Brotherhood Week’s Great Purpose

(Courtesy of the Daviesport (Iowa) Daily Times. This is published in the interest of Brotherhood Week, February 19-26, sponsored by the National Conference of Christians and Jews.)

Brotherhood Week, February 19 to 26, is the vehicle designed by the National Conference of Christians and Jews for the advancement of justice, democratic principles, understanding and good-will among all peoples.

All men are created equal, they are endowed by their Creator with certain inalienable rights. As Americans we believe that—however imperfectly we may carry it into practice.

It is wise that a week be set aside for the eradication of prejudice in our thinking, for the betterment of social justice and for the promotion of harmony.

It should not be a week of mere superficial attention to nice gestures toward brotherhood. It should be a week of renewed devotion to the great underlying principles which make brotherhood attainable.

Patience with one another, love of neighbor as of self can cease to be an activity, perhaps the following rules may be of some help to you.

1. All activities must be scheduled through the dean’s office.
2. While the dean’s office secures a petition (directions of how to fill out petitions are on the front page of each petition)
3. Secure all necessary signatures from students, faculty, and building supervisor.
4. If money is to be spent on the activity, prepare a budget and have it approved by student council.
5. All budgets must be approved before any requisitions will be made.
6. Hand in the petition in completed form at least one week in advance of the activity, or the activity will be cancelled.

These restrictions are not meant to curtail the fun but are an aid to avoid conflicts in activities and budgets.
