Assembly Given for Student Recognition

A recognition assembly for the OCE student body was held in the Campbell hall auditorium on Wednesday, January 21, at 2:00 p.m. First, Dr. Bob Maaske was introduced as the guest speaker. Dr. Maaske commended the student council and the campus organizations for their fine work on the emergency junior high school program which he and other Oregon educators have devised to relieve the severe elementary teacher shortage. Paul Lee, student body president, was introduced and after giving a brief sketch of the general work of the student council, he introduced the other council members. Paul was the newly-elected assembly chairman, he introduced the other council members, he introduced the newly-elected assembly members, he introduced the other council members, and then gave an outline of the assembly's plans for the coming term.

Assembly Chairman Previously in Navy

This is the third in a series of announcements that will appear in the Campbell Folks' Festival. The student body with their student council have planned an assembly for the coming Campbell Folks' Festival, which will be held on the Oregon College of Education campus on Saturday, February 14, at 2:00 p.m. The assembly chairman, Bob Maaske, will introduce the other council members.

Service Groups Are Working on Sweetheart Ball

Colleto Coeds and Wolf Knights are hard at work on plans for the annual Sweetheart Ball to be held in the OCE gymnasium on Saturday, February 14. This formal dance is one of the big events of the year, so members from both clubs are doing their utmost to make it a success. The theme for this dance is to be “Sweethearts of the Sea,” and when it will be revealed by decorations coming out of the theme. At intermission the Colleto and Wolf Knight “Sweethearts” will be announced. The two clubs will be taking different numbers, and one is sure to end up on the campus as their Sweetheart Ball dances. The two clubs are working hard to please their exceptional friends and leadership on the campus.

Dr. Maaske Explains New Special Degrees Plan

As part of last Wednesday’s honor recognition assembly, Dr. Robert J. Maaske, OCE president, explained the new cooperative joint degree program. Maaske explained that the OCE student body council will be transferred to one of the Oregon Colleges of Education for the senior year of cooperative professional preparation for the student’s elementary teaching degree. This is a five-year emergency plan only and will last until 1956. The assembly chairman, Bob Maaske, explained that the OCE degree alone was much better than the joint degree for elementary teaching and that superintendent had been granted the weekly movies, chapel gram, and other services for one.

Johnson Awarded Chemistry Prize

Peter Johnson has been awarded the chemistry achievement award as the outstanding student in general chemistry. He is a senior and major in chemistry and was granted the weekly movies, chapel gram, and other services for one.

Howell House Dwellers Fighting Flu and Golds

This last week the men residing at Howell House have been getting plenty of sick duty. Howard Sullivan has had the flu and Ruben Malie also caught a nice dose of the same ailment. Arnold Sittser has been feeling badly and Stud Studler has been suffering from a terrible case of channeled trichina.

Glen Schroeder, former house resident, has been training with the marines at Camp Del Mar near Oceanside, California. Vernon Hart, MacArthur in Southern California Corvallis and Doris Lane who spent ing at the same time, anyone who tries were served.

Cottage Girls Go Home To Celebrate Week-end

Aiming those spending the week-end away from the Cottage were Allie Dabrowski, who visited friends in Corvallis and Doris Lane who spent the week-end at home in Salem. Margie Ford was at her home in Springfield and Joan Montgomery went to her home in Newberg.

Mary Ann Hudson and Lucille Goyak entertained their sisters, Betty Lee Hudson and Katy Goyak over the week-end. Wednesday night they entertained Jeann Washburn from Salem.

A new course covering on the stairs has been added for protection against rainy weather.

Glenna Ayers Leaves Miller House for Term

The girls at Miller House have re­ceived word from Glenna Ayers that her husband, Bob, is going to be stationed with the navy in San Diego for the next month. Glenna has notified the registrar and the girls at Miller House that she is dropping from school this term.

Several of the girls at the house have heard from Trudy Williams. Her husband, John, who is a pri­vate first class and not a private, is planning to enter Officers’ Candid­ate School.

Both Glenna and Trudy are plan­ning to return to Miller House and to OCI spring term.

Dancer Instructs A Group of 160

Mary Ann Greene, well known folk dancer from San Francisco, took time out Monday evening to instruct a group of 160 OCI students and townspeople in an equally gay mood.

Since the small, dark-haired Miss Greene were red dancing boots and her petticoats, it was easy to see that she was anticipating a good time and it wasn’t before before the OCI students and townspeople were in very gay mood.

The first dance that she taught the group was a triple Schottische which was very popular. Everyone who got out of step would soon feel the effects.

Rita Haas was the name of the Euhorban dance which with its va­riety of steps and floor pattern ad­ded to the joyous spirit of the even­ting.

The Swedish Hambo was the most difficult of dances to master, but Miss Greene was very patient and taught both the boys and girls the steps separately. Everyone worked hard and finally developed his own particular variation of the dance. It was very interesting.

College Plans To Offer New Chemistry Course

At the last meeting of the state board a new program for the chem­istry course at OCI was approved. The present course consists of a 13-hour sequence primarily intended for lower division pre-professional students. Under the new program, which will begin next fall, there will be a concurrent sequence of a nine-hour general chemistry course.

This nine-hour sequence should be of special interest to students in teacher training who plan to minor in sciences as this course will satisfy the minor requirements of the mathematics and science depart­ment.

Students enrolled in the 12-hour sequence course will meet for one extra hour each week period while otherwise the program will be similar. The nine-hour se­quence will be more descriptive and non-technical as regards mathe­matical theory and should prove to be a good addition for future teach­ers interested in science.

Gymnasium Gets Two New Glass Backboards

The OCE gymnasium underwent a major renovation this past week with the erection of new glass backboards. The installation was in compliance with a conference rule.

The books of the new boards were removed to re-glue and to eliminate the contrast of the hoop with the single-light bracing behind. The consensus of opinion is that the new equipment calls for sharper shooting, and the ball will also relay the games provided by the material glass.

Basketball Statistics

This week's statistical rundown reveals that Howard Sullivan stole just one more than half of the total scoring with 20 points. In 18 regularly scheduled contests, Hal Pitcher has the leading average with 11.3 points scored per game.

The team as a whole won seven games with a whopping 11 for a 34.8 percent mark. Record to date: Right, five; wrong, 13.

OCE Will Sponsor Two Pre-School Play-off Games

The Polk county B league basketball tournament will be held in the OCE gym February 21 and 23. This double-elimination meet will determine the county championship and the top two teams will represent the area in the District No. 7 B finals. Competing for the district honors will be Falls City, Vale and Perham. Games will be played 8 and 9 p.m. on the above dates. If ties result, the teams involved will play a one-game preliminary to the OCE BOY GAME here on February 23.

The District 2-B tournament will also be held at OCE on March 8-10.

Intramural Standings

Arnold Arms 1 3 .33
Independents 1 4 .25
Varisty House 0 4 .00

WHO WILL WIN?

At the beginning of the season, it was felt that the race for intramural honors would be very tight indeed. So far this has been the case. The future still holds the secret of the winner. The Five Sicks who now lead the fall play Little East House this week. If the LEH quint wins, the race is tied up. The IVCF crew is assured of a win this week as they play the VCF team. If the LEH quint wins this week they will play the only other team who is an immediate contender. The Kipp boys will end up in a tie if the LEH quint loses other game and the other teams win all their games. In short, it is still a mighty tight race.

Intramural Schedule

Monday, Feb. 5: Little East House vs. VCF, 7:00; LEH vs. Vista Village 8:00.

Fridays, Feb. 9: Loggers vs. Arnold Arms, 4:00; IVCF vs. Varisty House 7:00.
