Sig Ep Initiates Four New Members

The music room at Todd hall was the scene of the Sigma Ep­silon Phi formal initiation held on Monday, February 15. Arby Coon, Ruth Cox, Jane Nulk and Marjorie Rodgers were the new members, the first recruits who were welcomed into OCE's women's honorary fraternity. After the formal program of electing officers, the meeting was extended to the neophytes and refreshments were served. Plans for a trip to Portland on Febru­ary 29, were also discussed.

Members are accepted into Sig Ep on the basis of schol­arship. Any woman student who earns a grade point average of 3.25 for two consecutive terms, while carrying a minimum credit load of 12 hours, is eligible for membership.

Two Alaskan Movies Slated for Showing

A trip to Alaska, or the close­thing to it, will be the evening's main event for all who attend the two hour movie on Alaska's northwest, when Ray Malcolm, a native Alaskan, shows his films in the Campbell hall auditorium, on March 8 at 8 p.m.

Sponsored by the Monmouth Dramatic Department, these films are being shown in an attempt to raise funds for the purchase of a new edition of Richard A. Allen's book. Admission prices are 50 cents for students, 60 cents for members of the fire department, and $1 for all others. Tickets will be sold by all fire department members. Two members are on campus, Claude Smith and Jack Williamson. Tickets will also be sold at the door.

The two films, each lasting for one hour, have been highly re­commended wherever they have been shown. Mr. Malcolm has presented his movies, "Alaska," and "The Tundra," which he took himself, at junior and teacher colleges and other public­ity offices. With the exception of the last mentioned, the films are colorful, each giving the promise of being educational as well as entertain­ment and should be of special ben­efit to geography students.

Drive Contest Off in Puff of Smoke

It is hoped by the All-Campus Drive committee that the Mon­mouth Fire Department has made a special note to be pre­sent at the annual dance at Maple hall following the campus drive car­nival, and that Miss Olsen, col­lege welfare secretary, will be on hand to administer aid for those in need of medical attention, as the pipe smoking contest is said to hold promise of being a real "smokes." Being staged in connection with the All-Campus Drive, this contest is open to all members of popular social groups, and OCE boys and gals against another. Just a word of warning to those entering the drive com­mittee: "Come prepared! By this we mean, a gas mask or oxy­gen tank will be considered standard equipment."
To the Faculty and Students:

For the past week I have been receiving many words of congratulations on a wonderful Folks' Festival week-end. From the opportunity of serving a word of praise.

Rowland. LOREN L. SCOTT, Chairman of the Folks' Festival, 1956

Are You a Real Part Of OCE. Or Do You Just 'Exist' on Campus?

"Terrorlamb" has come and gone, as far as the Folks' Festival is concerned; but the real "Terrorlamb" for OCE still lingers. The growth, not only in enrollment, and structure, but also in curriculum, which was predicted during this week-end, has yet to be realized.

This dream of Tomorrow which depicted OCE as a bustling metropolis for education, can definitely be brought about, and we, the students of Oregon College of Education of today, can help make it a reality. This can be done, not only through physical and mental work, but also through our attitudes which, in turn, would move the wheels of manual growth.

How the attitude one has for OCE can help this dream turn into reality.

Buck Award Contest Deadline Is Nearing

April 1st marks the deadline date for entrance in the tenth annual Eloise Buck Award contest to be staged at OCE. This contest which involves writing an informal oral essay on any piece of literature or public figure, is awarded for the winning article.

Hold your eyes on OCE in memory of Eloise Buck, one time member of the Oregon College of Education, who is being supervised by Dr. Jane Dale and is limited to a minimum of 1000 words. The winner will be presented the cash award at the Annual Banquet on Sunday, April 29th on the OCE campus. Judges for the contest are members of the OCE faculty who have no affiliation with the college, the contest provides the opportunity for ambitious students to express their opinions and feelings on their chosen pieces of literature and give them the opportunity to reach a public audience.

Anyone who is interested in entering this contest can contact the contest chairman, George McGrier in room 228, and secure further information.

Campus Breezes

There will be a senior class meeting on Wednesday, February 29th at 12:30 in Campbell hall. Each senior is asked to attend. Regarding the senior class gift will be discussed. Also, all members of the various committees are to be present.

Same graduation invitations will be displayed and the choice of style will be made by those attending this meeting.

