Dynamics Meet Set June 27

The teacher's role in human relations will be the overall theme of a conference on human dynamics, sponsored by the Mental Health Association of Oregon, which will be held at Oregon College of Education on Monday, June 19.

A general session will be held in the auditorium, and two workshops will be held in the education laboratory, with a schedule somewhat as follows:

3:00 p.m. - Introduction by Louis Kaplan, director of summer session.

Kaplan Extends Student Welcome

"It is a real pleasure to welcome back the friends of former summers and the new friends who come to the campus for the first time. I hope you will enjoy the informal, stimulating atmosphere we have tried to create. Your suggestions of last summer have been given serious attention and you will find them incorporated in this summer's program.

As always, our faculty expects to learn from you as well as teach you. I hope you will feel free to outline the program to the faculty and make known to them your problems, pleasures and displeasures.

May I take this opportunity to extend a personal welcome to each of you. Many months have gone into the planning of the summer program. If you enjoy a happy and profitable summer, these efforts shall have been well spent.

Dr. LOUISE KAPLAN
Director of Summer Session

Off-Campus Housing

OC-campus housing advice and arrangements may be secured during registration on Monday, June 18, with Mrs. Melkon, or in the dean of women's office following registration.

Rooms and apartments are available in both downtown and independently for students and faculty.

Nursery Planned for Pre-School Children

Trouble finding someone to care for your children during the afternoon hours when you attend classes? Enough parents are interested, the services of a college girl, Ruth Ortna, who is living at Neil's Wood here in Monmouth, can be provided. Fees are nominal, and it is provided that parents will share the expenses.

A nursery program in the afternoon can be organized and one of the students will start this for the purpose. This nursery program applies only to those students who have children of the nursery school age. Further personal service than can be secured in the afternoon re-tard-pre-school is impossible for this nursery children at the local elementary school.

General Assembly

All students are requested to attend the first general assembly for the summer session, to be held at 11:30 a.m. on Tuesday, June 19, in Campbell hall auditorium. Eleven o'clock classes will be shortened to end at 11:30.

OCE Welcomes Summer Session Students

ROBEN J. MAASKE
President, OCE

Five Workshops Are Scheduled

For Summer Term

Following the suggestions from the students who attended school here last summer, five workshops will be offered this year.

From June 18 to July 31 two workshops will be in session. Miss Josephine Mitchell, supervisor of music, Bellflower, California, will head the workshop in music education. Workshop for primary teachers is being conducted by Dr. Hildegarde Bessey, head of the music department at Bowling Green State University, Ohio.

Starting July 16 and lasting until August 10 the workshops—the school and human relations workshop for intermediate and upper-grade teachers will be offered. This is headed by Robert P. De Haan, of the University of Chicago, and the latter headed by Dr. Ellis A. Hawkinson, Hope college, Holland, Michigan.

The above workshops will meet from 9:00 a.m. until noon, and from 1:00 to 4:00 p.m., Monday through Friday. Students may register for one workshop during each four-week period. Additional courses may be taken for the eight-week session, provided the total credit hour load does not exceed 12 hours.

For one four-week workshop take 36.01, which is to be taken for 3.14 credit hours. For two four-week workshops or a combination of workshops and an eight-week summer session.

Star Gazing Sponsored by Brown Foundation

The Brown Foundation is sponsoring an astronomy program with Oregon College of Education on June 19 and 20. A lecture-observation program to meet around this time has been chosen which will command an open view of southerly constellation. The telescope will be held over through Thursday and Friday. If the weather should be unfavorable, the telescope will be held over through Thursday in hopes that observation will not be interrupted.

All extra-credit evenings will be held last night, June 17, which started at 8:15 p.m. Other information concerning other observatory programs will be made available to those interested.

This is our city

Maaske Welcomes Summer Students

It is a real pleasure, on behalf of Oregon College of Education, to welcome you individually to a pleasant and profitable summer of study, fellowship and recreation.

We want you to experience all that summer session has to offer. We wish that this would be a profitable, as well as a memorable experience. We hope that you will enjoy the community that you have made here during the summer session. We wish you well.

Many of you are OCE Alumni, and we especially welcome you. Let us know if you have young children who require care while you attend classes.

If you enjoy teaching in the summer session are requested to arrive at the campus auditorium at 9:00 a.m. on Tuesday, June 19, in Campbell hall auditorium.

All students enrolled in supervised teaching in the summer session are asked to meet in the campus elementary school auditorium at 9:00 a.m. on Tuesday, June 19. Dr. Kaplan, director of the summer session, will meet in the auditorium. Additional arrangements may be secured during registration on Monday, June 18.

Mrs. McCarty is to head the workshop in music education. The children will register in Campbell auditorium on Monday, June 25. The arrangements of student teachers will be made possible work leading to the summer session. Mrs. McCarty is to head the workshop in music education. PROFESSION OF ELEMENTARY TEACHING

Years ago it was possible to become an elementary teacher through taking a normal training course in high school, on the assumption that an elementary teacher needed to know a little more than the pupils in grades one through eight.

Still later one year of college was thought to be adequate. Gradually a number of states required three years and then four years of preparation beyond high school as a prerequisite for a standard elementary teaching certificate.

The recent Oregon legislature passed a bill which requires four years of professional college preparation to secure a permanent elementary teaching certificate, starting July 1, 1955. Nineteen states and the District of Columbia already have this requirement and Oregon will move rapidly toward it.

The worth-of additional professional training is clearly evident and will make of elementary teaching the profession it really should be. Every teacher should be interested in these developments and in preparing himself or herself adequately for real professional service in our elementary schools in Oregon. Each of these succeeding steps has represented definite progress toward making teaching a real profession comparable to that of other professional groups requiring full four years of collegiate preparation.

To this end, OCE, along with the other colleges of education in Oregon, desires to assist students in their preparation for professional teaching. Our summer session affords rich opportunities for adding both to your professional equipment as a teacher and for wholesome recreation and association with fellow teachers preparing in the well-rounded preparation of a good teacher.

The OCE summer session will begin on Monday, June 25, and continue through August 17. The complete staff is one of the areas, and tables, diagrams, and graphs of plotting graphs are scattered profusely throughout the manual.

An unusual feature found in this book is the fact that the pages are printed on only one side, leaving the other for free calculations and note taking.

Mr. Post is assistant professor of science at Oregon College of Education.

Certification Help

Mrs. Mildred Burnham of the State Department of Education will be in the Physical Sciences, a manual by Art Post, has recently been published and will be used for the first time at Oregon College of Education during summer sessions.

This book edited the physical sciences into five areas-astronomy, chemistry, geology, physics, and biology-and has outlined the important aspects of each field. There are also sections that primary educators should be in conjunction with the areas, and tables, diagrams, and graphs of plotting graphs are scattered profusely throughout the manual.

An unusual feature found in this book is the fact that the pages are printed on only one side, leaving the other for free calculations and note taking.

Mr. Post is assistant professor of science at Oregon College of Education.

See Mrs. McCabe for Housing Information

Information concerning housing for summer school students may be obtained from Mrs. Cecil Bell McCabe, dean of women. Mrs. McCabe will be in her office in the Administration building after registration.

OCE Post-Session To Offer Two Workshops

Two sections of a workshop in elementary school teaching will be offered in the 1951 post-session workshop, Monday through Thursday in the Administration building, during the summer session. Sections will begin from: 9:00 a.m. to 12 noon or 12 noon to 3 p.m. daily, including two Saturdays.

Registration Fee

$13.00. This fee includes all costs of the workshop, meals, recreation, and transportation. It also includes a limited number of night camping, field trips, and trips to Dinner Theatre. It is limited to children with.......

This Week's Calendar

The activities for this week have been listed and it is hoped that everyone will take part in helping to make them a success. They started last night with a faculty meeting in room 117 of the Administration building, followed by a tea at Jordan-Potter hall. The informal telescope preview, sponsored by the Brown Physics club, was also held. Other activities for the week are as follows:

Monday, June 17
8:00 a.m. Summer school registration
9:00 a.m. Group singing
11:15 a.m. Special Assembly in CH auditorium
8:00 p.m. Chicago Philharmonic Quartet

Tuesday, June 18
8:30 a.m. Swimming at OCE pool
Tuesday, June 21
8:00 p.m. Square dancing, assisted by YOUCO DO club (family and friends)
Friday, June 25
Movie in CH auditorium
Saturday, June 26
Brownie in study in OCE's new library
Sunday, June 27
10:00 a.m. All churches of Independence area will hold a special service to welcome summer school students. Transportation may be provided. Independence residents are invited to attend.

Folder isle
New Library Rules

The new library building will be open to students during the school day but never in the evening. There have been a few slight changes in library hours and rules as follows:

Library Hours

The library will be open daily the first four days of each week from 8:00 a.m. through 5:00 p.m.

Audio-Visual Department

The audio-visual department will be open only during the school day but never in the evening. Quiet study Room Rules

The quiet study room is the small study room in the main entrance of the Administration building. Please do not use this room if it is full. Leave it free for the students on the campus who really want to study.

Children's Literature and Elementary School Library Classroom

This room will be kept locked. Oregon history students must apply to enter this room.

DARD, ELLA A. HAWKINSON
Internship Upper Grade Workshop

Dr. Ella A. Hawkinson of Oakland, Calif., whose experience in education ranges from college to instructor through head of a college department of social studies during nearly 40 years in the profession, will be the director of the OCE summer workshop. She will deal with modern methods of teaching social studies.

There isn't much difference between a girl and a car. You can use a paint job to cover up the age, but the lines tell the story.
Children’s Recreation Program Planned

An extensive recreational program has been planned for the afternoons at the Monmouth Elementary School which will be entirely separate from the regular morning school. Activities have been planned for children of all ages between the hours of 12:30 and 4:30 each afternoon.

Something new has been added in that there will also be a “snacker hour.” This will extend from the time children finish their supper until dark, the idea being to keep the children off the streets. There will be tournaments and other competitive sports which will be interesting to the children.

Sites have been planned for the summer, two of which are overnight. The first trip is to Campion Park on June 29, with trips to Homestead and Skaller Creek Falls to follow. The overnight trips will be to Shortland Beach and Rocka Park.

BESIDES ALL THIS THERE WILL BE ACTIVITIES FOR PRIMARY CHILDREN SUCH AS SINGING, STORY HOURS, RHYTHMIC ACTIVITIES, AND ALL Kinds OF CRAFTS—LEATHER TOOLS, METAL TOOLING, CLAY MODELING, BASKET WEAVING, AND A GREAT Deal OF PAPER-MAICHE WORK. THERE WILL ALSO BE REGULAR PAPER-MAICHE ACTIVITIES IN WHICH THEY CAN PARTICIPATE.

Intermediate and upper grade children will be given a chance to continue their hobbies, and lessons will be given in woodwork, water colors, and oil painting. There will be softball, basketball, volleyball, archery, tinkerball, and horsemen, besides the regular paper-mache activities in which they may take part.

There will be swimming for boys on Mondays in the fenced pool, and for boys and girls on Tuesdays. All the older children will be given simple instructions in lifesaving and first-aid.

Mr. Ralph T. Carter of the OCE elementary school faculty is in charge of the program this year. Other members of the staff will include Mrs. Bonnie Vaughn and Mrs. Janet Cogdell, who will be concerned primarily with activities for the younger people, and Mr. Raymond Smith and Mr. Bill Mischel, who will head the athletics and crafts phase of the program.

FIVE WEEKS TO SLAID

(Continued from Page One)

The workshop will be held during the five week course (not to exceed 12 hours), the fee is $50.00. Advance enrollment for the workshops will be limited, all students should plan to call for their reservations, however, we can make up Registration Day (June 18 or July 10). Reservations not claimed by noon may be given to others in the afternoon. Vacancies are still open for the workshops beginning July 18 to August 15. Advance registrations will be accepted even at the time of the opening of the summer session.

A post-session in methods of teaching handicapped children is being offered this summer from August 18 to 31. Section I is limited to persons with a degree from an accredited college or university. This post-session will require a separate registration on August 18, the fee for which is $15.00. Reservations should be made in advance and a $10.00 deposit fee is required. Please indicate in which section you will be taking.

NEW PROFES TO ASSIST

(Continued from Page One)

Dr. V. M. Queneor, and Dr. Seymour Loydsky Miss Hyber, a social science teacher at Hamilton junior high school in Seattle, Washington, will teach Geography of Oregon, Geography I and II and Geography of Asia. Dr. V. M. Queneor, chairman of the social science division at Marysville college in Tennessee, will teach American History and Government I and II. Miss Loydsky of Iowa City, Iowa, will teach History of Western Civilization I, II, and III and Sociology III.

Miss R. Louise Scott, speech therapist for the San Marino public schools in South Pasadena, Calif., will teach Speech Correction, Basic Practices and Techniques, Clinical Correction of Speech Defects and Disorders, Speech for Classroom Teachers, and Oregon History.

The visiting superintendents will be Miss Ruth A. Groshen, Council Bluffs, Iowa, in the first grade, plus advanced primary education; Miss Lilla E. Witham, Portland, in the second grade plus consultant in the primary workshop; Mrs. Clara J. Roper, Portland, in the second grade, plus supervision of teaching; Dr. Martha T. Hoching, Salem, in the primary school, plus pre-primary education; Miss Julia M. Brown, Portland, in the first grade, plus Introduction to Illustration; Miss Lilla C. Lil, Milwaukee, Illinois, in the second and third grades.

New Library Rules

(Continued from Page Three)

 ply at desk.

Oregon History students will take their books or signed notebooks into this room.

Conference Room

This room is for the use of students. No rules will be made for use of this room unless you make it necessary.

Book Shelf—For Staff Use Only!

You will know that you are in the book shelf when you are seated for the lunch of the faculty. This color will tell you that you are not to use these books except in emergencies. The only emergency now is fire.

There will be much traffic on the stairway between this room and the main office, it is the only stairs for use of the library staff. Please help us to keep this area clean. We need to go down many times hourly to secure magazines for your use.

General New Rules for the Library

Do not bring ink bottles into the library. We do not want to mar our new furniture.

Do not lean on the glass exhibit cases.

Do not place on the cart catalog, drawings on top of the card catalog.

We have provided sliding drawers and a consultation table for this purpose.

Do not engage in unnecessary conversation with the girls at the loan desk.

Add the courses you have taken lately and have recent references included. This may save you time and inconvenience at some later date and will facilitate our services to you. — Mrs. Minnie Andrews, placement director.
