Queen Lois Rules Over OCE Homecoming

Weekend Events
Show Enthusiasm
At High Pitch

The Alumnae Talent Show was highlighted last night by the coronation of Homecoming Queen Lois. Queen Lois Smith, '56, and Princesses Karen Ashby, '57; Janice Kenison, '56, and Terry Quinn, '59, were escorted by Varsity "0" members, Cecil Miller, Doug Rogers, Clark Land and Wayne Young.

Marion Grishakoff, band president, took over as master of ceremonies for this band-sponsored program. Dean Davis sang; Bob Barnes played the accordion "Dizzy Fingers"; Molly Bland played the piano; Mitzi Hopkins presented a skit "Blind Date"; Paul Koffman gave a clarinet solo; and the Octones sang for the Homecoming crowd.

The Homecoming Activities Schedule is on page three, column five of this issue.

* * *

Last night's activities started with a big noise parade, led by the rally squad, which rattled through the streets of Monmouth and Independence. The Homecoming bonfire was lit for the last time "on schedule" for the returning paraders. Around the bonfire students sang songs and gave yells, led by the rally squad while the Pep Band played college songs and marches.

During the Talent Show Dr. Roy E. Lienau, announced the names of 13 graduating seniors who have been accepted for recognition in the 1956-57 edition of Who's Who Among Students in American Universities and Colleges.

At the close of the program, Dr. Francis Haines was called upon to announce the Homecoming house sign winners. Special guests attending the show were: Dr. and Mrs. Roy E. Lienau; Dr. and Mrs. Francis Haines; Mr. and Mrs. Dale Harp. Mrs. Harp was the 1954-55 ASEOCE president.

Wolf Fangs Bared
For Battle with
Favored OTI Owls

by Russ Baglien

Bill McArthur's Wolfpack grid warriors will strut their stuff before an anticipated full house at Memorial Stadium this afternoon, with visiting Oregon Tech Owls favored to beat the Wolves and assume themselves of no worse than a third-place finish in the Oregon Collegiate Conf.

Today's Homecoming crowd can look for a rip-roaring game, regardless of playing field or weather conditions. OCE wants to avoid finishing in the cellar of the OCC, which fate automatically befalls the loser of today's game, and OTI would like to notch its first victory over the Wolves in eight years of rivalry.

The closest Oregon Tech has ever come to beating an OCE team was in 1953 when the Wolves had to call upon their "guard special" play to eke out a 13-12 victory in the waning moments of the fourth quarter. The Owls had been heavily favored to win in that game and would have won the conference title with a victory.

Both teams will be operating with a lack of reserve depth. OCE depends almost entirely on freshmen to back up experienced regulars and the Owls have the same problem. OTI, however, has several freshmen from far-off Pennsylvania who have performed extremely well in their first year at the K. Falls school.

Both teams will operate out of a standard T formation, with occasional shifts into the spread formation. OTI, with Bob Stoy doing the throwing, can probably be counted on to take to the air more than the Wolves, who have thrown only 52 passes in six games. OCE will rely heavily on the running of halfback Wyman Gernhart, who has gained 503 yards on rushing plays thus far in the year.

Seasonal records favor OTI. The Owls have won four games and lost three and the Wolves, finally knocked out of the OCC championship picture after dominating the scene for six straight years, have won two, lost four.
Religious Emphasis Days at OCE
Take Place on November 19 and 20

January 21, 1956, has announced the theme for the OCE Religious Emphasis Days, November 19-20, as "The New Testament and Theories of Science". Reverend William E. H. Oliver, Professor of Pacific School of Religion at Berkeley, California, will be the guest speaker.

Reverend Otwell will speak at a general assembly on Monday morning, November 19, at Campbell hall auditorium and will also address successive groups Monday and Tuesday evenings in the Faculty Lounge.

"Religious Emphasis Days" are sponsored by the campus Christian Council each year to promote unity between the various churches and the students.

The public is cordially invited to attend both the general assembly and the evening discussions.

### TIMELY TIPS TEST

It is necessary to have a date in order to attend the Homecoming dance! (YES, NO)

Is a "Mum" an acceptable flower to wear to the H.C. dance? (YES, NO)

How can you get the most out of the H.C. Weekends? (2)

---

### COMMERCIAL ARTISTS OFFER FREE SERVICE

A commercial art student, under the supervision of students council commissioner, has been formed on the OCE campus. This student, headed by Mitte Hopkins and Donna Wheeler as student council chairman, will be a service open for all school functions and club activities. Signs may be ordered in ink, pen or linoleum block print. No charge is made for these signs and mimeographed order blanks will soon be distributed by Mrs. Nora Simpson of Portland.

