OCE will go into the winter term minus one of its newer, yet very well-known, instructors. Mr. Oliver Heinzelman has accepted a job as a professor at Oregon State College at Corvallis. According to his present plans, he will be teaching much the same course as he has here but will also enter the specialized field. The USSR and Europe probably will be objects of his research.

However, Mr. Heinzelman will still be seen around the campus for some time, since he plans to live in Corvallis and commute to Corvallis. "I just hope the students will not forget that I used to be more directly attached to this institution," he said. The reason for staying in Corvallis is to be more directly attached to this institution. "I just hope the students will not forget that I used to be more directly attached to this institution," he said.

Although Mr. Heinzelman was born in Wisconsin, he thinks of Washington as his native state. His home was established near Central Washington College of Education, located at Ellensburg, and went on to the University of Washington where he received his master's degree in the spring of 1946. He stayed at the U. of W. for one more year in the capacity of graduate assistant professor of geography, and came to OCE in the fall of 1947. He returned to the university last summer as an assistant professor but was back at OCE when fall term started.

When Caesar had taxing over the land People came flocking to Bethlehem. On they came from far and wide, and with them Mary at Joseph's side. They tried to find a place to stay But all they could find was a bed of hay. But all they could find was a bed of hay. While the wise men from their journey were tired and worn As shepherds watched o'er their flocks by night An Angel came from a lofty height, bidding them go to Bethlehem and find The wise men from afar Came, guided by a wondrous star. Lay down the gifts they brought They gave thanks to God for the One long sought. There was rejoicing all over the land With Angels singing like a mighty band: Because they had heard of the Savior's birth The one who had promised to gladden the earth. And so on this anniversary of His birth May there be joy once more on earth, And in your heart contentment too, And happiness all year for you. -Josephine Miller

Christmas Ideas Are Recalled

By Keith Clark

As the Christmas time again draws near and the usual flurry of preparation and anticipation is evident in the geography department, the Christmas season begins to move. Christmas shopping. Christmas greetings. Christmas finals are all topics in the people's minds. It is as though an unseen operator had pulled a switch in our mental wiring system. Mark Christian.

Our thoughts turn alo to that ancient, most precious tale in the literature of men. The Christmas story. According to his present understanding, Christmas feasts are all topics in the people's minds. It is as though an unseen operator had pulled a switch in our mental wiring system. Mark Christian.

As Caesar had taxing over the land People came flocking to Bethlehem. On they came from far and wide, and with them Mary at Joseph's side. They tried to find a place to stay But all they could find was a bed of hay. But all they could find was a bed of hay. While the wise men from their journey were tired and worn As shepherds watched o'er their flocks by night An Angel came from a lofty height, bidding them go to Bethlehem and find The wise men from afar Came, guided by a wondrous star. Lay down the gifts they brought They gave thanks to God for the One long sought. There was rejoicing all over the land With Angels singing like a mighty band: Because they had heard of the Savior's birth The one who had promised to gladden the earth. And so on this anniversary of His birth May there be joy once more on earth, And in your heart contentment too, And happiness all year for you. -Josephine Miller

I.R.C. Features Hawaiian Lecture

The next meeting of the club is scheduled for the second Tuesday in January.

"Christmas Story" Theme of Poem

"One World at Christmas" is the theme of the displays in Mr. C. J. Noxon's room, Adm. 308, which have been prepared by members of the class in Junior High School. Interesting are the exhibits and posters depicting Christmas customs in many lands.

Exam set for December 16 and 17

Final examinations will be given on Thursday and Friday, Dec. 16 and 17. Class periods for these two days will be lengthened to allow 55 minutes for each period. Examinations will start on the hour and warning bells will ring five minutes before dismissal. Examinations not scheduled between the regular class hours on the following days: Tuesday and Thursday classes on Tuesday, December 14; Monday, Wednesday, M.W.F., and M.W. Thursday classes on Wednesday, December 15.

Tuesday, December 14

8:15 a.m.-Hol. Hist. Survey I & III, CH auditorium.

9:35 a.m.-Gen. Psychology I, CH auditorium; Educational Psychology, Adm. 208.

11:15 a.m.-World Literature I, CH auditorium.

11:55 p.m.-Applied Mental Hygiene, CH auditorium; School Organization, CH 111.

