TOPAZ HAS 3 YOSHINO BROTHERS AS VOLUNTEERS

On the heels of the story yesterday in the Times that 4 Sakura brothers had volunteered at the Manidoka center, it was learned that Topaz had 3 brothers who volunteered for the Japanese American combat team. They are the Yoshino boys—John, Joe and Paul. A 4th brother, Henry, is already serving in the armed forces.

Speaking for the brothers, John Yoshino declared, "We are glad to have this opportunity to show our loyalty and gratitude to the United States by action."

ENLISTEES FORM BODY TO FIGHT FOR CIVIL RIGHTS

The "Volunteers for Victory" will form a permanent organization which will carry on the campaign to regain full civil rights for evacuees, it was announced today after a meeting of a group of 76 volunteers held Thursday night at its headquarters in Rec 4.

Project Director Charles F. Ernst, spoke briefly and welcomed the new volunteers who have offered their services since the general registration. The organization will maintain permanent headquarters in Rec 4 from now until the time of induction and may be contacted there at any time.

Two principal objectives of the new organization were set forth as follows:
1. To dedicate their lives to the creed that all men are created equal, and that people of all races and nations shall have the right of self-determination,
2. To work for the mutual benefit of the volunteers specifically, and for the Japanese American racial minority group in general.

Robert Iki was chairman for the meeting. To complete the organization and to work out a definite program, he named a committee of eleven, of which he is to be chairman. Working with him will be Aki Moriwaki, Dr. Cari Hirota, Walter Nakata, Paul Matsuki, Nobumitsu Takahashi, Ken Baba, Hajime Yoshizawa, Ernest Iiyama, Karl Akiyama and John Yoshino.

One of the objectives of the newly formed organization will be to contact each of the 9 other centers to determine whether they have planned similar organizations and to propose that the volunteer in each center join in a general campaign to obtain full civil liberties.

The group will meet again on Sunday.

MANUAL ON ARBITRATION PRESENTED

Manual on the Board of Arbitration, presented by James Hiroshige of the Legal and Ordinance Committee, was accepted by the Community Council at a meeting held Monday afternoon. This board, created by the Council earlier in the year, will hold hearings on all cases involving civil disputes which concern the residents of Topaz.

A recommendation was made that the Public Relations Committee contact the Community Activities section and the Welfare section to organize a program of welcome to the incoming Hawaiian evacuees.