Any shutter-bug who is having trouble getting prints from a commercial printer and who is looking for a place to do his own enlarging, is asked to contact Norman Berreman, art editor, for the price and process. A possible solution may be reached.

Varsity baseball practice will start Monday, February 27th, at 4 p.m. This is a very important phase in the baseball season and is considered by many as the most important part of a school's program. It's the only way to make a team.

Two members of the OCE Interracial Relations Committee represented the college at a workshop on "Integration in the Community," sponsored by the YWCA and YMCA of Portland on Friday, February 17th.

February 29th at 8 p.m. in the Monmouth Elementary school will be the site for the second meeting of the OCE student body, and place of the next Co-Operative Little Theatre. The committee has been scheduled to address the group. Mrs. Claire Elwood, Mrs. Roger Fratzke, chairman for cooperation, Miss Goodnick will serve as hostesses. All OCE student wives are invited to attend.

An estimated nine per cent of the students have been keeping air coach passenger traffic last year was composed of students who were disclosed recently in a survey by North American Airlines.

The nation's largest independent airline reported that last year's record traffic figures, used air coach for travel from home to campus, for home week-end and vacation visits.

The Student Welfare committee met on Monday, March 1st, at 8 p.m. in the faculty lounge.

"A Worm's Eye View of PTA" (from the classroom teacher's standpoint) was presented to the teachers at Oregon College of Education on February 8 by Mrs. Jocelyn Moorhead, health education at the University of Oregon.

Moorhead related her experiences with the PTA in Japan where the organization was used as a means to teach democratic procedure. She went on to say that "the PTA is the core organization we have that cuts across all social, racial, religious and political lines. They have a complete cross-section of the community" if we will utilize the PTA properly," she declared, "we can really make democracy work." Several suggestions for utilizing the services of the PTA room representatives were given by Mrs. Moorhead as a means of making the work of the organization more effective. Mrs. Moorhead is past state president of the Oregon Congress of Parents and Teachers.

Grimson 'O' Is Open To Interested Students

With the play, "Antigone," still fresh in the minds of many of the OCE students and faculty, it might be well to explain about the Grimson 'O' which is the dramatic production organization of the campus. It presents a number of plays, both full-length and one-act, during the year. Play casts are chosen, sometimes, exclusively from members, and at other instances, public try-outs are held. Membership is obtained through try-outs held at the beginning of the year.

Officers heading this organization are: Helen Beaulac, president; Shirley Phelps, vice-president; Darlene Hartley, secretary; Gene Rossuch, treasurer; Anthony Roberts, reporter; and Mr. Harding, adviser.

Mrs. StumpHELPFUL

From Tuition to Traveling

Mrs. Ruth Stump, professor at Oregon College of Education, is now in the Salem Memorial hospital suffering from a broken vertebral column received in a fall on the icy pavement during the recent ice storm. She is in a cast, but is reported to be getting along very well and is improving each day.

Moorhead will be gone several weeks and is being replaced during her absence by Mrs. W. C. Stump.

Word sent to the Laramon office from Mrs. Stump is that she misses everyone at OCE and has sincerely been thrilled and happy for the many cards, visitors, and get well wishes that she has received. According to her, the fact that so many people have thought to send greetings, has made her more determined to get well in a hurry.

Writers Are Sought By TV Producers

An intensive campaign to find new writers by recognized or promising new playwrights will be undertaken by TV to Broadway Productions, a new producing firm established by Oscar S. Lerman. Lerman points out that there are thousands of talented writers throughout the country who never even get the opportunity of having their scripts read.

Before submitting scripts, an application may be secured by writing to TV to Broadway Productions, Suite 609, 147 West 42nd Street, New York City, and enclosing a self-addressed, stamped envelope.
OGE Wolves Plot

Upset of Goodies

There having been little said or known thus far about how the new men’s dorm operates at OCE, the writer, thinking the actions of such occupants would be of interest to other members of the OCE student body, (especially females), decided to journey to the new palace and examine the occupants who live there. What a curious lot they are!

Perhaps no different from the occupants of any other boys’ dorm in a college who are submitted to the same types of rules and regulations (most of which are broken each day), those dorm dwellers consist of some very interesting personalities. Let us examine a few.

While approaching the structure, I was almost blinded by the glare from the bottles lying in the sun about the grounds near the building. (At the last house meeting the occupants voted unanimously not to permit a lawn to be used because the bottles blended so well with the mud, and would surely stand out among the grass and evergreens.) I could quickly see that any brand of beverages was for sale in Independence.