---

### CAMPUS CALENDAR

ANNUAL PLACEMENT MEETING
The annual meeting for all seniors in education, both elementary and secondary, will be held on Monday, November 12, from 4 to 5 p.m. in room 613 of the Administration Building.

All students who will qualify before September 1, 1957, to teach in the public schools of Oregon are urged to attend. The purpose of the meeting is to discuss the opportunities in the teaching field, placement procedures, applications, interviews, etc., and to distribute credential materials.

Grove Sales Will End This Week

Grove sales will close on Friday, November 8. The Grove year will send its first layout copy to the publishing company of the yearbook on November 18. This means that they must, at that time, specify the number of copies which the contract will cover. In order to be sure of the number of copies needed, it will be necessary to complete Grove sales prior to that date.

To enable every student and other potential purchasers to order their book, a sales campaign will be conducted next week, November 8 to 9, only; the deadline for orders will be November 9. There will be no possibility of late orders this year, due to the new financing methods, and all those interested will have to make purchases before this campaign closes.

Grove may be purchased at the sales booth in Campbell hall post office, or from Jim Beck, Dave Mobley, Don Helwig or the other members of the Grove staff.

Welcome Grads!

It is with sincere pleasure that we, the students of Oregon College of Education, welcome you back to the campus for the 1956-57 Homecoming.

As alumni returning to Monmouth you no doubt possess different feelings than when you attended OCE. Yet I am sure there are certain feelings that we, the students, and you, the alumni, will always have in common. These are the high interest in the growth of OCE and the friendliness of its campus.

The program has been planned to provide you with a weekend of maximum enjoyment and pleasure; we encourage you to take part in all the activities. Again we welcome you to OCE and hope your 1956-57 Homecoming will be an enjoyable and a memorable one.

LIONEL MILLER
ASOC President

College Announces Honor Program

Scholastic achievement at Oregon College of Education will be recognized as part of a scholastic "honor program" which was set up by a faculty committee last year. A student having a grade point average of 3.5 or more for four years of undergraduate work, or transfers from an accredited college, may be considered for this honor. The faculty of Oregon College of Education established this honor program for the purpose of giving recognition to high scholarship. "Although only two members of the class of 1956 have earned these high honors, I hope to have the pleasure of conferring 'graduation with honors' upon an ever-increasing number of students," said Dr. R. E. Luecadren, college president.

Mrs. Gertrude Patterson, primary teacher in the Monmouth Elementary school and a member of the Oregon College of Education staff, recently received recognition in the NEA Journal as author of the following poem, published in the September, 1956 issue.

"JUST A TEACHER?"

Today I was a nurse binding a

end of maximum enjoyment and

pleasure; we encourage you to
take part in all the activities.

Today, I was an architect plan-

ming a child's future;

A mason laying the foundation of

truth; I

A philosopher pondering elusive

truths.

Today, I was an entertainer re-

freshing young minds with

knowledge.

Today, I was an alchemist seek-

ing gold in baser metals;

A pilot guiding youth away from

ignorance.

Today, I was a general campaign-

ing against intolerance;

A lawyer speaking out for

brotherhood;

A juror weighing right and

wrong.

Today, I was a philanthropist

sharing the wealth of the past;

A humble follower of god . . .

Mine are such varied occupa-
tions. I am not "just a teacher."

"Coke does something

for you, doesn't it."
WHAT IS AN ALUMNUS ?

Webster defines an alumnus as "A member of a school or college class that has been graduated." This, though literally true, indicates only one aspect of the definition. It does not state the one who may be justifiably proud of having taken advantage of the opportunity to learn to better understand his fellow man, to grow intellectually under the guidance of learned men, to prosper, to become a more complete person by partaking of the cup of knowledge.

The dictionary fails to reveal the feeling of devotional pride one comes to possess after leaving the "hailed halls of ivy," the intangible ties that constantly call forth the pleasant memories of college life, or the glowing warmth of fondness for those who follow in his path.

True, Webster's definition is incomplete, for an alumnus is more than one that has graduated . . . he is much more. It is difficult for most of us to see the attraction or feel the pride of the alumnus but we, in later years, shall have these same feelings toward our college.

The Alumni returning this year to Oregon College of Education will be proud of the ever continuing progress it is making, and in having played a part in its continuing story. We too are proud, proud of the accomplishments of our college, proud to have alumni returning for the Homecoming Week-end.

Year after year it is with anticipation that this Homecoming is looked forward to. Here is an opportunity to return to the campus, reestablish friendships, make new friends, and in memory, relive those fruitful years gone by. These days shall be nostalgic for many and the bond will grow stronger. Alumni, we hope your stay will fill your greatest expectations. Welcome to Homecoming . . . WELCOME HOME!

