## Dual Concert To Be Held July 10

On Tuesday, July 10, at 8 p.m., Mrs. Josephine Albert Spaulding and Mrs. Denise Murray will appear in a concert in Campbell hall auditorium.

Mrs. Spaulding, a vocalist, is a graduate of the University of Oregon. She has coached under Conrad Bos, did graduate work at Juillard, and was teacher of voice for a year and a half at Willamette university.

Mrs. Spaulding is a well-known concert artist in the Northwest, having sung at the Portland Art Museum, with the Portland Symphony, and with the Yakima Symphony. At present she sings for various civic organizations in Salem.

Mrs. Murray, who is also appearing on the program, will present an organ concert. She studied the organ at Columbia university under Howard Murphy, and also under Clarence Eddy of Chicago. She did graduate work at the Eastman School of Music, and has played the organ for various churches and radio stations in Los Angeles. At present, she is a member of the OCE faculty.

MISS BEVERLY STRONGMAN

Miss Beverly Strongman was born in Los Angeles but has lived in South Pasadena ever since. She received her training at Pasadena Jr. college, University of Southern California, Whittier college, and Broad Oaks, which is a nationally known center for kindergarten and primary research.

Miss Strongman has taught at Whittier and at Broad Oaks, where she taught P.E. for teacher's training. At present she is coordinator of the Los Angeles city school teacher training program. She is area supervisor of the American Red Cross, and teaches classes in first aid. She is head of the adult education system in Los Angeles, has been city playground director in the summers, and is a candidate for a doctorate degree at USO.

Miss Strongman has had private training in music, dance, and art, and has taken part in various musical comedies. She is well known for her horsemanship, and has won prizes for her English-gaited thoroughbreds. She is also a swimmer, and has won many prizes in this field. She is the head of 2000 costume makers, has a great deal of interest in costume designing, another field in which she has taken prizes. She has done some model-

## Indian Dancers To Entertain

The Ernestis, an Indian group from the state of Washington, will offer a program which is both entertaining and educational at an assembly to be held on Thursday, July 12, at 11 a.m. A night performance will also be presented in front of the P.E. building at 8:30 p.m. These programs will consist of a series of Indian dances, each explained by Mr. Ernesti, then enacted to the accompaniment of native songs and tom-toms.

While the Ernestis are internationally known as giving the most authoritative presentation of Indian dances from the Northwest United States, their repertoire includes dances ranging geographically from the Kwakiutl and other Northwest Coast tribes all the way to the Pueblo Indians in the Southwest states. A whole lifetime of careful selection and craftsmanship has gone into the costumes, as Mr. Ernesti inherited some which his father obtained as a youth more than 60 years ago.

The Ernestis' adopted father is a Yakima chief. They are members of the Yakima Longhouse dancing society, of Chief Rainbow's Yakima-Puyallup dancing group, and are

## Yachats Trip Planned For July 14th Week-end

Students planning to go on the week-end trip to Yachats are asked to make their reservations not later than Wednesday, July 11.

The trip is planned for the week-end of July 14-15, and arrangements have been made to stay overnight at Sherwood Lodge. The buses will leave the front of Todd hall at 7:30 a.m. on Saturday, and will return late in the afternoon on Sunday.

Among the activities for the week-end are a trip to the Sea Lion Caves, ocean fishing, and trips to the beach.

## Scenery-Fun Are High Points of Trip

On Friday, June 29, 27 students and faculty members left the front of the Monmouth elementary school building at 4:00 o'clock with Mount Hood as their destination. Evidently the bus had been sitting in the sun because the warmth was almost unbearable. However, after starting, it cooled down somewhat and became more enjoyable for everyone.

The scenery through the valley was the chief attraction until the group reached Sandy, when the desire for refreshments took precedence. After a short stop, during which all rested and stretched their legs, everyone returned to the bus and started out again.

A lot of laughing and joking took place on nearly the whole trip, and all enjoyed being able to point out different things to the visiting professors who were unfamiliar with the plants, trees, and other western vegetation. Rhododendrons were blooming profusely, and there was a great deal of squaw grass to be seen.

By the time the bus reached the Ski-way, everyone was ready for supper, so another stop was made here. It was hoped that some could ride the tramway to Timberline, but it made its last trip for the evening while supper was being eaten, so this was impossible.

As soon as the meal was finished, all climbed into the bus again and after a short ride, finally reached Timberline Lodge. Most had never seen it before, so its beauty was given due appreciation. Atmosphere was added to the occasion by a large St. Bernard, which greeted the OCEans at the front door.

On Saturday morning, everyone did just what he desired—some rose early and made an attempt at mountain climbing, others slept in, and still others rode the chair lift and tram car.

The bus left immediately after lunch and started on the loop trip to Hood River. The scenery had changed again, so nearly all hopped around the bus, looking at things first on one side of it and then on the other. There was a great deal of larch, and the comment was made that it is the only evergreen which sheds its needles.

Just before entering Hood River the first Saturday stop for refreshments was made, and just after go-

ing through Hood River, another stop was made for cherries. No more stops were made until Horse-tail Falls was reached, when everyone got out and stretched his legs again.