Now You Know!

Yes, it’s half black and half white.

Yes, it has always been this way.

Because of hereditary factors - like a white streak in one’s hair. I get it on my beard.

No, I’ll probably keep it on for the Centennial.

Some of these are quite unusual - This is the first character I encountered.

**Golf Team Possible If Interest Is Shown**

The OCE athletic department announced last week that the college will have a varsity golf team during the 1956 spring term, if sufficient interest is shown to form the team.

The athletic department will conduct a medal play handicap tournament during the first two weeks of spring term to select team members. OCE golfers who wish to gain a berth on the varsity golf team must compete in this tournament in order to be eligible for the golf team.

Golfers are urged to turn in a 18-hole qualifying card at the Oak Knoll golf course (Salem-dallas highway) by March 18. The only requirement for the tournament is an 18-hole qualifying round to establish a handicap.

Players desiring to enter the tournament should turn their qualifying round in at the Oak Knoll course and sign the entrance list at the course or in Mr. Ken Cummins' office in the PB building. The qualifying round may be played in one or two rounds. It is not necessary to play 18 holes in one day. Two separate nine-hole cards still will be acceptable.

Portuguese renovating golfers (legitimate scores) in the handicap tournament will vie for honors on the OCE golf tourney. However, golfers who wish to enter the tournament must turn in a qualifying card as players on varsity golf are urged to enter the tournament.

Entrants in the tournament will be required to pay their own greens fees, purchase their own clubs and balls. Green fees during the week days at Oak Knoll are 50 cents for nine holes and 85 cents for all day. Week-end fees are 75 cents for nine holes and $1.45 for all day. Clubs may be rented for 25 to 75 cents and carts are available for 25 cents for nine holes or 35 cents for all day.

**Photo Contest Still Open to Students**

There's still time to make your best prints for the 19th Annual Phonograph Competition sponsored by Kappa Alpha Mu, the National Press Photographers Association, and the Encyclopaedia Britannica, with the cooperation of the Association of College Unions. Entries must be received no later than March 10. Judging will take place at the School of Journalism, University of Missouri, March 17, with each of the sponsoring groups having a representative on the jury of selection.

This is the biggest and oldest designed exclusively for college students. It's an opportunity to win $500 for the school.

**Lobos Rack Up Two Victories And Eight Losses During Season**

As the basketball season closes for the year, the Lobos have opened the door wide open for the ending with a 13-6 seasonal win-loss record. The Wolf Pack, under coach, George Owens, stated recently that "I have certainly enjoyed working with this year's team," for it's a team that will certainly be a credit to the college on the basketball court as well as in the classroom in the next three years. Their basketball ability and undying desire to win against the greatest odds will undoubtedly prove rewarding to coach, Adolph Braggin, in the years to come." Owens also gave thanks to those who handled the scoreboard and clock at home games.

In the scoring department, the Lil Wolves were led by Ralph Johnson, whose individual scoring totaled 206 points. Darrol Woeley was next with 147. Other teammates scored as follows: Ken Kenyon 130, Gary Milton 129, Bill Moline 127, Ted Fischer 11 and John Foster 8. Doug Rogers, who was scoring leader last year, was second high with 144. Last week-end points for OCE players behind Owen 16, Adams 8, Young 5, Milton 3, Bob 5, Jack 3, Rogers 19, Bill 5, Milton 4, Gary 3, Bob 4, and Chuck 3.

**Barry Adams**

Barry Adams, this paper's sports editor, is the last player to be spotlighted. He is a sophomore and comes from Monmouth high school. While in high school, Barry "Barry" Adams was listed as one of our "short, skinny, fat, friendly" kids. Barry was a star at football, basketball, and baseball and was a member of the all-conference team in 1945.

Barry played football for the OCE Wolves this year. He was also a tackle on the varsity. He has been the only player on varsity who has been able to gain weight and play with any muscle on his body. He played as a three-quarter back during the week and as a tackle on the weekends.

As Barry's favorite sport, he played baseball and was on the varsity team. He was also a pitcher for the team and was expected to be one of the top pitchers on the OCE team.

Barry is a member of the OCE men's basketball team and has been a starter for the team since his freshman year. He has also been a member of the OCE golf team since his freshman year.

Barry is a member of the OCE men's basketball team and has been a starter for the team since his freshman year. He has also been a member of the OCE golf team since his freshman year.
