Young people under 25 years of age from all over the United States and Canada participated.

Congratulations, Helwig and Co.
The old saying, “Hard work has its rewards,” can be easily vouched for by Don Helwig, freshman from Westport, who was the top man in the construction of the OCE float entered in the recent entry moved majestically down the Monmouth parade route, past the Governor’s reviewing stand, where it was officially announced a sea scene being pulled by pink seahorses, and bearing the theme "tlohs by Don, this float was a real tribute to AEC.

His helpers almost three weeks to build the framework and complete the project. Over 30,000 issues were inserted in the float to carry out the design and color scheme.

Credit for this fine job is due to Darlene Ware, Sylvia Small, Wanda Lappen, Sally Duckworth, Janet Kruger, Sandra Ritter, Myrna Safely, Pat Holman, Sharon Watson, Jim Harleman, David Mobley, Collecto Coe, Mrs. Emma Wingler, house resident at Arnold Arms, and others who did such excellent and conscientious work. Again, congratulations, Don Helwig and company! Your float was a piece of work worthy of much credit and acclaim.

Two OCE Students Plan Summer Trip to Scenic Foreign Countries

"What will it take to Europe this summer?" is the possible question running through the minds of two OCE coeds, Phyllis Sherbundy of Cheshire, and Tru di Helvood of Portland, California, as both girls have signed up for the fifth European Study Tour which will take them to Paris, London and Vienna, to mention only a few of the scenic spots.

This tour, arranged by OCE, is the fourth in a series of trips designed to introduce students to Europe. It is open to any interested party between the ages of 17 and 25, and may be taken for five hours of undergraduate credit. However, both credit and non-credit members are welcome.

Requirements for credit members: Each must keep a diary in which at least 10 daily situations which contribute to his knowledge are recorded; and each member is to prepare a talk which he finds could be given before a group; and material should be developed obtained through personal observation and experience.

There will be a two hour class each day aboard the Em press of Britain, a luxury ocean liner. These classes are primarily concerned with orienting the members with the backgrounds and cultures of the countries to be visited. Also, 30 minute seminars will be held on such subjects as preparing for observation on the Mosel and Rhine, the Alps by cog railway, medieval Rothenburg, the Vienna Woods, Hitler's Berchtesgaden, the C athedral of Cologne and many other tourist attractions. This group of topics is intended to be a prelude to Shakespeare plays at Stratford, the Wagner cycle, the Mozart Festival and stage performances in Vienna.

Students are expected to return to Portland from Europe on August 28.

The no-run no-hit effort of Ted Owens against Portland State last week was the first in his career for the junior college hurler. Owens hurled a perfect game and Portland State and Southern Oregon are both improved baseball clubs this year and, as usual, the Wolves have not done well in the draw. Owens pitched three games to capture the crown. PSC drew the first round bye and can win the championship with two victories. Wolfpack bats became Ft. Worden on his 1-2-3 runs in winning the title last year, but coach Bob Livingston isn’t looking for things to be near that easy this year.

PSC, Southern Oregon and Eastern Oregon will all be tough to handle and Oregon Tech cannot be counted out, either. Tournament plans always brings a few surprises and the worst looking team on paper can walk away with all the marbles with a little luck and some timely base hits.

ZURFLUH AND WOOLSEY COME THROUGH

Ed Zurfluh and Darrol Woolsey have certainly come through in grand fashion for the Wolves this season. Both were “bench jockeys” during the early going, but were pressed into service by injuries and weak hitting on the part of regulars. Currently, they are the team’s two leading hitters, Zurfluh batting a lofty .366 and Woolsey not far behind at .357.

And, speaking of hitters, Barry Adams has certainly been on a rampant in the last two weeks. Barry was hitting an anemic .083 in the early going, a lusty .386 and Woolsey not far behind at .357.

For the Wolves there were four errors and two while the Vikings collected five runs on six hits and had one error.

The winning pitcher was Lance Smith and Dewayne Brandt took the loss and the Wolves went the whole game.

The second game with the top pitching by Ted Owens the Wolves were never in trouble. Ted got the Wolves out in the first inning and the lead-off hitter was thrown out as he attempted to steal second. The first team scored two runs in the first inning. OCE collected two more in the last three innings to win the game. Connie Kellerman of Portland hit a home run in the sixth inning to tie up the score.

The Wolves won their first game but lost the second and no-no going. We hope Ted can come up with an equally fine performance this weekend when the Wolves defend their OCC crown at La Grande.

ROUGH GO SEEN AT LA GRANDE

Speaking of the conference all-sports tournament, OCE had a rough go at the Eastern Oregon spectacle. Portland hit a home run in the last game, facing only 22 batters, one over the minimum number. Portland hit a home run in the last game, facing only 22 batters, one over the minimum number.
