New Organization For Lamron Staff

Several major changes in the organization of the Lamron staff are being put into effect this term. Plans for all of this is a new faculty adviser, Mr. Parker, who is taking over Mr. Ross's position.

Decker

Decker received his injury Saturday night, September 23, during the first half of the Pacific university game which the Wolves lost 13-7. It wasn't until Friday night before he was finally taken to the hospital. "Big Hank's" injury was revealed to Coach Bob Metzler, X-rays showed a fractured bone in his lower left leg, which will take from four to six weeks to heal.

The news was quite a blow to Decker, also, for since he was to be his last college football season. Decker's replacement for Decker will be either Ed Daniel of Tim Hill, both transfers from Compton Jr. C., Compton, Calif.

First Broadcast Features Maaske

OCE goes on the air Tuesday at 7 p.m. in the first of a weekly scheduled to the community. Originating from the playing of mixers, folk and square dances. The audience of the Willamette valley. She spent Christmas in mark, Sweden and Scotland.

Debaters To Discuss New U.N. Set-up

"Resolved: that the non-communist nations should form a new international organization," is the question which the debate team will debate during this year's competition.

Students of the speech class, under the direction of George Hard, will be taking part in the debate. As for tape recording for these programs, and requests for estimates on library furniture have been placed with seven furniture suppliers. According to Mrs. Hofstetter, a furniture order will be placed some time next week after additional furniture samples have been examined. Several types of tables, chairs, and a desk are on display in the library reading room. All of the heavy furniture will be of beaded oak. Green-gray upholstery will be used for the floor of the new library. The woodwork floor will be of pastel-color asphalt tile. Beige-gray asphalt tile will cover the floors of the audio-visual room and the black rooms. Dark green asphalt tile will cover the floors of the downstairs lounge, the faculty lounge, and the colorfully lined reading room. The desk in the pamphlet room will have a light green for sets.
Tom路段 Well, Lewis B. Hershey, director of selective service, was asked the same question last week. As it now stands, the chiefs of staff are working for a goal of a three-million-man army—a standing force for the next seven years. "In order to reach this goal," said Hershey, "we will have to do one of two things both. We will either have to extend the age limitations, or we will have to select men for selective service. The former would start drafting single VETERANS UNDER THE AGE OF 26." That's the scoop from the big wheel, so you can draw your conclusions.

Many of the younger non-veterans are getting their orders to report for armed forces physical examinations. If you are clever, and don't relish the idea of traveling a long way to take your physical examination, you can go to the local selective service office and fill out an application for transfer to Salem to take your armed forces physical examination, as the clubs have been notified that your induction papers will come from your own selective service office—the office at which you registered.

How about deferments? Information in this field is not to be found, as some who received a bid from Uncle Sam were deferred, since they could prove that they had intentions of attending college and were in the upper 25 percent of their class. Whether or not this policy will be followed in the future is a long lost mystery, but who knows?

The fellows in the reserve units of the army and navy, of course, are in a different category. In deferment for military purposes, don't get your danduff up, men, you might find a HOME in the army.

European Tour

(Continued from Page One)

Paris was delighted in late summer—full—of its proverbial beauty, England, Edinburgh—wonders. We also visited Versailles Palace, and the lores of Marie Antoinette and Louis XVI, plus the Hall of Mirrors. While in London we spent five days going to the sights, including the Tower of London, the Palace of Westminster, Hyde Park, the Buckingham Palace, the British Museum, etc. At Stratford we attended the grand Shakespearean production, King Lear—"the sole stealing, lightning eye, and continuing unadorned." We had a tour of the various Oxford colleges—New College, Christ Church, Magdalen, and Lincoln. In France we visited the Louvre, the Eiffel Tower, and the great universities of Paris.

We then crossed the English Channel by train to London where we spent several days seeing the sights, including the Tower of London, Whitehall, Westminster Abbey, the Houses of Parliament, the British Museum, etc. At Stratford we attended the grand Shakespearean production, King Lear—"the sole stealing, lightning eye, and continuing unadorned." We had a tour of the various Oxford colleges—New College, Christ Church, Magdalen, and Lincoln. In France we visited the Louvre, the Eiffel Tower, and the great universities of Paris.

In any event, don't get your danduff up, men, you might find a HOME in the army.

