Seven workers left topaz last Thursday to dismantle 3 buildings at Black Rock, about 70 miles from the City, according to Clyde Tervord of the Public Works division. Joseph Lee, a member of the Caucasian administrative personnel, accompanied the workers.

The dismantling of the buildings, which were formerly used by the CCC, is expected to be completed early this week. The crew is scheduled to return to the City late this evening.

Two of the buildings are 24' by 60' and may be used for housing motor vehicles, and the third building is 24' by 10'.

On the dismantling crew are Yasuto Kato, George Ujihara, Shigeki Kuwahara, Mikey Makemura, Masabu Nakanishi, and Taro Hobbs. Negotiations for the acquisition of other CCC buildings for use by the WRA are now in process, said Tervord.

17 residents were interviewed by Mrs. Mary J. Neuler late last week for possible employment under the Foreign Broadcast Intelligence Service of the Federal Communications Commission, disclosed last Friday.

After completing the interviews, Mrs. Neuler departed Friday afternoon for the Minidoka Relocation Project to represent the FBI there.

The qualifications for employment include high school and preferably college education in both Japan and the United States. Oral and written examinations were given residents who were believed to be qualified. The oral tests consisted chiefly of listening to and translating sound recordings of short wave broadcasts from Japan.