Supper was eaten at Multnomah Falls, and all climbed around the falls, walked across the bridge, and otherwise enjoyed the beauties of it. The scenic route to Vista House was taken, and after a short stop, the bus went on to Parkrose, where it stopped at the Sanctuary of Our Sorrowful Mother. This was the last stop until Monmouth was reached.

When the bus stopped in front of Jessica Todd hall, the driver sang "Good Night, Ladies" to them, since he and his small son were the only men who took the trip. The ladies answered him by singing "Farewell, Driver." It might be said, in conclusion, that "a good time was had by all!"

### Head of Sight-Saving Class Visits Campus

Mary Lovett, a graduate of OCE, was a recent visitor on the campus. Since she received her master's degree in special education for the blind, she had headed a new program in special education for the blind—a sightsaving class for the blind and near-blind—in Los Angeles. This work has been largely on an experimental basis, but it is expected that it will be expanded in the near future.

Miss Lovett taught in the Salem city schools for several years, so many students are probably acquainted with her.

### ACEI Sponsors Meet

A get-together, sponsored by the ACEI (Association of Childhood Education International), will be held in Todd hall on Wednesday, July 11, at 8 p.m. The purpose of the meeting is to introduce the PTA, OEA, ACEI, and Junior Red Cross, and to explain their usefulness to the teacher.

Musical entertainment will be furnished by Miss Rosa Zimmerman. All OCE students are invited.

welcomed by Indians throughout the Northwest as true friends who have done much to perpetuate old

Indian customs.

Both Mr. and Mrs. Ernesti are university graduates. Mr. Ernesti took a degree and did graduate work in the anthropology department at the University of Washington, where he remained for some time, serving also as a guide in the Washington State Museum. Their son of six winters is a promising student of Indian dances, which he presents with gusto.

**5¢**

The Grill at Scott Hall is one of the favorite campus haunts of the students at Northwestern University. That's because The Grill is a friendly place, always full of the busy atmosphere of college life. There is always plenty of ice-cold Coca-Cola, too. For here, as in college gathering spots everywhere—Coke belongs.

Ask for it either way... both trade-marks mean the same thing.

## MES Recreation Group Plans Trip To Beach

The afternoon recreation program at MES was well initiated by an afternoon field trip to Champoeg State Park on Friday, June 29. This was the first week of the program and besides the Friday trip, there was a Thursday swimming trip for the boys and a Saturday swimming trip for both boys and girls. It was a successful initiation for both the students and the instructors. The only casualty happened when a young girl ran into a bee's nest and was rewarded by being stung four times before she could get away.

Forty-four children went on the trip to Champoeg Park, and from 25 to 30 went on each swimming trip.

The week of July 4th was a short week for the recreation program, since no trip was scheduled for Friday, and no swimming group on Saturday. This left Monday, Tuesday, and Thursday, as the only days for recreation during the week.

The recreation staff would like to remind the parents that a signed permission slip must be sent for each trip the students go on. It is very hard to have to tell a young boy or girl he can't go when he comes without his permission slip, but it must be done. Only those who are in the fourth grade and above can go on any of the scheduled trips.

Over-night trips are planned in the near future, with the first one scheduled to leave at 12:30 p.m. on Friday, and to return at noon on Saturday. The trip will be to Short Sand Beach, on the coast.

Each student going on the trip will bring his own bedding and sufficient clothing, but will not bring any food. It is planned for the staff to purchase food in quantity and to save on expenses in this manner. Each one will bring \$1.50 as his share of the expenses, and any excess will be either refunded equally, or used on future trips.

### NOTICE

Students wishing their 1951 summer session credits sent to the State Department of Education for certification purposes, are asked to sign the sheet posted on the bulletin board in the Administration building. Anyone completing requirements for graduation should not sign this sheet.

## New Director of Dorms Is Residing at Todd Hall

Miss Virginia Kempston, newly appointed director of dormitories, is now residing at Todd hall for the remainder of the summer session. Miss Kempston comes to OCE from the Florida State university at Tallahassee, where she maintained the position of women's counselor on that campus. Miss Kempston's main responsibilities at OCE will be director of housing facilities and college dietician duties.

Miss Kempston replaces Mrs. Lorna Jessup, who plans on retiring this year. Mrs. Jessup's tentative plans are to be in Corvallis this fall, following a much deserved vacation at Road's Inn on the coast.

## Open-House To Be Held By Music Workshop

An open-house in the Elementary School Music Workshop will be held on July 12 from 10:00 to 11:00 a.m. and from 2:00 to 3:00 p.m. It will be held in room 120 of the Monmouth elementary school and everyone is invited to observe at this time. Miss Josephine Mitchell, director of the workshop, is in charge.

## Is Sportsminded

(Continued from Page One)  
ing, but likes sports best.

Her first trip to Oregon was last year, when she came to OCE. She thinks Oregon is wonderful—"no smog, traffic jams, no noise"—and

when she was asked to come back, she "didn't take long to say yes." She congratulated OCE on its friendliness, and believes there is nothing like it.