11:55 a.m.-Personal hygiene, CH auditorium;

1-1:55 p.m.-Applied Mental Hygiene, Adm. 208.

3-3:55 p.m.-American Literature I, CH auditorium.

4-5:10 p.m.-English Composition I, CH auditorium; Educational Tests and Measurements, Adm. 308.

2-3:30 p.m.-Applied Mental Hygiene, Adm. 208; American Literature I, CH 110; Russian of Math., Adm. 308.

3-4:15 p.m.-English Composition I, CH auditorium; Children's Lit., Adm. 202.

4:15-5:00 p.m.-Applied Mental Hygiene, Adm. 208.

5:00-5:15 p.m.-American Literature I, CH auditorium.

5:30-7:00 p.m.-Psychology I, CH auditorium; Educational Psychology, Adm. 208.

5:35-6:35 p.m.-Physics I, CH auditorium.

Exams set for December 16 and 17.

Christmas ideas are recalled by Keith Clark.

Mattress Records Offered at A.A.

Handel's "Messiah," as recorded by the London Philharmonic orchestra and the famous Hus­ tadt, Minnesota, will be heard on this week's Music Hour which will be held in Arnold Arms instead of the usual hall as usual. The program will be held this evening and will begin at 7:30. Because of the crowded schedule, the program will begin earlier than usual.

There will be a short intermission about nine o'clock at which time refreshments will be served.

This is the last program of the fall term series of Music Hours and everyone is invited to attend.

OCE Chosen Rose Bowl Favorites

As the football season comes to a close, and people become "foot-consumed," much speculation is made as to which college will be qualified to represent its section. Following is an article taken from the OCE Almanac which in future proves that OCE is actually the best in the country this year and the team that should be going to the Rose Bowl.

I have recently done some research and have found that neither California nor Oregon should be expected to represent the Pacific Coast in the Rose Bowl. Right here in the state of Oregon we have two teams superior to Michigan, the University of Oregon and the University of Washington. But Oregon, although a very fine team, seems utterly fantastic, but we have figures to prove this statement.

Earlier in the season the following games were played with the following results:

Portland U. 6, Willamette 5
Portland U. 0, Oregon State 44
Willamette 13, Lewis & Clark 5
Lewis & Clark 3, Pacific U. 41
Pacific U. 0, Southern Oregon 14
Thus from the following sources (Continued on Page Two)

Our Christmas Carol

I.C.R. Features Hawaiian Lecture

Last Tuesday evening in room 115 of Corbell hall Mr. Anton Pedersen of our faculty gave an illustrated lecture on Hawaii. Mr. Pedersen, himself an alumna of the University of Hawaii, was able to relate many interesting experiences of his own while a resident of the islands. The lecture was given under sponsorship of the International Relations club.

ISN'T IT WONDERFUL?

OCE students might be said to be unusually fortunate. Art and music are recognized as two of the most important elements of any culture. To appreciate such elements, we must keep at least some study music is one way. Where else is it so easy to take advantage of both these requisites to appreciation than in the OCE library? In this connection, we must not fail to mention a most interesting ending which is at least as noteworthy as any which could be given in the art room that refuses to go unmentioned. This provides the rhythm for musical study, and, certainly keeps the students art conscious, isn't it wonderful?

A LITTLE WORD OF CAUTION

Once more the Yeulide season is just around the corner. The season when all the college folks have big sales (and charge two prices) which the patron pays without the normal amount of groaning. This is because we could never do to be unhappy about anything during this season of Christmas cheer and spirits.

However, one little word of caution seems to be in order. The Yeulide spirit is almost inevitably bolstered with a few "Yeulide skittles" of the rate of automobile accidents makes a sharp rise, it is hoped that students from OCE will anticipate New Year's enough to resolve not to drive while in a state of Yeulide "spirit exuberance."

On Wednesday, December 13, I will leave OCE to take a teaching job in the University of New Mexico on the night of the 12th. The evening of the 12th in the campus house will be my last night in the building. In my absence, the campus house will be vacated. The following evening of the 13th, the Yeulide House of the Yeulide House of the Yeulide House.

