Dear Brothers it is with pleasure
that I embrace the present opportunity
of telling you that we are all well at
present. It is impossible for one to write
a long letter we are getting ourselves
into trouble out here in Oregon. The
Indians have broken out up north of
the Columbia river, we met today at
the County seat to raise volunteers
to fight them. They have also broken
out South Murdered 20 families an
Rouges river. Drive 500 miles South of
us, I volunteered and expect to return
day after tomorrow. (I have the office
of 2nd sergeant.) My object in writing
this letter was to tell you to make a
note to Father of that land I let him
have. I want you to sell that small
piece of land belonging to me and
my husband and send it to Father
if I am not at home, if I should
never get back all I have is to go to
Father and sisters. Otherwise order
I shall write home every chance
which will not be many times
I shall now come to a close by
asking your prayers for my safety
