementary School students are on the job during grade school hours to offer street crossing assistance to their fellow students. They attempt to control the Monmouth Avenue grade school pedestrian traffic in front of the M.E.S. When college students fail to have proper pedestrian control, it is difficult for them to have fellow students loyal cooperating. Let's start right now, helping student safety patrol by observing the regulations. We are employed in ever increasing numbers. Its proposed use is only in kept within their position of leadership in education and it will undoubtedly serve to expand the services of outstanding young people.

For 1956-57 Revealed

Members of the 1956-57 OCE choir were recently announced by Mrs. F. W. Hutchinson, music department head. Chosen as co-chairmen for this year's choir are Ron Martin and Jerry Bailey. "Other officers will be selected later in the term," said Mrs. Hutchinson.

"We are," she added, "in need of boys in the tenor section and any boys who are interested in singing anything, regardless of previous music experience, are welcome to attend choir meeting on Wednesday, Oct. 10, at 8 a.m. in Campbell hall auditorium."

As a number of girls who signed up for choir but did not get in, due to the problem of over-balance of girls voices, the formation of a girls' glee club is being undertaken and more information will be available at a later date," concluded Mrs. Hutchinson.

Several money raising projects are being planned this year, the proceeds of which will be turned over to the choir fund to defray part of the cost of the San Francisco choir tour this spring.

SALES MAN ON CAMPUS

But if you're a politician and you're selling, you must have a plan of attack. With every politician who goes on the stump these days, there is a constant emphasis on potential. The politician must always be able to say, "But, it's only a potential."

A Democrat Speaks

by George Davidson
A good place to start in the analysis of a candidate is what does he say his opinion is or is not doing!! One of the criteria which Mr. Stevenson makes of Mr. Eisenhower is that he has not provided the leadership which this country needs and that he has failed to win our position of world leadership. But what does a leader do?

Let's take one area, for instance, segregation. When Stevenson was in the Senate, he spoke of the rights of all to an education free and equal. When he approaches the border question, he speaks of freedom and he does not believe in segregation. When he is in the south, he says segregation is wrong.

It seems rather a sad commentary on statesmanship and leadership for a candidate opposing the party in power to say that he is willing to follow the Supreme Court. That is not leadership.

Another charge by Stevenson against the present administration is that they have only half truths. Without getting into a discussion of what is truth, let us see what Mr. Stevenson does in past administration and at the present administration.

What he thought about the guilt or innocence of Alger Hiss he said, "I have never doubted the verdict of the jury that convicted Alger Hiss." Neither has any of us.

Shellbox To Head Business Affairs

Dr. Roy Lienallen, president of Oregon College of Education, announces the appointment of Dr. Jordan Shellbox, business manager at OCE since 1938, has been named director of the newly created department of business affairs.

The new position provides coordination among the many separate offices and services in the academic departments of the local colleges. The activities involved in the new position include physical plant such as dormitories, family housing units, book stores and rental agencies, bus and transportation, computer and office equipment, purchasing, management, accounting, student funds and purchasing as well as supervision of civil service employees.

Dr. Shellbox received his B. A. degree from Pacific university in 1934. During the school year 1934-35 the students of the Oregon College of Education voted him the most popular student member of the Student Senate at 285 S. Whitman street in Monmouth.

Hound Dogs Take Opener from Vets’ Village

Intramural football got off to a fine start this week with eight teams entering the league. A well-balanced Hound Dog team rambled over the rough and ready Vets’ Village crew by a 20-13 score. The first tally was made by Zel Gerhartz on a 40-yard pass after a couple of fumbles and a couple of third down conversions. Duane Brandt hit Keith Richard and Lyn Huston on two long passes for the other scores. For the Vets, versatile Dewey Tuttle passed to two TDs to Bordwell and Willis.

The East House team led by triple threat Ed Durflinger rolled out the Keg Tappers 13-6 in a hard fought contest. Big Ed scored from six yards and passed to end to Tapper for the other score. The lone tally for the Tappers was a 20-yard pass interception by John Vermeul.

