WRA SEeks TO RESettle EVACUees

Since large concentrations of Japanese in cities will defeat the success of the relocation program, every effort is being made now to encourage evacuee workers to disperse to many communities in order to prevent the growth of "Little Tokyos," Thomas Holland, national WRA director of employment, pointed out in a talk before the Community Council Thursday afternoon.

As it takes about a month to obtain job clearance, Holland urged every evacuee, whether citizen or non-citizen, to file clearance papers as soon as possible if the evacuee has any intention of leaving the center for outside work. After a job has been secured, it takes a week or less to get final clearance, Holland added.

Davis McEntire, regional WRA director of employment, who attended the meeting with Holland, stated that out of 9000 evacuees who had left various relocation centers for sugar beet work, 2000 had found other jobs outside after the sugar beet harvest, pending approval of their indefinite leaves.

Starting in January of next year the WRA is setting up field agents to find jobs for evacuees, and as much as possible opportunities besides domestic and farm work will be sought, Holland announced. He also said inquiries were being made by the WRA into the possibilities of employing nisei in civil service and defense work.

Dr. Carl Hirota, council chairman, announced that the following residents had agreed to serve on the merit rating board: Mrs. S. Fujita, Koshi Suzuki, Aki Moriwaki, Susumu T. Yamashita, Toshimi Ogawa, Ed Kitow and Ryosaku Matsuoka.

OUTSIDE WORK AVAILABLE

Available to residents of Topaz are more than 15 openings for outside employment, according to an announcement by Claude C. Cornwall, Employment Chief, last Thursday. Residents interested and qualified in these positions are advised to apply immediately at the Placement Office. Among the jobs listed are:

Boy: Salt Lake City. Experienced in scales, butchers' and bakers' machinery; if not experienced, with sufficient mechanical ability to be easily trained.

Diamond sowers: Salt Lake City. $10 per day for qualified men.

Female cook: Salt Lake City. $65 per month; board and room; Catholic institution.

Male kitchen helper: Salt Lake City. $65 per month; board and room with laundry and bed linen furnished; Catholic preferred.

PHILOSOPHER CONDUCTS LECTURES

Dr. Alfred Fisk, professor of philosophy at the San Francisco State College, and a noted lecturer, will present a series of five discourses on the vital questions of life to Topaz residents, beginning December 13. Religion, God, and life after death will be viewed through scientific as well as religious conceptions.

A Presbyterian minister as well as professor, Dr. Fisk's approach to philosophy is considered to be deeply reverent, and his approach to religion profoundly scientific.

It is expected that the messages of Dr. Fisk, who spoke at the Buddhist Church in the Tanforan Assembly Center, will incite universal response.

His major topic, "Seeking for a Workable Philosophy of Life", will embrace the fundamentals of a philosophy of life, proof of God's existence, problems of frustration and suffering, a basis of ethics, and evidences from science of the life hereafter and the conclusion of philosophers.

His first address on Sunday at D-32 will be followed subsequently on Monday, Tuesday, Wednesday and Thursday at Rec 22. All the weekly lectures are scheduled for 7:30 PM except Monday, when he will speak at 2:30 PM.

SCHEDULE

BUDDHIST CHURCH

CATHOLIC CHURCH

SUNDAY: Mass at Rec 14 from 8 AM with the Father Stoeke; Meeting at Rec 14 from 3 PM with the Father Stoeke.

SEVENTH DAY ADVENTIST CHURCH

SUNDAY: Sabbath Bible School at Rec 28 from 9:30 AM; Sabbath Worship at Rec 14 from 10:30 AM with George S. Aso, speaker.
The Topaz Art School announced last week that it has been asked by the World's Student League of New York to take part in a design contest for a poster to be used to raise funds for the world's relief students. Prizes of $7.50, $5.00 and $2.50 will be awarded in the contest, which is open to all residents. Already in progress, the competition will terminate on Jan. 30, 1943.

Further information will be released at the Art School office in Rec 7.

The World Student Service Fund, which is international, non-sectarian and non-political, provides direct relief for students and professors who are victims of war, and, operating under the Geneva Convention of 1929, is the authorized channel for aid to student prisoners of war.

The Topaz Music School, which has been operating on a full-time schedule since Nov. 30, reported that the greatest problem facing it is the lack of pianos for the use of the 260 students now enrolled in the piano division. To augment the 4 pianos now available in the Music School, the cooperation of the education department and the churches was solicited, and pianos in Block 9 and 13 (pre-school) in Blocks 8 and 41 (elementary schools), in Block 32 (high school), and in Rec 22 (church) were made available to Music School students.

Youngest students registered in the music department, Anna Kaku, 26-2-E, and Sayoko Tsukamoto, 4-3-E, are in the piano division. Both are 4½ years old.

Accompanying Doren E. Boyce of the Procurement Division into Salt Lake City on Wednesday afternoon, were Principal LeGrande Noble and Melvin J. Roper, industrial arts supervisor of the Topaz City High School, to assist in the selection of requisite materials for the school science and industrial arts departments. During the visit Mr. Noble is expected to interview prospective teachers of German, English, and music.

The adult education division announced the following new evening courses, effective this week:

Carpentry and Cabinet Making: Tuesday at 32-7-BC from 7:15 to 9:15 with George Shimamoto.

Greg Shorthand (Elementary): Wednesday at 32-4-CD from 7:15 to 9:15 with Tomi Hashimoto.

Business English (Office Workers): Thursday at 32-4-EF from 7:15 to 9:15 with Mrs. Roscoe Bell.

Current Events (KIREI): Thursday at 32-2-AB from 7 to 9 with Mary C. McMillan.

Current Events (NISEI): Thursday at 32-4-CD from 7 to 9 with Victor Coertzel.

Auto Mechanics: Tuesday, Wednesday, Thursday and Friday from 7:15 to 9:15, at the Repair Shop adjacent to Block 8, with T. Hironaka and Hayes Soniya. All interested are requested to contact V. Coertzel, director of guidance, at 32-4-A, before enrollment.

After serving two weeks with the Topaz school system, Ellis M. Isaacson, an instructor of commercial subjects and mathematics in the high school, deemed it necessary to withdraw because of an aggravation of a sinus disorder.

Mr. Isaacson, who came to Topaz from San Mateo, California, is undergoing an extended medical treatment in Salt Lake City.
