Regulations governing hiking trips taken by residents were listed recently by the Community Activities Section. It is warned that any infraction of these rules, which cover parties leaving the City during the hours from 6 AM to 6 PM, will cause a retraction of these privileges.

1. All outing plans must be approved by the CAS. 2. A list of participants in any outing party must be given to the CAS 24 hours beforehand; children must have parental consent. 3. A party shall be comprised of one leader to 12 or 15 individuals. 4. In a group consisting of more than one party, a director will be responsible for the entire group. 5. The director shall take roll calls constantly during the trip. 6. The director must have a first-aid kit. A snake-bite kit is especially important during the summer. 7. The director is responsible for the time, food, water, fire and clothing.