A flashy Styx sir team, led by Gary Strybrow, who passed three TDs to Crabbe, Woolsey and Enzgarde and scored once himself in four attempts in running to a 30-0 victory. Bombers were bowled over by EYES. Scheduled games for this week are:

Monday, Oct. 8: 4 p.m., East House vs. Spartak; 5 p.m., Vets’ Village vs. Bombers.
Tuesday, Oct. 9: 4 p.m., PYe vs. Sexy Six; 5 p.m., Hound Dogs vs. Bombers.
Wednesday, Oct. 10: 4 p.m., Keg Tappers vs. Spartak; 5 p.m., Vets’ Village vs. Sexy Six.
Thursday, Oct. 11: 4 p.m., Hound Dogs vs. Bombers; 5 p.m., Open Daily & Sunday.

Wolves To Tackle Wildcats Saturday

The OCE Wolves will step out of OCC action this coming Saturday when they meet the Linfield Wildcats at Memorial Stadium in McMinnville. The Wolves are one of the most popular teams in the conference and the Wildcats are one of the least. Expect a large crowd to witness the contest.

Intramural Season

The Intramural football season, which is just starting to roll, is the one sport on the World Series, the two topics most in the minds of local and national sports enthusiasts, are still to be played. The game is set for a performance that will be a preview of the opening day of the season this year to engage in their favorite pastime. I am quite certain that if we had an enjoyable and successful outing as we did at our previous games, the fans will attend.

WHERE WERE YOU LAST SATURDAY NIGHT?

Unless the old blinkers are falling, we note a definite thin turnout of OCE students for the Seattle Rambler game. In fact, student body support was conspicuous by its absence. The absence can't be so time-consuming so soon in the term and certainly we do not all put house every weekend for a piece of mom's apple pie. It seems like a student body of 800 students should have at least 50% representation at home games, but we doubt very seriously that there were 200 students in the stands for the Seattle Rambler game. Your student body card is the price of admission, so it can't be the money angle. Whatever it was that caused the students "to stay at home" is the most important point. It does seem important, however, that we lend a little more support to our Linfield-Ramblers in the future. We hope that the Honolulu-Ramblers have no bigger student representation than OCE at the game here Saturday night.

NWPS at very keenly concerned over student body lethargy when it comes to support of any student activity. We hope that, as teachers, we don't become lethargic about our own students' activities. It does seem to us that the intramural sports say, to sin a child's enthusiasm. See you at the Linfield games.

Sports of Sports

BY RUSS BAGLIE

The Portland Oregonian carried a story Thursday that made the writer shudder with visions of frustration. The story concerned a golfer who scored a hole-in-one on a short hole at Rose City golf course by winding up with two strokes. The golfer was Huggins, who is possibly the only man in Portland's Franklin high school before enrolling at OCE this fall, accomplished the seldom-seen-anywhere task of boating a 40-yard field goal by drop-kicking artists are practically a forgotten group these days, so Joe's outstanding effort will probably be remembered for a long time to come. Roth, incidentally, should become an outstanding player when he enters the university.

Roth Drop-Kicked 40-Yard Field Goal

Pint-sized freshman guard Joe Roth, who prepped at Portland's Sweeney, Irv Garrison, Pat Mar- the Wolves, over the years, are feared by all the schools from the coast to the mountains, and their fierce feelings are certainly against the Wolves. His record as a coach here is proof of that. 43 wins and 22 losses in eight-plus seasons. The Wolves have, over the years, produced a number of outstanding all-conference basketball players and track stars. McArthur and George both have a knack for getting the most out of a player, witness last week's last-ditch effort to overhaul the marauding Blue Devils. Some bad ballplayers have natu- ral desires, while others must have it coaxed (or coached) out of them. McArthur is especially gifted in the latter category. He inspires confidence and courage in his players which are certainly noticeable against the Wolves. He is a coach who can be trusted to do a fair job.

INTRAMURAL FOOTBALL PROGRAM UNDERWAY

Zel Gerhartz, who runs OCE's intramural athletic program for the male populace, reports that eight teams have entered this year's flag football league. We hope that all eight teams remain in the league until the end of the season and that no team will have to forfeit a game because of lack of sufficient players. Such was the case last year when the Portland flag football league was finally cancelled because of lack of interest. Intramural sports offers a good place for friendly competition between OCE living groups (and departments) and deserves the support of the entire student body. Although trophies and individual awards will be made this year, at the end of the season, it should be evident that intramural sports are far from being a spectator sport. Participation, not winning. More power to the teams who win the various championships, but let's not toss in the towel this year because of lack of interest in intercollegiate games.
