Art of Japanese Children Shown

Of interest to all grade and art teachers here this summer is an exhibit of art work of Japanese elementary school children, which is on display in the old library of Campbell hall. The display is the result of an exchange project carried on by Irene Q. Buckley, department head at Southern Idaho College of Education at Albion, Idaho, and T. Nakagawa, head of the training school of Tokyo Gakugei university in Japan.

The work is done in various media—tempera, water color and crayon—and illustrates the daily activities of the Japanese boys and girls of the primary grades.

Also being shown are examples of the daily cut work of primary children of the Southern Idaho training school. All of the work is free creative expression of children's activities, illustrations of stories, poems and scenes of daily life.

The exhibit is open to all who are interested in children's art.

Music, Primary Ed. Workshops Close

Primarily for experienced teachers, these workshops reported a very successful session.
Costumes, Dancing Exibited by Ernestis

Mr. and Mrs. Roger Ernesti from the state of Washington, presented a group of Indian dances at Oregon College of Education on July 12. Two performances were given, with the first being at 11 a.m. in Camp­bell hall auditorium. This was adapted especially for the children, but was interesting to adults as well. Besides dancing, Mr. and Mrs. Ernesti described customs of various Indian tribes in the coast and plains areas. They were dressed in authentic Indian costumes, which they also described, explaining what materials were used in making them, and how they were put together.

In the evening, at 8:30 another performance was presented in front of the physical education building. Again, explanations were included. The dancing was extremely impressive, and was witnessed by a large number of people.

The costumes and some of the props used in the dances were placed on display all day Friday, July 13, in the dance room of the P.E. building.

Murray-Spaulding Concert Is Enjoyed

The concert presented by Mrs. Josephine A. Spaulding and Mrs. Denise Murray on Tuesday, July 10, in the Campbell hall auditorium was enjoyed by an appreciative audience. A well-rounded program in every sense of the word, Mrs. Spaulding's numbers were presented in such a way as to represent different periods of music. She began with Handel, after which she sang an Italian number, a group of art songs by Brahms, and she finished with several modern compositions.

Mrs. Spaulding's beautiful soprano voice and artistic interpretations gave all the numbers an appealing charm. She very graciously responded to an encore request by her audience. Mrs. Schramm, her accom­panist, deserves recognition for her part in the program.

Missionary from China Entertains at IVCF

Mrs. Riffle, a missionary returned from China, was the speaker for IVCF at its meeting on Monday evening, July 9. She told of college work and the influence communism has on the lives of students. One day a week students must parade, advocating communism and the instructors must lecture publicly on some subject as a means of propa­ganda. Each student is required to take a course in government, taught by a communist, every term. Although freedom of education is not permitted, each student is anxious to finish his schooling so he might go abroad for study.

Miss Riffle had many more interesting experiences to tell of her work under communist domination. Watch for announcements of next week's program, which will appear on the bulletin boards. Meetings are held weekly on Mondays starting at 7:00 p.m.

TODD HALL NEWS

Hermania Zipple, a former resident of Jessica Todd hall, visited this past week with Esther Mason and acquaintances in the dorm. Miss Zipple attended school and worked in Todd hall while Miss Jessica Todd was in charge of dormitories. Miss Zipple is now teaching home economics in a middle western university.

Last Friday saw the end of summer school for a number of students on campus. Among those departing from Jessica Todd hall are: Laina Puusti, Maybelle Velde, Frances Cook, Vivian Stratton, and Ilma Paronen.

On July 11 a group of people from Todd hall enjoyed a picnic at Dallas. The picnic was sponsored by the Oregon State Employee's Association.

Dorothea Reymer and Helen Smith spent the week-end at their homes in Vancouver, Washington.

Members of Delta Kappa Gamma, national honorary society for women educators, met together at Jessica Todd hall on Thursday, July 10, for a luncheon meeting. Several faculty members and students of OCE were present for the meeting. The students and faculty members who attended the luncheon were: Lois Reynolds, Maybelle Velde, Gladys Durrand, Verniece Goodman, Elda Fletcher, Florence Weston, Gladys Goben, Betty Curdils, Laura Redmond, Mrs. Oma Belle McBee, Miss Emma Henkle, Mrs. Pearl Heath, Mrs. Denise Murray, Miss Henrietta Wolfer, and Lois Lilly. The state president of Delta Kappa Gamma, Melissa Martin, was also present at the meeting from Corvallis, bringing with her a friend, Miss Jordan.

Hilie Tykeson spent last week-end fishing at East Lake and at Paulina Lake. She was able to bring back some very interesting rock formations along the lake shore.

Members of Miss Romberg's primary workshop honored her with a tea on Friday afternoon at Jessica Todd hall. The class also presented her with a lovely gift of myrtlewood.

Charleen Dahlin was honored this week-end with a bridal shower at her home in Bend. Miss Dahlin is to be married August 19, to Ted Mo-
Seventh Win Chalked Up by Softball Team

Behind the errorless support of his team mates, Art Sperber hurled his fourth win as the Collegians downed the Teamster’s Union softball team on Sunday, July 8, at Monmouth.

In the afternoon game, played in perfect weather, the Teamsters, who play in Salem’s city league, scored the first run, then were scored against in the first inning of the light ball game. The Salem team scored again in each of the third and fourth innings. Then the Collegians brought in one more to make the score 3-2.

The visitors scored two more runs in the fifth and held the Collegians scoreless, although many were left on, until the seventh. In a scoring spree typical of the Collegians last inning style, OCE scored four quick runs after two were out to upset the Teamster’s Union 6-5.

This marked the seventh win for the Collegians against no defeats. While two of these were won away from home, the other five were played at OCE. Marvin Turner, Stan Spurling, Harry Walters and Don Kipp split the umpiring duties, beside playing.

Collegians Need Help

Between 15 and 25 fellow students of OCE are asking this question—“Who’ll be a good sport?” The Collegian softball team would like a good sport and umpire to volunteer his services for a couple of home games which will be definitely scheduled later.

We need a good umpire who is interested in this “ unquestionably” good job. Notify either George Turner or Art Sperber if you could help us out.

No pay, but good fun!

Films To Be Previewed

The following films will be available for previewing at the OCE Instructional Materials Center in the basement of the library on Wednesday, July 18, from 1 to 3 p.m.: Japan, An Industrial Lakeport, Problem Drinkers, Silver Harvest, John Greenleaf Whittier and Greatest Good.

If you wish to see any of the films listed above, be sure to schedule them by Tuesday noon, July 17, at the Instructional Materials Center.
