

STUDENT CLUB

TO HOLD RALLY

TOMORROW NIGHT

rally tomorrow at Dining Hall 1 from 7:30 PM.

Open to young people of college age and over, the rally will include community singing, college yells, folk and social dancing, addresses and refreshments.

To correct some misinformation circulated through the City, it was pointed out by the rally committee that the Student Association has been recently organized by a group of college students and alumni to maintain collegiate interests and spirit among the former students of all American universities and colleges, including the University of California, Stanford, College of the Pacific, various State and junior colleges, Santa Clara, St. Mary's, University of Southern California and others. The membership is open to all residents out of high school. This non-religious club is expected to be affiliated with organizations of similar purpose throughout the nation.

USE GATES--DON'T CLIMB OVER FENCES

INFORMATION

CHIEF OF WRA

VISITS TOPAZ

Washington, D.C.

Bates showed keen interest in the activities of the local Project Reports Division, and praised the magazine "Trek."

"It is the best magazine put out so far by any relocation center in my opinion," he commented.

Formerly a Washington correspondent for the Los Angeles Daily News, he was in charge of information activities of the Pacific Federal Security Agency before he accepted his present WRA position.

USE GATES--DON'T CLIMB OVER FENCES

START WORK

ON GRAVEL

WALK SYSTEM

of a unified gravel walk system has been started. This system will not only aid in the beautification of the City, but will also serve to minimize the muddy conditions during the rain and snow seasons."

With the anticipated completion of ground grading work, gravel, obtained from a deposit 5 miles northwest of Topaz, will be spread between all the buildings to form door-to-door pathways.

First to have its pathways completed is Block 5.

USE GATES--DON'T CLIMB OVER FENCES

COMMITTEEMEN

TRANSFER \$200

SURPLUS TO CAS

reported by the committee that this sum resulted from the initial contribution of \$188 made by resident evacuees employed outside the Project. The surplus was turned over to the Community Activities Section.

Caucasian friends contributed \$355 to the fund, it was announced.

"Don't Feed the Animals," a one-act comedy sponsored and enacted by George Lewis' high school dramatics class, will be among the many promising features of the Student Association

News Briefs

NURSES: The organization of a block nurse corps was announced this week by the Public Health Department.

At least one block nurse is on duty in every occupied block. Block managers and residents are urged to learn the names and addresses of the nurses attached to their respective blocks.

(The Times will publish a complete list of block nurses in the near future.)

Some of the more important duties of the nurses are: 1. To aid in controlling communicable diseases, especially among children; 2. To make home calls on all children absent from school for more than 3 days; 3. To give first aid treatment; 4. To report any unsanitary condition in their own block; 5. To give care to house confined cases; 6. To assist in pre- and post-natal care; and 7. To check patients before an ambulance is called, except in extreme emergencies.

ICE SKATING: The huge ice rink located south of block 38 is now open to the public, according to Hank Ogawa, chairman of the ice rink project. Because of the weather, Ogawa advised skaters to use the rink in the morning, late afternoon and evening.

No ice boats and coasters will be allowed.

ADULT EDUCATION: Registration for beginners in sewing and drafting at Rec 35 is open all week, the Adult Education Office announced. Two new classes are planned for Wednesday and Thursday from 10:30 to 12:30 PM. A new course in decorative work is being offered to advanced students.
