Spicer Will Sing Group Of Ballads

Hari Spicer, one of America's foremost ballad reciters, is scheduled to present a program of English and American ballads in the Campbell hall auditorium on Monday, March 7 at 7:11 a.m. This New York baritone has sung with symphony orchestras here and abroad.

Instead of serious talks on ballads, Mr. Spicer will give brief commendations on the various songs as an aid in an informal manner.

These traditional ballads are stories in song. They date back long before the alphabet and the invention of the printing press, when they were passed from singer to singer, and are considered one of the foundations of music and English literature. Their humor, directness, music and rhythm make a great influence on present day creative writing.

Mr. Spicer is a boy sang in a church choir, later studied music in London and New York. He has built his unusual collection of ballads as a hobby but it has turned into a full time career.

Primarv Grades View Marionette Show Given by Members of Puppet Class

Miss Claggett's puppet class presented a puppet show for the primary grades of the Monmouth and Palla City schools recently. Two plays were presented. One entitled "The Good Soldier," a poem by A. A. Milne, was about a nastar who was marooned on an island. He had many strange ideas and he couldn't decide which to do first—so he didn't do anything. He lay dead in the sun until he was rescued. "The King's Gold Tooth" is a play in which a king who laments his "bad" tooth and gets new one from the man who had made his old one and then throws away the old one.

NOTICE!

People who purchased services for the puppet show on February 8, 1951, must notify the faculty members involved of their wishes. The puppet show is scheduled to be performed on Monday, March 5, 1951, in the auditorium of Campbell hall when Dr. Holy will be introduced to the State legislature. There are 29 bills and two resolutions in this group of bills. These all include laws concerning teachers' sick leave, school buildings, administrative credentials, requirements, majors, elementary teachers, adoption of textbooks, distribution of school district funds, state purchase of school bases, and joint meetings of the state board of education and the state board of higher education. Dr. Holy is now working with the legislature preparing and organizing these various resolutions and proposed laws. Dr. Holy formerly worked at Ohio State university and gained considerable experience there concerning schools and school district problems. He plans to return to Ohio State university in April.

Painting Collection To Be Sent to England

Mrs. Claggett is sending a collection of children's paintings from the primary grades to be displayed in the Manchester Municipal school of art in England.

The children made up of representative paintings of the children, and showed the average child can do to express himself creatively without the help of a teacher. The paintings will be shown for the benefit of all those interested in the art side of the school. The children have been made for various re-

REACH FOR YOUR WALLET, MAC!

There are numerous means for making, or rather,
getting money on this campus. One can, at a price,
get money by the perspiration that seeps from above his eyelashes. That is doing it the hard way, but sure way. Then, there is the system of borrowing which is rather common via the Landor Loan Fund, and still another
type of loan which students may utilize if they choose to do so.

There is still another method of getting money, too. This method requires a convincing mind and roaming hands. The individuals who classify for this group are commonly known to belong to the "Wale Grabbers Society, International." As a general rule, mem-
bers of this society do not have to go to college to seek a higher education, because they have already matured a trade which should keep them occupied. Re-
cently, a number of our plastic-souled have been known to circulate hereabouts. This writer has been informed of several cases lately which merit some comment. In one case the grabber not only removed the shekels from the wallet, but confiscated the whole thing—draft card, etc.

Until this person gets out of circulation, it is suggested that men and women at OCE adopt a temporary motto—"Reach for your wallet, Mac."—S.T.S.

LONG RANGE PLANNING NEEDED

On behalf of myself and my close friends it seems necessary at this time for me to express an opinion on several campus events which have occurred during this school year.

The gradual increase of students seems to depend largely on the amount of planning and effort that is put forth. Citing two examples to emphasize my point further, let me mention the freshman Talent Show and the Polka Festival. The talent show with Doris Lane as chairman, was in my opinion poorly handled. It is this kind of credit is the people who work over our heads to make the success that it was. They were willing to give more than they will ever receive in return.

On the other hand, the Dads and Moms have come to OCE on two different week-ends as you know. This year marks the success of two needed changes which our chairman, Ray Godfrey and Ruth Turner, very ably did. The result was a Polka Festival that was an event of which every

student and every parent can be justly proud. More students took part this year and that was what the parents came to see—Just turner. What I have tried to say in the foregoing, transmagnifying statement is simply that past experience has shown and will continue to show that more careful planning and planning, both in large and small campus activities, will bring the students of OCE into a closer and more or- ganized fellowship.

Lutheran Students To Study Church Doctrine

The regular meeting of the Lutheran Student Association was held Tuesday at 7 p.m. Reverend Uler led the group in a Bible study. The group discussed the first 14 verses of the first chapter of Paul's letter to the Galatians.

Plans are being made for an overnight retreat at the coast to be held sometime in the Spring term.

The next meeting will be held on March 13. The discussion will concern the doctrines of the Lutheran church.

Inter-Varsity To Hold Election on March 12

An amendment to the constitution was enacted by a vote of the members present making the offices of publicity chairman and appointive positions rather than an elective office.

Nominees for an election to be held March 12 are listed. Nominations from the floor may be made before voting at the next meeting.

The group is very proud of their basketball team which played in the Intramural finals on Monday evening, February 5.

A great deal to do in the Todd hall. It has been discussed from Painted Alley to the Third floor and through those groups gathered in the halls to debate the causes. They have had: what are we going to wear for Easter?

The largest and most powerful group, headed by Gloria Logan with the slogan "Bunny Oregon," is advocating baby spring weather. Mary Heart is in favor of a "Happy Easter." "What is she going to wear her long suit. Some are praying for "frost" of snow. Miltie Danielson is the leader in this faction. Jo Rowen, Will Blumens, Jan Crenshaw and Meg Meckford as staunch backers. Still others are choosing their conservations by stating "Is Oregon anything can happen."

Verna Van is helping her Easter bunny costume. Patsy Turner is in favor of a dress. And Arlene V. Elshoff is in favor of a dress. And Arlene V. Elshoff is in favor of a dress. And Arlene V. Elshoff is in favor of a dress.

To Return Spring Term

The students of Miller house are finishing out the term in their usual gay style with parties and other interesting activities on the calendar. Typewriters as usual are left in their cases in out of the way corners until that day before the typewriter notebook or term paper is due. Then positive can be seen old midnight oil flaming and hear the typewriters going full speed.

Miller house will be glad to welcome some of the "Tandoitins" back to the fold when she returns to school for spring term. She plans to attend spring and summer sessions at OCE and to join her husband John again the first of September.

Juanita Roberts is recovering from her tonsil surgery and now goes to and from classes without the aid of her crutches.

The Broadway Clowns Amuse OCE Fans

The Broadway Clowns, a touring Negro troupe, gave a packed gymnasium a dancing display of vaudeville, basketball here Wednesday night. The Clowns—who are rated among the nation’s best—were at the height of their form, and shot their way into the hearts of the fans, as they mingled straight basketball with a good deal of humor to defeat a local aggregation.

The officials were on the receiving end of a good deal of the clowning and came out second best in the process. The colored quintet played a game of keep-away whenever they entered. John Chambers and Sam Ramsey, called for the ball, to the delight of the audience. The Colored boys went into pinching routines in the closing moments, lampooning both baseball and football.