A new chapter begins for me with the prospect of new opportunities and adventures. It is with mixed emotions that I bid farewell to this wonderful community of students and faculty with whom I have been privileged to work and grow. I leave behind many fond memories and cherish the friendships that have been forged during my time here.

Beyond the campus house, a new chapter awaits. I look forward to exploring new challenges, learning from different perspectives, and continuing to grow as a teacher and scholar. The Yeulide House will be in capable hands as it continues to serve as a cornerstone of community and support for its occupants.

Wishing everyone a safe and happy holiday season, I will be back soon with updates on my new endeavors. Until then, keep the spirit of Yeulide alive and well.

Sincerely,

Council Members Plan Changes
At the last athletic council meeting it was voted to charge a half cent a mile to students who wished to attend out of town games and ride on the bus. The remaining expenses will be taken from student body funds.

W. Bruce Exalmon, ASOCE president, suggested that, beginning next term, both council meetings on Monday evenings at different hours. The athletic council approved this plan and the matter will be brought before the social-educational council this week. The tentative plan is to have the athletic council meet at 7 p.m. and the social-educational council meet at 1 p.m.

The chairman read and the council accepted the resignation of Orman Woodenson, WLA commissioner. His stated reason for resigning was because he will no longer be enrolled at OCE after this term. It is understood she is preparing to become a lawyer during the coming Christmas vacation.

If the vote of the student council means anything, the gymnasium will be "open" for intramural basketball practice on Sunday afternoons between the hours of 1 and 5. Lee Winters, intramural commissioner, is looking into the matter of financing the program.

Winter Registration To Begin January 3
The registrar's office announces that winter term registration will be held in the gymnasium on Monday, January 3, beginning at 10 a.m. and continuing until 4 p.m. Registrants are urged to begin registering early on Monday so that the gymnasium will not be crowded by 4 o'clock.

Students who register after January 3 will be charged a late registration fee of $1 for the first day with a $1 increase for each additional day—until a maximum of $8 is reached. No registration will be accepted after Saturday, January 15.

Bearcats Swamp Wolves, 61 to 30
The OCE Wolves tasted their first defeat of the basketball season last Tuesday night as the Oregon Eastern Bearcats upped them by a score of 61-30. The Willamette boys suffered defeat at the hands of the Cats for the last year when the two teams met on the OCE floor but Tuesday night's game completely overshadowed the previous contest.

Herb Smith, OCE forward, drew first blood on a lay-in but the score was tied by Jim Johnson of the Bearcats in the first half. After that it was the Bob and Jim Johnson combination which put the Bearcats into the lead and held them there. The Wolves were handicapped in the latter part of the game when Bob McKee left the games on a手续. However, the Willamette hoopsters were never seriously threatened, leading 25-11 at half-time.

Transfer Veterans Warned by V. A.
Veterans studying under the G.I. Bill who want to transfer to another school at the end of the fall semester should notify the Veterans Administration at least 30 days before they intend to make the change.

To enroll at a new school, the Veterans, the student-veteran needs a supplemental certificate of eligibility. He also needs a statement from his present school showing that his progress there is satisfactory.

A student-veteran may obtain a supplemental certificate of eligibility by applying to the VA regional office which has his file.

Arnold Arms
There is a real air of study about Arnold Arms as the finals draw nearer and nearer, as we are trying to make good grades for ourselves and also give the course a good record.

With all the things we have still managed to get that Christmas spirit, we plan to have our house warming, Christmas trees, change of gifts, and a small party among ourselves.

OCE Bowl Choice
(Continued from Page One) we see that Willamette is 3 points better than Palmer and McKee, Lewis & Clark is 1 point better than Willamette; Pacific is 4 better than LG, and Southern Oregon is 14 points better than Pacific.

From this scientific method we may conclude that Southern Oregon is 6 points better than Willamette, 59 points better than Portland and therefore 33 points better than OCE since OCE is only 26 points superior to Portland U. Southern Oregon is also 61 points better than UCLA, Southern Oregon is 8 points superior to Michigan State since they are 33 points better than OCE while Michigan State is only 25 points better than Michigan. But Monmouth (GOC9 defeated Southern Oregon 13-4, a margin of 7 points, which also makes Monmouth 9 points a better ball club than Michigan or a touchdown favorite for pre-Bowl odds—Bill Meade.

