Oregon College is Residuary Legatee in Will of Grant Wolverton

Oregon College of Education has been named the residuary legatee to the will of the late Grant Grover Wolfer- ton of Portland, according to words received from Dr. Roben J. Mast free, president of OCE, from Elton Wolf-ton, Portland attorney.

The college has been designated as the recipient of the residuary estate of the late Grant G. Wolverton. The college received this designation by the will of the late Grant G. Wolverton, who was professor of science and literary studies at the college.

He had been a member of the college faculty for many years and had served as its president for a number of years. He was a graduate of the University of Oregon and had been a teacher and principal of schools for many years.

THINK BEFORE CASTING YOUR VOTE
Now is an important time of the year for students contemplating a institution next fall. What kind of student government will there be to govern the activities of the students? With coming elections, it is important for all of us to consider what kind of government we would like to have representing us next year.

Unfortunately, there will be many students who cast blind votes, with no thought whatsoever as to whom they are voting for persons who are, in some cases, inexpertly qualified or have the necessary characteristics which denote leadership. Friendship is many times blind, and this being so, many people will cast their votes either for personal qualifications other than being a good friend or buddy.

There will be those who will vote for persons whom they feel will do the most for them, personally. The students who abstain from voting are probably the same ones who always have a grudge against student officials. How can we blame poor student officers when the responsibility will most of the time lie with us voting students.

The vote that is cast by a student in the student body elections acts as his voice in student government. It is most important that this respect is given to the officers who pay this over our debts of several years through careful planning and budgeting.

The fraternity officers and a warm welcome are extended to these men on behalf of Theta Delta Phi.

Annual Conference
(Completed From Page One)

Dr. Adolph Schildknecht addressed the upper grade teachers and adminis-trators of the local school districts at the Monmouth College. Dr. Schildknecht's speech was one of the most interesting and informative of the conference held in the Monmouth High School auditorium, with George Wilke, Secretary of Education, in attendance.

Mrs. Natalie Cole discussed art and music for intermediate and primary classes. She also discussed the Portland Art Association's exhibit of UN art and described the UN art show which was held at the Monmouth High School auditorium.

The voting for the new directors was then held, and the new directors were elected as follows: Miss Ruth Halvorsen, Mrs. Mabel McKenzie, and Miss Emma Henkle, chairman of the Student Union.

The meeting was then adjourned, and the next meeting was set for May 28. The next meeting will be held in the Portland Art Association's exhibit of UN art and described the UN art show which was held at the Monmouth High School auditorium.

West House Women Entertain Visitors

Marvin Berry's mother from Provo, Utah, was visiting her daughter at West House.

Wilma Kelly celebrated her birthday this past week at her home near Astoria.

Thrilled receiver of a dozen beautiful red roses was Doris Johnson. They are on display in her room. Lawrence Anderson surprised Doris with a visit last week. He was on a leave from Maryland where he is stationed with the U.S. Navy.

All sorts of animals of various sizes and descriptions can be found resting at the house. In fact, no live creature is safe. The order caught under the bedflies by one of the girls will verify that.