THANKS . . .

The committee of the All-Campus Drive express a vote of appreciation for the splendid job they did in organizing and carrying out their program for this worthy cause . . . Thanks for a job well done.

Can We Uphold This Tradition?

Theta Delta Phi, men's scholastic honorary society, will be prepared to match an OCE football team victory with a vigorous bell ringing exercise. The alumni homecoming after game activities will mark this special occasion. It is to the honor of the Theta Delta Phi tradition of homecoming that the bell is displayed to the public.

A reminder of the bell's historic past as a symbol of courage and as a factor for the trough . . . the bell was cast in Cincinnati, Ohio, in 1860 by the Christy Company, and Campbell Hall belled from 1898 to 1933. That was the year it was removed to the Oregon College of Education. Theta Delta Phi became the guardian.

Speaker Favors Tariff on Snails

by George Q. Davidson

It is very difficult to discriminate between the positions taken by members of the two major parties in this election. Will you have "Dum" or "Dee" for President? In the later stages of the campaign, however, Stevenson has come to realize that he must differentiate himself from his opponent in some major way, and the (prem) ount will win from sheer inertia.

To make the choice a still more difficult one, we find no clear philosophy of government or of atomic energy? Nothing is said about the H-bomb? Nothing is said about the H-bomb. It would be naive to think the Democratic Party at least made a show of democratic procedure, though we doubt if the final choice was anymore open than the Republican choice for a vice-presidential nominc. "Anti-smoking" is a term rejected by Taft understandably. Morse rejects the concept in the same way and for the same reasons, and yet we hear people saying that Morse is too liberal. Communist membership is totally unacceptable, in fact illegal. Yet there was a time in Oregon when Communist community and rose to power, and we seem to have an issue with social security legislation, unemployment compensation, public health departments, government activity in the field of atomic energy? Both parties support a kind of federal aid to education. Stevenson was much more for the foreign policy of the United States in the war department, or the state department would allow a time. They would cut the military budget in half.

The most liberal (relatively speaking) candidate is probably Mr. Stevenson. Yet, if he is elected and the Democratic party wins the control of the congress it will mean that some taxes will be raised. The committee chairmen will be conservative Southern reactionaries. The biggest issues have been over splinter ideas. "Should we stop TESTING the funs, and have never practiced clear thinking on an advanced composition class. It is of such an interesting nature that we have printed it, so everyone may enjoy it.)

Welcome Back, Grads!

Hobo"? Nothing is said about the H-bomb. It is ironic that in a land of plenty we should have "Dum" or "Dee" for President? Nothing is said about the H-bomb. We know that Morse is too liberal. Morse rejects the concept in the same way and for the same reasons, and yet we hear people saying that Morse is too liberal. Communist membership is totally unacceptable, in fact illegal. Yet there was a time in Oregon when Communist community and rose to power, and we seem to have an issue with social security legislation, unemployment compensation, public health departments, government activity in the field of atomic energy? Welcome Back, Grads!
Eight Seniors To See Final Action Today

Eight seniors, let by four-year lettermen candidates Pat McManus, John Comstock, Ray Gernhart, Wes Knudsen, Knudsen, Osborn, Eakin and McManus are all regulars on this year's squad.

LaFontaine came out of "no-vite" midway through the season this year to complete his fourth year of competition. He had been assisting with the coaching chores for the Wolves, but decided to get back in harness because of injuries to several OCE guards.

McManus, Eakin and Gernhart have all been regulars for the Wolves for the past two seasons. McManus, a product of Gervais high school, is the starting center and defensive signal-caller for the Wolves. Eakin is the regular left end; and Garrison is Bill McArthur's number one fullback.

Knudsen, who transferred to OCE from Portland State where he won all-conference honors for two years, is the regular right guard for the Wolves. This is his first season of varsity competition for the Wolves, but his eligibility is all used up.

Osborn turned out for football last year and earned his letter as a reserve tackle and he has been working at right guard this year with Bob Knight as a starting tackle for the Wolves this season.

Berreman and Comstock, although seniors scholastically, are first-year men in varsity football. Both have seen action in reserve roles this year, Berreman at end and Comstock at guard. Neither is listed as a starter for today's game, but both get into action.

Commenting on losing his seniors, Coach McArthur said all had contributed mightily in this, and past years to OCE's football successes. "We'll miss all of them," said McArthur, "and they'll be hard to replace next year."

