WHAT HAVE YOU DONE WITH YOUR TIME?

With final examinations coming along next week, you will be given an opportunity to see how well you have spent your time—time which is irreplaceable.

The next week may find you remaining up late in an attempt to learn what you should have mastered. Perhaps that won't be necessary. Perhaps you have spent your time in such a way that your work will be received satisfactorily by the teachers. That is fine. But if this is true and self-satisfaction is not present, you have accomplished very little.

There is something fine in knowing you have done your best. Can you honestly say you have?

ABOUT THE BASIC SCHOOL MEASURE

The fact that the state Basic School Support Fund initiative measure, more commonly called the Basic School Bill, was passed in the recent election should be of primary importance to the students of OCE. To many people it only means that teachers' salaries in Oregon may be raised; but to those who have studied the measure, it means that educational opportunities for children who will be more nearly equalized throughout the state will be

Though it will be the job of the state legislators to determine exactly how the money shall be distributed, it is the responsibility of every student to be familiar with the measure. These students will be more nearly equalized

The buses on campus received a letter from Wayne Winners who is a Presbyterian. It says that there are four other OCE graduates there and that they all are doing very well and there is one another. The others are:-Annie Green, '60; Nellie Meeker, '56; Ruby Rode, worked in the Boro, and Helen Price each wore white.

Orchids held a high standard in corsages. Mary Pike and Doris Ansley were two of the lucky recipients of orchids.

Nurse, Newcomer To OCE Campus

One of the best known personalities on the OCE campus is a young woman who is familiar to many of the students for her friendly service. Mrs. Santee, who has been a nurse, is available at any time for medical aid or assistance. This brings in one-and-twenty, through a newcomer to the campus this fall, who is a member of the Phi Beta Kappa of Monmouth and foreign and familiar addition to the college.

At the present time Mrs. Joan is living in a small apartment which is the home of the third year student and her three-year-old son. Mr. Santee is in the Bend hospital while her husband was overseas. To be a nurse has always been her ambition and she was constantly given encouragement by her mother and father and other relatives and friends in her line of work. When asked about her work, she said her husband's three-facinating work. She knows it is hard work, but it is interesting enough to

Volleyball Tourney Ends Fall Season

The WAA volleyball season terminated with two single elimination tournaments. The inter-bone tournament was played November 29 and 21 between teams from Jesuit Todd Hall third floor, Maz- 

dance and Painted Alley, Martin Petouch, captain; Second bone back, Mildred Wilson, captain. The fourth team was a group of Independents with Jeanne Mat- 

son as captain. The Independent team was the vector over Second floor back. Foll- 

lowing the example of their cap- 

tain, the Independent players worked together and did some 

very good spiking. The compe- 
tition was keen, however, and 

both teams made a good showing. The inter-class tournament, played December 4 and 5, was participated in by three teams: Freshmen, Vets' Village, cap- 

tain; and the combination junior and senior team with Peg Brin- 

nall as its captain. The first 

final was between the freshmen and 

sophomores team and it was a 

close game all the way. At the 

end the sophomores were in 

the lead by 3-2. They man- 

aged to increase this margin to 

a final score of 25-3 in their 

favor. The brilliant "kills" and 

the co-operation of all the players 

on both teams made it an inter- 

esting game to watch. 

These games closed a very suc- 

cessful season. There was always a 

good turn-out and splendid co- 

operation, both from the players 

and the adviser, Mrs. Ruth Lau- 

tenreih.