Wolves Defeat
Clark JC 60 to 55

The OCE Wolves regained their stride last Saturday night as they rallied during the second half to edge out a 69-55 victory over Clark Junior College in a game played in Vancouver, Washington. In an earlier game, OCE defeated the Juniors 26-20.

The Vancouver boys held the Wolves in check during the early stages of the game and ended the first half with a 23-25 lead. However, as the second half proceeded the Wolves warmed up and took over into the lead. Marc Hiebert led the Wolves with 14 tallies. Gene Hetorew and Jeff Palmer trailed close behind with 13 points each. It was the accurate shooting of these two that gave the Wolves the winning lead in the second half. The line-up: OCE 98 15 Check, J.C. Smith, T F Denkley, 4, Paul F. Palmer, 13 C 32, Smith McKeer, G 8, Walker Holzer, 13 G 11, Edwards Subs: OCE, Schulte, Hiebert, 14, Johnson, 3, Mattison 2, Clark J.C., Robertson 4, D. Edwards, 6, Gran­ ber, and Bartholomew.

One of the most versatile athletes at OCE is the ex-Dallas high school star, Marvin Hiebert. Not only does he keep us aware of his presence on the basketball floor but on the football and baseball fields as well. Marc has participated in sports, with the exception of his "service time," since he entered high school. This is his third year at OCE and as usual he is starting in all major sports.

This same versatility, plus his popularity, won him the title of College Club "sweetheart" last year. He is the choice of the coaches as one of the most reliable and steady athletes.

INTRAMURAL ITEMS

As intramural basketball teams entered the third round of play, four squads had yet to tasted defeat. Ramsey's Ramblers, Vets Village Beef Trust and the Hoodoos each had two wins, while the Vets Village Brain Trust had one.

Leading scorers of the week were Jack Roemer of the Hoodoos who tallied 15, Ted Martin, also of the Hoodoos, and hip Kirby of East House with 13 each. In the only other game of the week, West House defeated the Burglars 26-22.

Marv Hiebert Hailed as Versatile Athlete

One of the most versatile athletes at OCE is the ex-Dallas high school star, Marvin Hiebert. Not only does he keep us aware of his presence on the basketball floor but on the football and baseball fields as well. Marc has participated in sports, with the exception of his "service time," since he entered high school. This is his third year at OCE and as usual he is starting in all major sports.

This same versatility, plus his popularity, won him the title of College Club "sweetheart" last year. He is the choice of the coaches as one of the most reliable and steady athletes.

SPORT SHORTS

By Barney Stadias

Next week's game here is a big one. The Wolves' opponents will be the Lumberjacks of Humboldt State who, as will be remembered, gave our football team a rough afternoon last month. The bas­ ketball team, gaining experience in each encounter, may be in a position to carry the 2-earlier de­ feat.

No causal alludes, or melt-like for the Whilhite catastrophe. OCE's play was far from the stimu­ lating variety, and the结果s undoubtedly have a good team. However, from our viewpoint, the difference between the two clubs in not as great as the score would indicate. Let's remember that score when the Wolves and the Metzchen clash later in January.

Tuesday night's contest will be with Pacific U. on the Badgers' home floor. The Forest Growers lost last out to the Clark.J. Duck's last Tuesday. However, comparative scores do not usually mean much, and the game should be first-class. The Badgers have the advantage in that the game will be on their home court, which fact is often important in deter­ mining the final outcome.

Jackson High of Portland plans to have a monopoly on the production of OCE's. The tradition, judging from this year's selection of most-valuable player and of team captain, both Robin Lee and Don Rucker learned their fundamentals at that insti­ tution. Incidentally, Rucker has now received both of those honors, since he was the choice for MVP, last year. Congratu­ lation to them for their fine work, and to the team for an excellent selec­ tion.

Coach McArthur, when inter­ viewed recently, was infor­ medal on the chances of his J.V. basketball squad this season. However, judging from the man­ ner in which they have played thus far, McArthur has little to worry about. Especially impres­ sive in the first outing were Mit­ chell, Thayer, and Will. The ten­ dency is for the students to over­ look the J.V. teams, forgetting that they will be the vanillas of the future. It is on a freshman team that the players gain exa­ erience, and for their work, they should have the support of the student body. Let's all turn out for the J.V. panners!