Eight seniors will see their final action today, but the remainder of the squad should be back for 1957. We sincerely hope that every college gridiron career获 been excellent for the ones who did make it. For the writer, you are the honored guests on the gridiron this afternoon. Will Robin Lee remember his 93-yarder from the 1948 season? Will Gus Langlie, with his favorite "stogie," be here to recall some of the brillant runs he uncorked while wearing Wolfpack spangles; and how about Darrell "Mouse" Davis, the half-pint halfback who behaved like a 200-pound offense, leads in pass receiving with five catches for 149 yards and two touchdowns, and running, has the same figure for this year, 500 yards. Quarterback Harry Santee continues to lead the Wolves in virtually all offensive department, according to statistics released this week by the OCE athletics department.

Little All-American candidate Gernhart paces the Wolves in rushing, total offense, pass receiving and scoring. He gained 95 yards against Southern Oregon college last week to break his season's total net yardage gained of 500 yards.

Gernhart, who does not pass, has the same figure for total goals in pass receiving with five catches for 149 yards and two touchdowns. He leads in receiving with 28 kick returns and two extra points for 26 points.

Fullback Eakin is second in rushing with 240 yards. Quarterback Barry Santee leads in passing with 300 yards to his credit, and is second in total offense with 288 yards. Santee's total offense figure is lower than his passing because he has a minus 12 yards on rushing plays.

Halfback Larry Bus, who is out for the season because of a broken leg, is in scoring with 19 points and third in rushing.

In a game, a team, the Wolves have gained 1099 yards from rushing and 1444 yards from passing for a total offense of 2543 yards. Their opponents have gained 1208 yards from passing and 440 yards from rushing for a total of 1648 yards gained against the Wolves.

The Wolves have scored 76 points in six games to 82 for their opponents.

The only department the Wolves have the edge over their opponents is in kick returns. The Wolves have returned 25 kicks for 327 yards, while their opponents have picked up 312 yards on 28 kick returns.

Pat McManus

In addition to the already named lettermen candidates, Pat McManus, John Comstock, Ray Gernhart, and tackle Wayne Osborne will be bidding adieu to their college gridiron careers.

Gernhart Tops Offense Statistics

Wyman "Vingy" Gernhart, junior halfback, continues to lead the Wolves in virtually all offensive department, according to statistics released this week by the OCE athletics department.

Little All-American candidate Gernhart paces the Wolves in rushing, total offense, pass receiving and scoring. He gained 95 yards against Southern Oregon college last week to break his season's total net yardage gained of 500 yards.

Gernhart, who does not pass, has the same figure for total goals in pass receiving with five catches for 149 yards and two touchdowns. He leads in receiving with 28 kick returns and two extra points for 26 points.

Fullback Eakin is second in rushing with 240 yards. Quarterback Barry Santee leads in passing with 300 yards to his credit, and is second in total offense with 288 yards. Santee's total offense figure is lower than his passing because he has a minus 12 yards on rushing plays.

Halfback Larry Bus, who is out for the season because of a broken leg, is in scoring with 19 points and third in rushing.

In a game, a team, the Wolves have gained 1099 yards from rushing and 1444 yards from passing for a total offense of 2543 yards. Their opponents have gained 1208 yards from passing and 440 yards from rushing for a total of 1648 yards gained against the Wolves.

The Wolves have scored 76 points in six games to 82 for their opponents.

The only department the Wolves have the edge over their opponents is in kick returns. The Wolves have returned 25 kicks for 327 yards, while their opponents have picked up 312 yards on 28 kick returns.

Jack Knudsen

Knudsen, Osborn, Eakin and McManus are all regulars on this year's squad.

LaFontaine came out of "no-vite" midway through the season this year to complete his fourth year of competition. He had been assisting with the coaching chores for the Wolves, but decided to get back in harness because of injuries to several OCE guards.

McManus, Eakin and Gernhart have all been regulars for the Wolves for the past two seasons. McManus, a product of Gervais high school, is the starting center and defensive signal-caller for the Wolves. Eakin is the regular left end; and Garrison is Bill McArthur's number one fullback.

Knudsen, who transferred to OCE from Portland State where he won all-conference honors for two years, is the regular right guard for the Wolves. This is his first season of varsity competition for the Wolves, but his eligibility is all used up.

Osborn turned out for football last year and earned his letter as a reserve tackle and he has been working at right guard this year with Bob Knight as a starting tackle for the Wolves this season.

Berreman and Comstock, although seniors scholastically, are first-year men in varsity football. Both have seen action in reserve roles this year, Berreman at end and Comstock at guard. Neither is listed as a starter for today's game, but both get into action.

Commenting on losing his seniors, Coach McArthur said all had contributed mightily in this, and past years to OCE's football successes. "We'll miss all of them," said McArthur, "and they'll be hard to replace next year."

