All Baba and the Forty Thieves will be presented in Campbell hall sometime in the near future. The play will be Friday, May 11, at 8 p.m. The play, which is under the direction of Olga Larnep, assays, and faculty advisors will be available on Friday, May 22, and return on Sunday, May 24.

The week-end serves mainly to connect with the freshest and to solve some of the problems to be solved next year and also will give the students a chance for recreation.

Mary Sehert represented Oregon College of Education in "Beauty on Campus" series in the magazine section of the Sunday Oregonian. A member of the sophomore class, Mary is enrolled in teacher training. She is also a member of Collecto Coeds, a dance group. The university house, and a member of Theta Delta Phi. She also is very active in sports.

Students Urged To Take Tests

College students are urged to apply immediately for the aptitude test which will serve as a means of determining draft deferments for students. The plan comes from E. P. Bruck, vice-president of the U.S. National Student Association, an organization which represents over 500,000 American college students. Mr. Bruck says he feels that many students are under the impression that the tests have been canceled or have been made meaningless by a Congressional amendment to the draft bill stating that local draft boards are not bound by the results of the tests in granting deferments.

"It was understood beforehand that the ultimate decision as to whether a student should or should not be drafted rests with his local draft board," Mr. Bruck said. The amendment does not in any way modify the original plans for the aptitude test he said.

Another blood bank will be set up in the OCE gymnasium on Thursday, May 10, between the hours of 2:00 and 6:00 p.m. A larger unit with more personnel has been promised as so as not to require the long wait of last time. The forms to be filled out before contributing blood are now in the student post office. After giving these forms they are to be placed in the box marked "Blood Bank" in the student post office.

One-half of the blood collected will be sent to Koren to help save American soldiers' lives. One-half of the blood collected will be kept in this area to help save your life in the event of an emergency or need, or the life of any resident of this area. By donating you can evaluate the value of your contribution.

The Delta Phi members are starting to set up the blood bank and to coordinating student action with this project. Blaine Spurling is chairman in charge of the committee.

Noelle Anderson is a sophomore who graduated from Millikin high school. She is a Collecto Coed, a dance group, and was a WAIA vice president last year.

Orchids To Present Annual Spring Recital

Orchids, will present its annual spring recital on the afternoon of May 11. The Orchids program will include interpretations of dances from other lands composed by Mrs. Knox and the members as well as those in modern dance. The program will be given for students on Monday evening, May 21. It is an opportunity for those interested to modern dance to see what the students on this campus doing and how they are able to express themselves, and entertainment through dance.

Council Retreat Will Be Held at Nelson

New old and student council members will be heading for Nelson on May 18 for the annual council retreat.

The joint 1950-51 council together with the new financial secretary, the new executive secretary and faculty advisors will leave on Friday, May 18, and return on Sunday, May 20.

Wednesday and Thursday found OCE students at the polls voting for their choices for secretary. This was the primary election to reduce the number of candidates to three for the five girls running for the office. Gloria Floyd, Peggy Scott, Kay Stimson, Mabel McKenzie, and McIntire were the candidates before the election. After the smoke cleared the three candidates left were Kay Smale, Elina Haggren and Mabel McKenzie.

The following paragraphs are devoted to brief sketches of these girls.

DON'T BE A SLACKER!

"There is no substitute for whole blood." This expression has been repeated over and over again in the past years, especially since the outbreak of the Korean war! It is a true statement. There is greater opportunity for us, who live in this sanctuary, to back up the men who are sacrificing their lives for us than do our part of the load.

Next Thursday, the bloodmobile will be here. If you can spare some of your blood, will you be there? Will you be a SLACKER? —S.T.S.

FAITH FOR A NEW DAY

"We in the West must rediscover our faith—the positive faith in the God of our fathers. Of all the tasks facing western education today, the greatest is how to bring faith back to the hearts of men," states Dr. Charles Malak, Lebanese ambassador to the United States and 1845 president of the U.N. Security Council.

Today's emphasis week on this campus has made a challenge to all students—that is, to rediscover faith.

These days we in college face terrific pressures—of forming a personal, self-determining faith, and abandoning or rebuilding of an inherited religion, of securing jobs, decisions of courtship and marriage, and having to face the tension and uncertainty of an era of wartime preparations. Almost every young man on the campus who has not been in the service is enlisting or awaiting his call into some branch of service. No one knows when he will ever get back to the campus. Many men never will. Could we feel this abnormal situation and likewise feel distressed?