Tod Hall Gets New Regulations

A new plan of regulations for the Valley High School was approved by Tod Hall administrators. This plan, which was approved by the Board of Education, contains such items as: Dorwin Durose is the new president, Betty Severson, dean of women, check on noisyasonic, help with any problems, and help in emergencies. The principal, Windom, freshman classes, is the new assistant principal and receive one hour of credit for four periods. Quiet, hour from 7 to 9 p.m., or for faculty and assistants in the school. Women must remain in their respective rooms or go to the library until 10 p.m. Female students must go to the quiet hour until 5 p.m. and return after quiet hour. If you are clever, and don't relish the idea of traveling a long way to take your physical examination, you can go to the local selective service office and fill out an application for transfer to Salem to take your armed forces physical examination, as the clubs have been notified that your induction papers will come from your own selective service office—the office at which you registered.

Vets Informed of Subsistence Change

The following notice is of special interest to all veterans on the OCE campus:

The payment of subsistence allowance due for September, 1950, to veterans in training at OCE during the fall term, 1949-50, will be made as outlined below:

The payment of subsistence allowance accruing during September for periods of 10 days or less will be deferred until October 31, 1950, and checks covering the accrued amount for the months of September and October will be mailed in most cases as of October 31, 1950. Subsistence allowance accruing in September, 1950, for periods of more than 10 days will be paid insofar as practical as early as possible in the month of October, provided that there is no undue delay in the receipt or processing of the proper forms.

Under the above plan some veterans at OCE may receive subsistence checks for September, whereas others may not receive them until early in October after October 31. Veterans are requested not to make inquiry to the Veterans Administration regarding subsistence checks until after November 10, 1950, in order to avoid any interruptions in the processing of the checks.

1-1-1.

The most serious impediment of a man's speech is the inability to say, "no."

Griffin To Show Films

Mr. Robert Griffin representing the Society of Visual Education will address the class on Tuesday at 5 p.m. in room 110 of Campbell hall. This session is open to all students interested in visual aids. Mr. Griffin will demonstrate the use of two slide and show different types of equipment. A demonstration will also be given on the new model film projectors.

The following notice of special address the class in visual aids on the College of Education, was held in Maple Eugene Blair hall on October 1950. A graduate of this College, well under way on this new and big project, was Mr. Griffin has been with the Society of Visual Education for 20 years.

German Refugee Tells Of War Experiences

By Adelaide Albee

When I was asked to interview Evelyn Closson, a war refugee, only two months after her trip to see her grandparents in Northern Germany, I found her under the impression that there had been rumors of war, that her grandparents had wanted to return home, and that they wanted to visit their home town and their aged parents once again before the war happened. War broke out and broke the dreams of the German refugee in the trip that would be impossible for them to leave the country safely. Their return was foiled and turned into a forest eight-year-old story.

Luckily they were able to stay with their American grandparents, and upon arrival in the United States, Evelyn's parents wanted to return home and they went to speak to their grandparents to see how familiar they were with theＣonstitution and was consulted by her grandparents, and upon the struggle to keep English fluently and completely forgot how to speak English. She learned to live to us on, oakdale, and retabulated. She got used to the sound of hundreds of bombers in the town where she lived, and only 100 miles off. When it finally was all over, and after endless red tape, Evelyn was the first of her family to return to her parents and she was an American citizen. The things that impressed her most on her return to New York City was the number of automobiles in the country and the first thing she said was about the classrooms, and the classrooms had only five students and milk shake. From New York, she returned to her home in Portland. She attended Grant High school and where she had a difficult time to recall the facts for two years, and then she returned, and then she was finally forced as family again. Their "vacation" was ended.

Evelyn says she would like to go back again sometime to see her friends and to finish the tour of Europe that she barely began, but she states firmly, "Not in time like these!"

Movie Fees Planned

The following notice is of special interest to all students at the Associated Student Body, was held on Tuesday, September 26, 8 p.m. in Clark hall. Students attending the movie will remember the first feature, a cartoon titled "The Square Groom Man in Black." The main feature, "Yellow Sky," starring Gregory Peck and Anne Baxter, was a good western and was enjoyed by all who attended it. "Bless Their Little Hearts!" are for future movie plans are to have them once a week, or at least once every other week on Fri day. The admission fee of 10 cents will be charged for these movies and the profits will be sent to our adopted Belgian orphan, Walter E. Raye.

Hockey Dance Was a Hit

An all-school dance, given by the Associated Students of Oregon College of Education, was held in Maple ballroom on Monday, September 26, from 9:30 to 11 p.m. Approximately 200 students and faculty members attended.

Purpose of this dance was to provide returning students, freshmen, and transfer students with an opportunity to become acquainted.

