For several years, the welfare committee was one of the most active groups on campus with respect to counseling and the students' interest. In recent years, the committee has been forced to reduce its student counseling activities and become more receptive to the student council for action. At this session, the group offered suggestions to Mr. Leislaul, registrar, to improve pre-registration.

International Christian University for Japanese Is Western College Project

A project to establish a great university in Japan is now underway. Sponsored by the Japan Inter- national Christian University Founda- tion, Inc., this is primarily a pro- ject of the people and is not sup- ported by government grants, or is it supported.

One of the primary functions of the International Christian University is to train the professional leadership from all over the nation. The university is an atmosphere of freedom, democracy, practical internationalism and ap- proachability.

In the beginning it will include a college of liberal arts and a junior college in education, public affairs, and social work. Other departments will be added as funds become avail- able. From the outset the personnel of the university will be international, with about half to be selected from the Western countries. The student body, of course, will be predomin- ntly Japanese, but it is the definite aim to attract students from the students and faculty will live on the campus, thus providing a communal opportunity to practice democratic cooperation living.

This university will not compet- e with any existing colleges in Japan, but it will supplement them. The Japanese people are very afraid of this project and within the next month a comprehensive defense of $420,000, which in relation to the national economy is equivalent in the United States.

Maple Hall -- Or 'Wreck' Hall?

There is nothing new in the discovery that a person with a criminal record usually has a difficult time finding a job in society. All the same, there is much hope for his chances for greater success in life by participating in an activity which caused a blemish on his record. Likewise, it is true that individuals who wish to enter the teaching profession are spelling their chances of great advancement in this field by a seemingly unnoticed blemish on their record. This would be very evident to anyone visiting Maple hall, the student recreation center.

Maple hall is a mirror reflecting the social habits of OCE students. Much of the time, the reflection is not a very pleasing one, and visiting educators and employers are not pleased with this reflection. Occasionally, every semblance of cleanliness is lacking. The employees at the recreation center do their best, but, apparently, even this is not enough for pretty Mrs. Fritz who的教学 is displayed by example as well as by instruction. It is absurd to think that some people, who contribute, forgetfully, to the social ill grace of the place, to the wonderful way Maple hall is made, are the same ones who are supposed to set the example for impressionable youngsters. It seems comically tragic that such individuals have apparently overlooked the most elementary rules of personal and social conduct. Is the age of personal responsibility dead?

Any student who expects to leave this college and find a job and a respected position is going to have to do more than think about the reflection of social conduct now cast at Maple hall. As a whole, it is past time that the students of Oregon College of Education are to "get it all back" and improve the reflection in this social mirror, which could, at times, be referred to as the "Wreck Hall." -ST.S.

Coach Knox's Cagemen Open Season with Valets

Knox's Bob Knox's standby time paying basketball squad played its first practice game of the 1950-51 season Thursday night when they opened Valets at the OCE gymnasium.

The cage men have been working for the past month on fundamentals and other necessary skills. Coach Knox has been trying to find a five-man unit for his offensive line, and he has been switching his men to different positions. Stand-outs so far are: David Ausmer, last year's center, who is not playing forward; Bob Bushball, a running fullback, at his guard slot; and Rapewy Hutchins, a 6-foot, 3-inch guard, who is shaping up as a good goal. West Harris and Charlie Humble are also improving with their smooth ball handling and have shown their eyes on a starting position. Howard Ruffin, a transfer from Vancorps college, is looking good at the forward spot.

Coach Knox has not yet named his starting lineup for the game, but he is expecting to field a good quintet against Portland Thursday. Many of the football players will be turning out this week since that schedule is now completed, and Knox will probably use some of them as subs to give his team a boost.

First Round of Pigskin: Fray Goes to Sexy Six

The Sexy Six won the first round of the intramural football championship by defeating Mulkins' Slushers 32-12 Monday afternoon at the local football field.

Clausen Buckley completed 13 out of 18 passes to his teammates, Lita Jensen, Robert Bushnell, Charma Humble, and Louis Pinkston.

The lone score for the Sexy Six came in the last period by winning their driving offense, Don O. Rex. Theoretically both teams still have a chance to win the intramural football. As it now stands, Sexy Six has won the first round and will meet the winner of the second half of the schedule in the championship game.

This gives the team that loses in the first round a chance to stay in the league and possibly go to the winner.