This is not a very pretty picture; it makes the future rather black indeed. However, there is an answer. Today's student must discover a Being or Power outside of himself and greater than himself, in which he can resolve his doubts by a faith that inspires confidence and action.

Too long have we neglected the spiritual side of life—each person should take time out to examine himself before God.

Discovering a faith, though, is not enough. It must be made practical. In everyday campus living a place can be found to use religious faith. The Golden Rule can be used in the classroom, loyalty can be shown in participation in student government and other activities, and all of us can pledge ourselves to prepare in the best way possible to teach tomorrow's children.

Facility Members Have Articles in Journals

Oregon College of Education has recently been represented in several educational publications by contributions from faculty members.

The first appeared in the October, 1950, issue of The Research Quarterly, published by the American Association for Health, Physical Education, and Recreation. The article, "Status of Health Information in the United States," was written by Dr. H. Kent Parley.

A second article by Dr. Parley appeared in the February, 1951, issue of Educational Administration and Supervision. It is entitled "The Need for Supervision in the Elementary School."

The April, 1951, NEA Journal contains an article written by Dr. Robert J. Mauze, the title of which is "How To Set Up an Adult-Education Program in a Small Community," and is presented in the carrying out of this program.

The May, 1951, issue of Phi Delta Kappa, a journal for the promotion of higher education and leadership in education, featured an article by Ivan G. Parker. This article, "Quick-Check Device for Obstructive Diseases," appeared in Volume 15, Number 12, page 24.

Service Groups Have Annual Coastline Outing

On Sunday, April 28, around 8 a.m. 30 ambitious Collecto Coed and Staff and Key members disbanded into four cars and started on their way to the coast on their annual outing. The girls were armed with plenty of man-ripers and shorts and bailing suite in case they got a break and the sun decided to shine. The group met at Oceanlake and because the tide was too low for they decided to go to Nestucca beach.

Of course it was time to eat shortly after arriving at the beach and therefore blankets were spread and the picnic lunch started. In five minutes the sun decided to shine no longer and the rain began to fall, so the food was gathered and the blankets were tucked under free arms and the picnic lunch was eaten in the cars.

When lunch was over, the sun came out, and the girls spent the afternoon playing ball, hiking, picture taking, and just sitting in the sun trying for a deeper tan. One car of girls went back to Oceanlake and to Nesقوso for an hour in the "book store," the others stayed until late afternoon and then started theirired way home, but not without arming themselves with plenty of crust to eat on the way and to share with their less fortunate friends who could not spend the day at the coast.

The Staff and Key members, Mrs. Florence Hutchinson, and the Collecto Coed adviser, Mrs. R. B. Lawton, were along to see that things went smoothly, and to hold a helpful hand. It was greatly appreciated by all the girls.

McKenzie Makes The Final Elections

Congratulations to Mabel McKenzie for making the final election. Remember: "For some one able, vote for Mabel!" for secretary!

Several of the Miller House girls started a diet several weeks ago. It seems as if they don't have much will-power as the three of them and a head; or lettuce each day seem to be indispensable.

Letha Thomas and Jeannie Darby are really becoming lovely as they have signed contracts for next year. Letha will be at Mill City and Jeannie Darby will be at Emmanuel. Beth will teach in the intermediate grades.

Now both Sid Phillips has left the house, at least one lucky girl got mail at the house, did working for Astoria at present.

Trudy Williams reports that her husband John is now stationed at Quantico Virginia, where he is attending Officer of Candidate School. He will be commissioned a Lieuten­ ant the last of May.

Staff & Key Banquet
Given for New Girls

At 5 o'clock, last Thursday night, Staff and Key held a candle-light initiation ceremony for the new girls college and a former student at carnations are made of wood fibers supply to anyone interested in them.

Holdorf Threatens OCE Track Record

In a recent meet, Keith Holdorf hasn't set any new records for the year but he is coming very close to his old track record. Looking back through old varsity records show that the two-mile run record was set in 1911 by Martin Martens. Ten miles: 10 minutes, 25 seconds.

Field's Time 10:39:2. This is 1.8 seconds slower than the old record. This is one record that I feel should be shattered this year.

Another record still standing is the pole vault, set in 1941 by Glen Bogan at the height of 12 feet 8 inches. Other records that should stand for some time are in the 100-yard dash in 9.82 seconds; 220-yard dash in 23.32 seconds; high hurdles, 11.82 seconds; high jump, 6 feet 6 1/2 inches.