Miss Truly Kent, a student committee chairman, was in charge of the dance. She was assisted by the Officers Council.

Housing Shortage Causes Confusion

Shoelaces! Screams! Thundering feet! Has Jack the Ripper appeared? Has an atom bomb been dropped? No, it's just another man entering West house by mistake. Due to the increase in dormitory enrollment during September for students expecting to return for the fall term, there were nearly 200 students expecting at least a roof over their heads, so to accommodate them, the housing shortage has been moved out of West house, and women installed in their place.

This has led to some embarrassing situations when alumni friends or prospective students at the University of Oregon or Oregon state college wonder into West house expecting to find men. To their surprise they are greeted by women in their dormitory. The men are not permitted to use the women dormitories and the women are not permitted to use the men dormitories. There is no undue delay in the receipt or processing of the proper forms. Subsistence checks may receive subsistence allowance for September, whereas others may not receive them until early in October after October 31. Veterans are requested not to make inquiry to the Veterans Administration regarding subsistence checks until after November 10, 1950, in order to avoid any interruptions in the processing of the checks.

The summer session on special education at OCE was recently enlarged, there are radio services that there are chairs, so the plans have been put into effect. Now food is being dealt out early and late, and the confusion is slightly reduced.

There are no rooms available, but quite a few rooms that people are having to share with people that are not suitable, but everyone is bearing up under the situation. No one has been shown an attitude that the people are having to share the rooms. Wolves Wallop Red Raiders, 40-0

The OCE Wolves humbled the Red Raiders from Southern Oregon College of Education Saturday night by a smashing score of 40 to 0, at the Monmouth fairgrounds in a game played for all of Oregon.

OCE's offensive unit ran as will through the speedy Red Raider line for a total of 22 great downs. Southern Oregon was held to a mere four first downs for the evening, by the defensive team of OCE, and only two chances to score were theirs.

Led by Jim Crull and Melon Lee, halfbacks, the Wolves scored in every period. Crull established a new record in points scored by three of the Wolves' six TD's. His first score was on a 20-yard rumble through the center of the S.O.C. line. He again tallied with a seven-yard punt over right end. In the second quarter, Robin Lee sprinted eight yards on a reverse which was fumbled for another score. It was the same fumble that last year scored all five TD's against S.O.C. in a contest played at Ashland, Crull fell for the yard 22 by breaking over from the five-yard stripe. In the third quarter, O.C.E. Quarterback Daniel completed a pass to End Will, which went for 44 yards and the fourth O.C.E. score. The Wolves finally tallied a move by Chuck Tin- son, who fumbled over from his own two-yard line, Tinson, up from back yard freshman team, looks away for an easy touch-down. All in all, the game ended with a penalty. Daniel completed from out of six converter attempts.

The Wolf's defense was "incredible" Caspero and Bill Paulhut, the "mighty nine" linemen.

Stadium:

OCE SOCE
First downs 22 4
Passes attempted 12 13
Passes completed 9 9
Yards gained rushing 281 25
Yards gained passing 120 46
Total yards gained 401 60

Football Rally Held

A football rally, given to arouse student spirit for the O.C.E.-Southwest game, was held in Campbell hall about noon Friday morning. After a happy group of the band, and several announcements by Paul Lee, O.C.E. president, Coach Bill Mc Arthur gave a brief review of previous games between O.C.E. and Southwestern, and told of the upcoming ball team, injecting pertinent remarks about each member.

The yell leaders led the assembly in several yells, and with the aid of the band, gave a different twist to one of the yells.

Orchies Plans Year

Orchies, the O.C.E. modern dance club, is now planning its yearly schedule. Plans include creative composition, school assemblies, trips to other college dances and universities, and to increase the enjoyment of the students. During the year, the students should attend dances in which Orchies are engaged.

The regular meetings will be held every Thursday at 4 p.m., starting on October 3.

Wolves Lose to Pacific University

Hallick (Tuskegee) tossed two touchdown passes to give Pacific University a 13-7 football triumph over the Oregon College of Education. Junior Linus in a game played in Forest Grove Saturday night. It was the second season of the Wolves and the second pre-conference victory for the Jaguars.

Pacific scored in the opening minute of the first quarter when Hallick tossed a 10-yard pass to Eddy, climaxing a 64-yard drive that started when the Wolves recovered a Wolf fumble. O.C.E. scored to the front early in the next quarter when Hallick tossed a 3-yard pass to Eddy, climaxing a 9-yard drive that started when the Wolves recovered a Wolf fumble.