Glemson Eakin

Glemson Eakin, fullback, Eakin has been a consistent performer for the Wolves for the past two seasons.

Eakin has always been a reliable and steady performer for the Wolves, and his performance this year has been no exception.

Although he may not have had the most spectacular game this year, he has consistently contributed to the team's success.

Eakin's performance is a testament to his dedication and hard work, which has earned him the respect and admiration of his teammates and coaches.

As a fullback, Eakin is responsible for carrying the ball and leading the team's rushing attack. His ability to break tackles and gain hard yards has been a key factor in the Wolves' success.

Beyond his on-field performance, Eakin's leadership qualities and positive attitude have been invaluable to the team. His work ethic and commitment to excellence have set a high standard for his teammates to follow.

Overall, Eakin's contributions to the Wolves have been invaluable, and his impact on the team's success cannot be overstated.
Thirteen OCE Seniors Named To Who's Who

Opal Bradshaw
Dr. Lieuallen Presents Who's Who Winners to Homecoming Talent Show

Thirteen graduating OCE seniors have been accepted for recognition in the 1956-57 edition of Who's Who Among Students in American Universities and Colleges.

Opal Bradshaw, Sally Edgar, Glenda Hamar, Elizabeth Krautschied, Kaye LeFranq, Darrel Lunda (photo page four), Lionel Miller (photo, page three), Tom Nash, Marilyn Neill, Sherry Ripple, Phyllis Seid, Merle Souls, and Jeannette Spinney were recommended to the national organization by an anonymous committee consisting of three faculty members and three students.

First public announcement and recognition of the students was made during the Homecoming Talent Show Friday evening, November 3, by Dr. Roy E. Lieuallen, president of OCE.

Students were chosen on the basis of scholarship, participation and leadership in academic and extracurricular activities, citizenship and service to the college and promise of future usefulness.

OCE is one of six colleges in the state to participate in this national program for recognition of college students, which has been in existence 20 years.

Each institution participating is assigned a separate quota, large enough to give a well-rounded representation of the student body small enough to confine nominations to an exceptional group of students and based upon current enrollment, according to the organization.

Recognition of the student in the annual Who's Who publication consists of a write-up of his college and personal record and a listing under his college. Each student is provided with a placement or reference service to assist in making employment contacts and supplying recommendations.

Following is a brief summary of the extra-curricular activities and previous honors of the OCE group:

Opal Bradshaw is a past president and member of Collecto Coeds, FTA, Phi Beta Sigma (secretary), Epsilon Pi and WR-A. Opal was the 1955-56 Grove editor and served on the All-Campus Drive committee, Fresh week, Co-chairman of Homecoming and served on other committees.

Sally Edgar is a past president and member of Collecto Coeds (vice-president), FTA. She has been on the Assembly, Homecoming, Senior Week, and (chairman), Freshman week, Sadie Hawkins Dance (chairman), and other committees.

Glenda Hamar is in FTA (president), past or present member of Staff & Key, Todd hall treasurer, and WRA (president). Committee work includes Fresh week, Homecoming, Senior week and others.

Elizabeth Krautschied is a past or present member of FTA, Kappa Pi, Phi Beta Sigma, Staff & Key (historian), Student Council, WRA, and was Sophomore class secretary. Committee work has included the All-American dance, Fresh week and other committees.

Kaye LeFranq has been on Student Council for two years (Women's Athletic commissioner and second vice-president). Kaye is a member of Collecto Coeds (treasurer), and did committee work with Folks' Festivals, Fresh week and other committees.

Darrel Lunda has gained recognition through Alpha Psi Omega, Beta Phi and being on the Honor Roll. He has worked with the high school visitation program, All-Campus Drive (chairman), Model U.N., Music Festival week end chairman, and the male lead in "Antigone."

Lionel Miller is now serving as ABOSCH president, he is a member of Phi Beta Sigma, Theta Delta Phi and Wolf Knights. Lionel was sophomore and junior class presidents. His committee work includes All-Campus Drive, Fresh week, Homecoming and others.

Tom Nash is now the Lamron editor. Past or present activities are Alpha Psi Omega, FTA, Phi Beta Sigma, Crimson "O", Theta Delta Phi (district governor), Wolf Knights, 1956 Summer Session representative, and IRC president. Committee work includes Folks' Festival, Fresh week and others.

Marilyn Neill is a member of Campus Christian Council (president), and Sigma Epsilon Pi. She gained recognition for Lamron staff work and Fresh week. Religious Emphasis week (chairman), and Senior week end committee work.

Sherry Ripple has served on the following committees:
