Web Tools in Education

**Powtoons**
Powtoons is a great web tool to use because it’s a simple and effective way of having a creative presentation.

**Prezi**
Prezi is a unique tool that allows you to create a presentation through a zoom in and zoom out feature that allows you to create a cool designed format.

**Voicethread**
This is a tool that is used for individuals to share a presentation with allowing for further comments and input of ideas to discuss a topic or ideas.

**Student Health 101**
The Health 101 magazine lets students view articles about sustaining a healthy lifestyle throughout their college years.

**Google Sites**
This was a cool web tool that taught the individual how to create a website. It’s a very simple tool to use.

**Slideshare**
This tool allowed the user to create a video dialogue to your presentation. Also allowing for your powerpoint to be displayed a lot easier.
